Advance to the next level. **Rise** to the challenge. **Create** strategy. **Play** Hard.

Kennedy High students have accepted the challenge to enter the new millennium and breathe life into the new technology program. We have **advanced** into new environments around our school. **Diversity** is plentiful as we welcome new administrators, new rules, and new faces. "I have noticed at this school that there is always something going on, whether it's after school, weekdays, weeknights; the school is in constant **motion**," Ms. Chin, our new Assistant Principal stated. Indeed the school is constantly moving, we have all been given four chances to roll the Titan Dice and make it around that big game board we call education. We will **collect** knowledge that will help us move along the board to the next challenge we will face.

In due time, we will all play a new game and **go** with the Titan **legacy** into new fields of work, representing in all aspects of their lives what it means to be a Titan. We will take the honor of being a Titan and keep the **community** chest strong. "Kennedy is a structure you try to **work** with and that gives rewards that are greater than others," Coach Mike said. "We need to look forward and keep the community our strength up, because that is what will save us and keep us going." It is our **talented** students that make up each **unique** game piece. "We are fighters, always have and always will," Coach Mike explained. And it is our fighting **attitudes** that will be the means in which Kennedy High School will

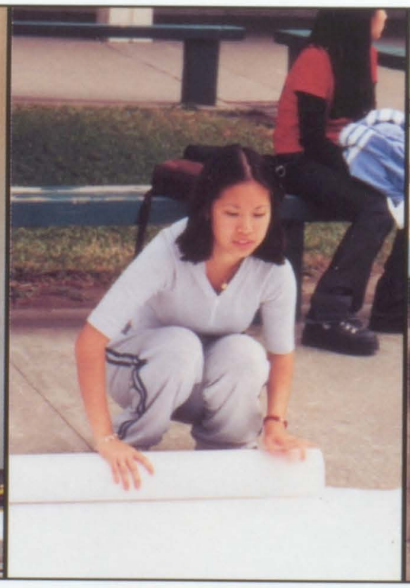
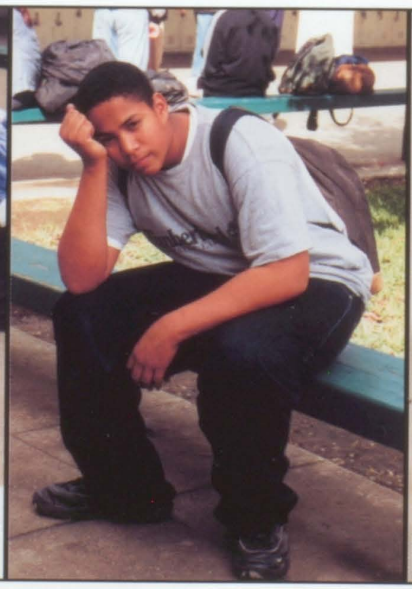
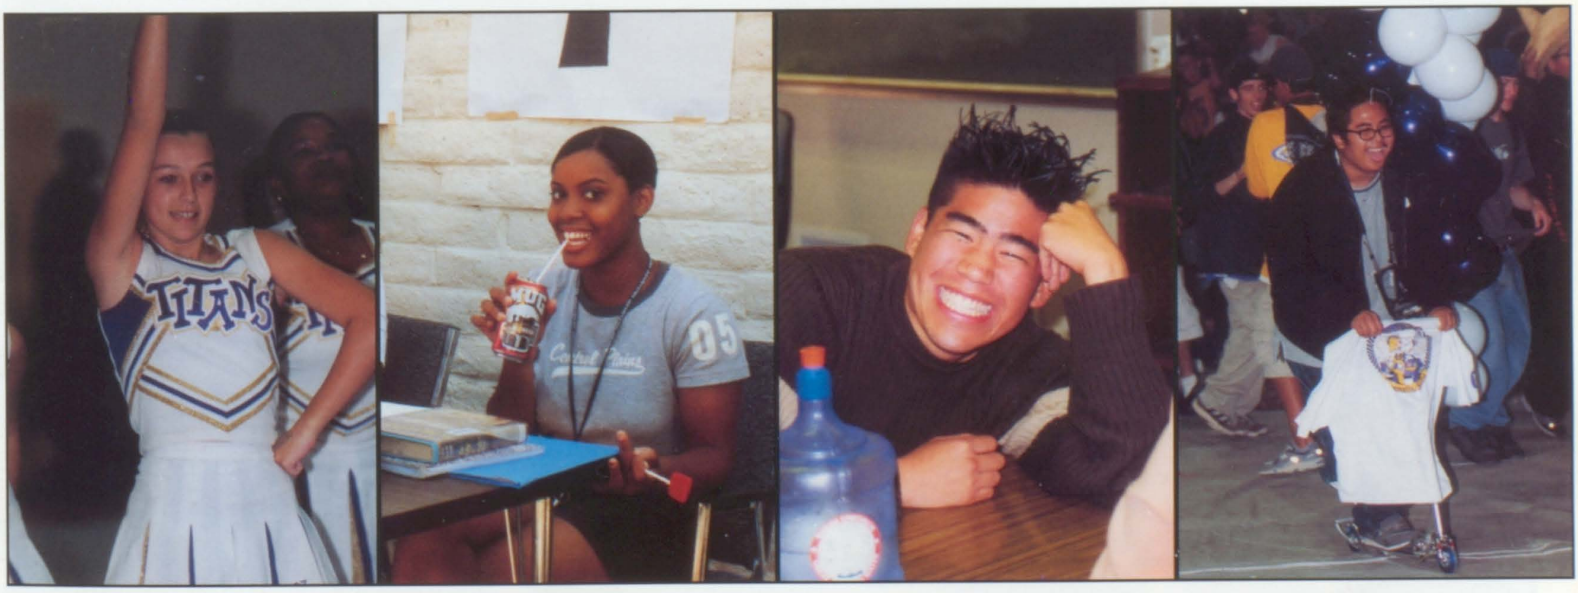
playing the game





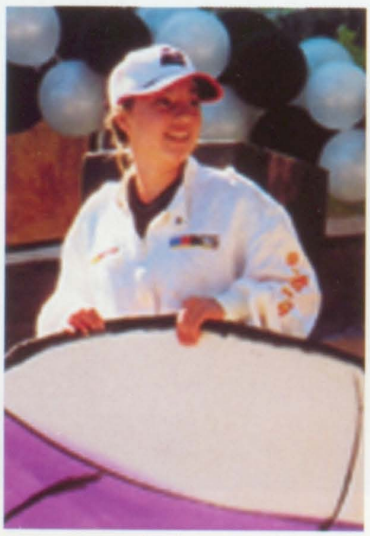
The eyes, the ears, the mouths, the students; they are the ones who create and play the game of life at John F. Kennedy High School. "I think we're really involved in school spirit. We have a lot of school activities that get the students involved. This is what our school excels in," stated Mayon Sespene (02). Day by day, students strive to live their lives to the fullest, yet it seems difficult because of the different pieces of the puzzle that they try to combine, but don't fit together as one. Rolling the dice on a game board, anxiously waiting to see what number will appear, is practically the same as the day that everyone waits for the winners of spirit week or the results of the homecoming king and queen. "It was almost overwhelming, with all the energy and sense of community that was brought throughout the rally. It was then you knew you were a Titan," said Laura Wheeloch (03). The transition from after school activities, to doing chores at home, even for those who work after school, and knowing that they to come home tired and having a pile of homework to be finished can be very complicated at times, but the students here at Kennedy always have a way of pulling through at the very most difficult times of their lives. As time has passed, different obstacles have faced the students of Kennedy High School. Whether it was an embarrassing moment that the students have faced, those are the memories that will never be forgotten. As this year concludes, we all end up as the winners of our game whether or not we have lost or won some challenges throughout this year.



Senior SpeedWay

Sarah Ramos (01), Azalea Catro(01), Felicia Tan (01), and Kristin Quebec (01) lead the Senior walk-in like a gust of wind as they represent their Senior class.

Can your pants get any higher? Sumant Chakravarthy(01) gives his pants a little tug while Felicia Tan (01) looks for suspenders.

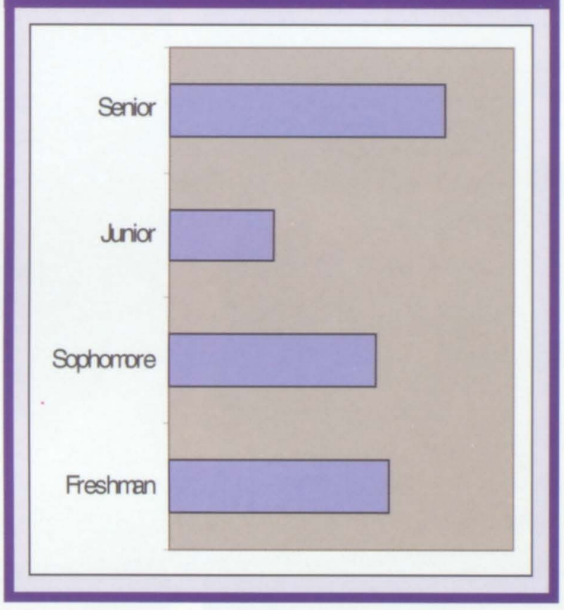


Vroom-Vroom! Hana Rosenberg(01) drives around looking for gas. But not that kind of gas, Ah He He!!

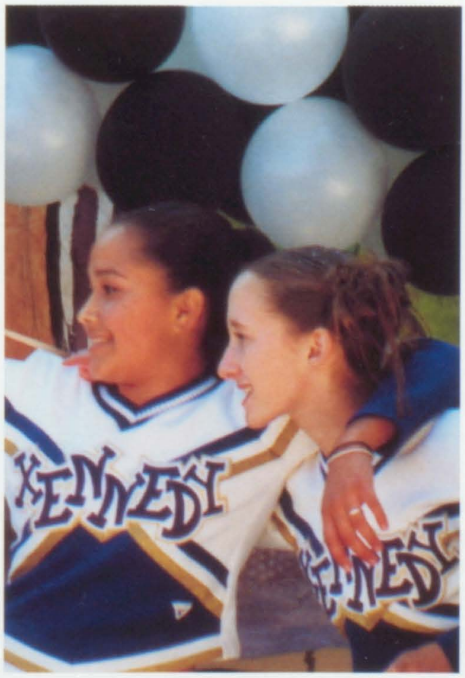
Born to be wild and heading on the highway the Senior Racing Team pumped up the crowd with never ending cheers in the amphitheater : S-E-N-I-O-R-S we are the Seniors and we are the best! The roar of the seniors were heard throughout the crowd as they showed the underclass men who's the boss. "Yeah we want to be a role model for the underclass men. We learned from the Seniors while we were Freshmen and we want the Freshmen to learn from us." stated Anjel Hernandez (01). For the past three years the Senior class of 2001 placed consecutively in third place, but being the last year for the class of 2001, they proved their reputation wrong and triumphed over their glorious victory . It all started with the hard work, dedication, and participation of the fellow students. Being the last year of Spirit Week there was a dramatic change."There was more communication compared to the other years, but I think this year we are going to win definitely." Quoted Zinnia Sandoval (01). Waiting so long for this moment, in the end it was all worthwhile. They cried, they laughed, and bonded into a family.

After the spectacular Senior performance, Andrew Palma (01) along with his friends Ed Malimban (01), Shaq Ansari (01), and Alex Valdez (01) stop to pose for the camera after surprising the crowd with a go-cart.

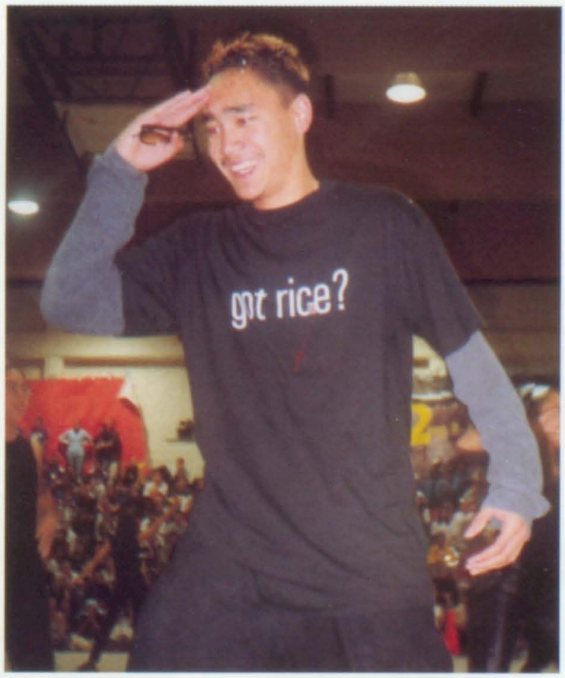
Which Spirit Week was your favorite?



On your mark get set go! Newark Cougar, Charlene Fleming (01) gets ready to race against the mighty Titans.



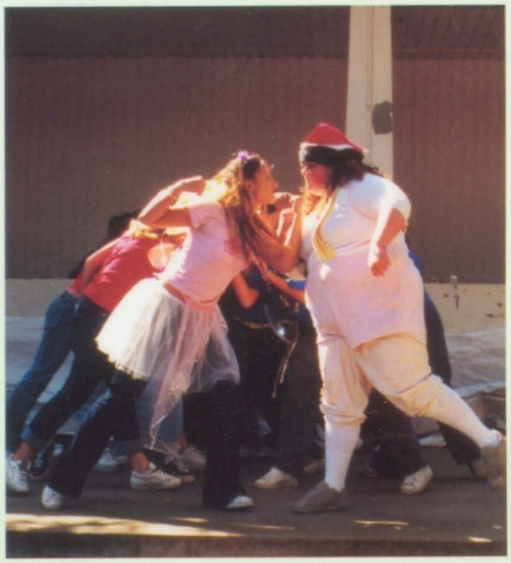
Sarah Ramos (01) and Janis Vieto (01) play the ditzy cheerleaders in the Senior skit. Oh man, where's that darn drivers' manual?



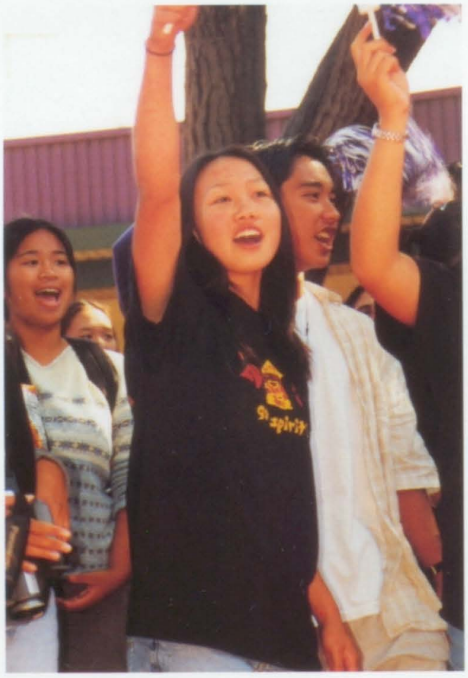
Matt Cruzada (01) looks for adventure during the Senior dance as he gets his groove on.

Where did her pom-pom go? Don't worry, Jackie Shibata (02) can still show a lot of spirit along with Blanche Santos (02) and Andrea Abejuela (02) as they cheer for their class.

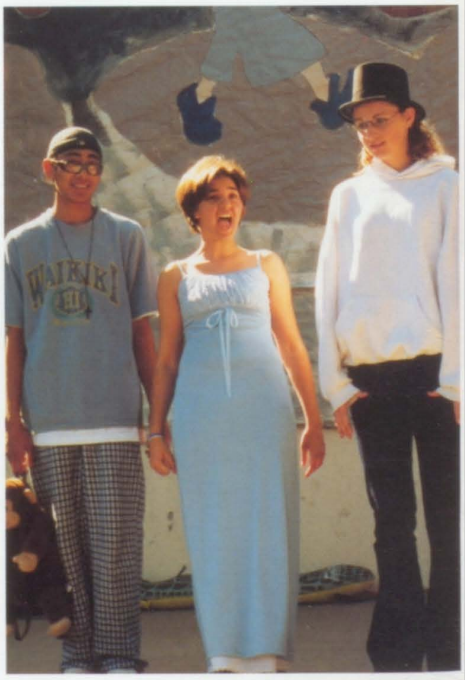
What was your favorite part of the skit?



"Is the rally going to start yet?" Here is the Junior class anxiously waiting for the Homecoming Rally to begin.



She's got spirit yes she does! Rachel Lo (02) shouts out for her class during the rally in the ampitheatre.



"Ahh!", exclaimed Connie Cavallas (02) and with Mark Cruzada (02), and Allison MacDonald (02). Peter Pan's friends wait to see whether or not their Pixie Dust will save the day!

Never Never Land

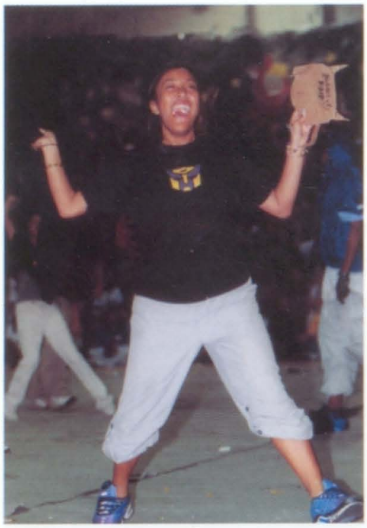
"Watch out, coming through, we're the class of 02!!!" The dedicated Juniors shout their lungs out to cheer for their class. "I think we did good, but I think we could have done better if we had more class participation." said Jamie Rojo (02). The Juniors in Never Never Land had all the freedom they could want and so much more until the devious Captain Hook took their freedom away, by capturing Peter Pan's Spirit Shadow and Fairy Dust. Without this, Peter would wearily grow old and be less energetic in life. Luckily the Titan Bells including Michael, Wendy, and John conjured up a plan to get the Spirit Shadow and Fairy Dust back. Captain Hook and his evil sidekick Smee laughed and said good riddens to the Juniors. Suddenly, John pulled down Captain Hook's pants! Looking completely foolish, Captain Hook let go of Peter's Spirit Shadow and Fairy Dust. Fortunately, Wendy caught them and handed Peter's Spirit Shadow over to Athena Kolze(02) who re-hooked it to Peter's shoes. Peter who had woken up as if he were in a dream, surprisingly jumped up full of energy. The Juniors did a dance that summoned the alligator, which chased Captain Hook away. "May the Spirit Shadow stay with us forever!" exclaimed Peter Pan. "Unity is the best part about Spirit Week;having everyone work together to accomplish our goals."said Rachel Lo. Spirit Week is a special event that unites the student body together to form one.

"Arrrgh"...Blanche Santos(02) toughens up as she prepares to battle against the Kennedy Juniors.

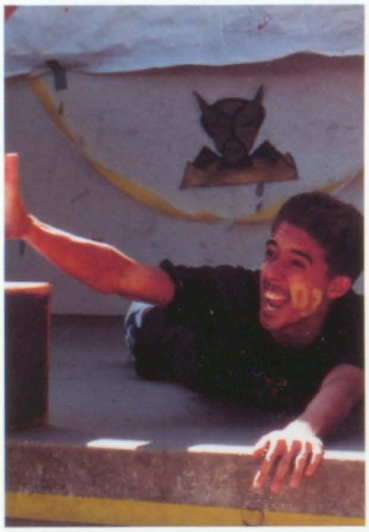
Have you ever seen a real fairy? Well take a look at this...here's Daneilla Serpa (02), showing us her fairy magic.

"Hey what's my line again?" Derek Tran (02) and Hemant Khatr (02) are hard at work trying to memorize their lines for their skit.

TranceSophFormers



What's so funny? Michelle Fernandez (03) smiles throughout her performance during the Homecoming Rally for her class.



Help! Joshua Baker (03) cries out to the crowd after his fall to the ground in the Spirit Week skit. Josh is always looking for a good laugh.

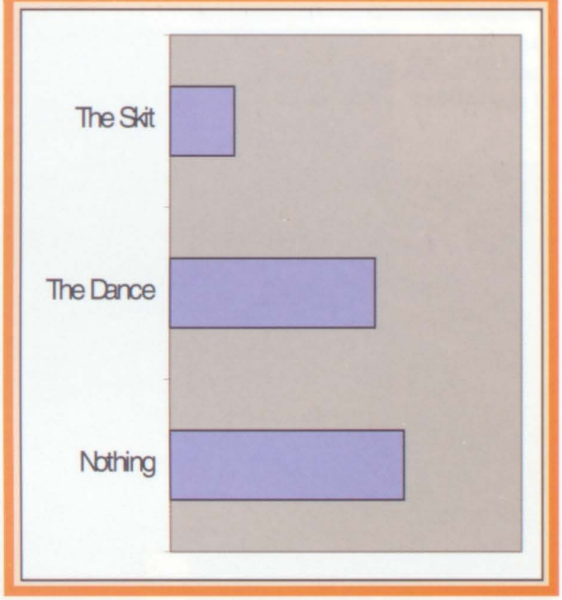
What's that? Genna Ponoringan (03) looks to her fellow classmate to see if she has her dance moves right. You could never be too prepared.

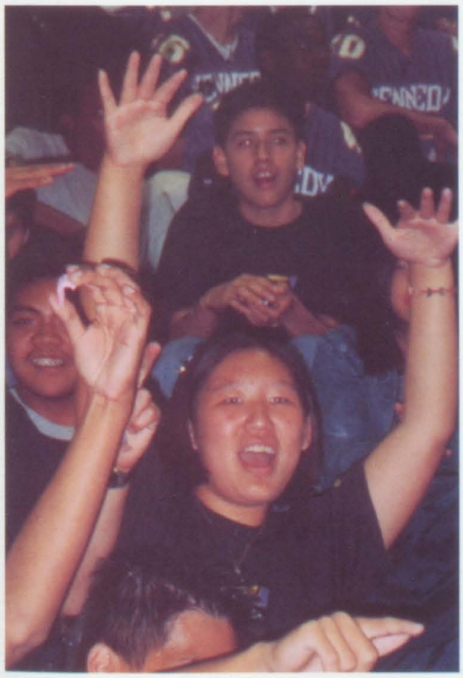
The screams from the TranceSophformers got louder, their Titan pride got stronger. The Sophomore Class of 2003 took third place in this years Spirit Week. Their hard work and dedication allowed them another shot at Spirit Week.

The TranceSophformers started this years Spirit Week carrying high spirits and great attitudes. They proved to all the other classes that they were winners. This years Spirit Week was not an easy thing but with their hard work they pulled it off. They entered the week with a lot of excitement and eagerness. The class officers were proud of the enthusiasm and devotion that they saw from their fellow classmates during Spirit Week. "The students are trying their best to do a great job, when I need some help I know I can turn to my classmates," said Cara Cuison the Sophomore President. The Class of 2003 let their imaginations expand for their skit, dance, and rally. The TranceSophformers were on an adventure to find a powerful crystal that would bring them immortality. They surprisingly found out that the Newark Cougars were looking for that same crystal. As the search went on, the Cougars managed to find it first, but with the hard hits from the TranceSophormers they won the battle and got the crystal.

Tadah!! With lots of energy for their class, this Sophomore group holds their hands up high to show their spirit. They always try hard to put on a great performance.

What part of Spirit Week would you have changed?

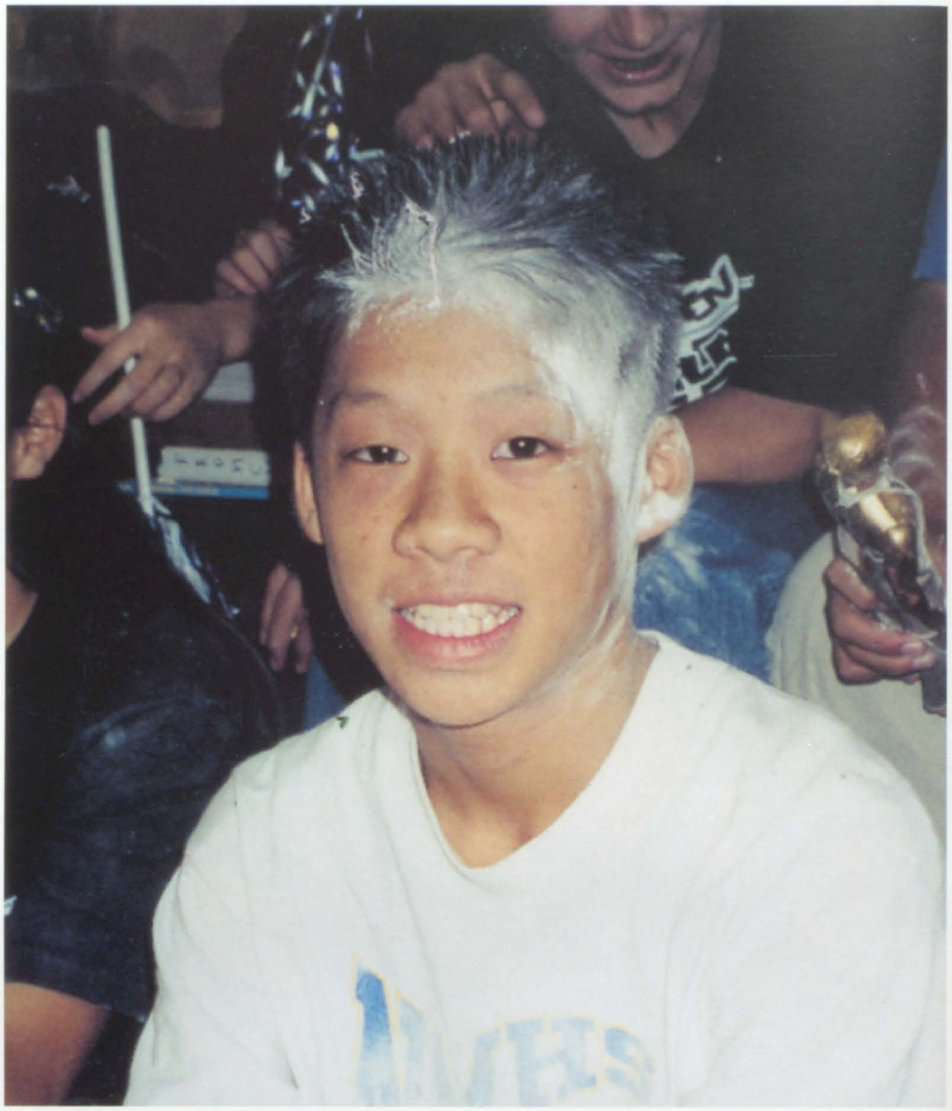




Jumping up in excitement, Annie Chow (03) tries to show her school spirit by chanting "03" at Friday's rally. Hopefully she doesn't step on anybody.

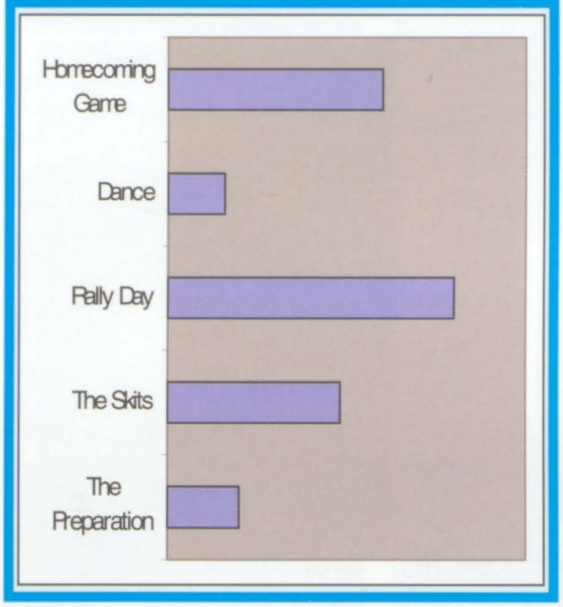
Cat got your tongue? Cara Cuison (03), Amanda Silva (03), and Christina Lubuguin (03) look to their sister class for support before starting their next cheer. You can count on them to have a good time.

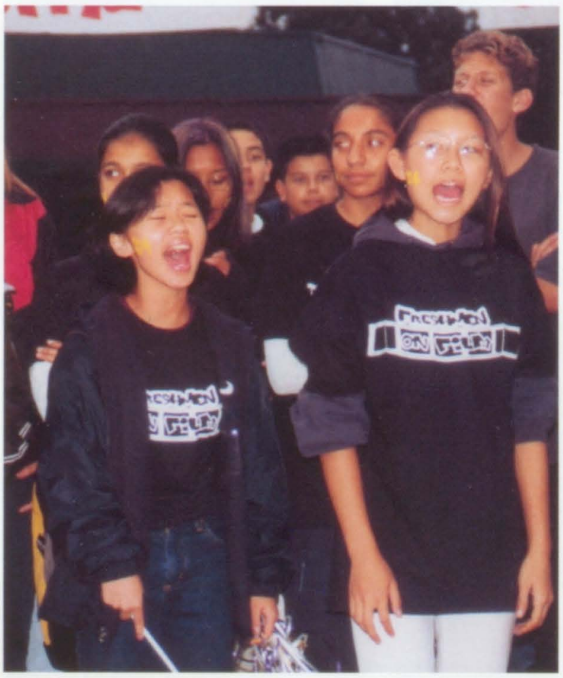
Kissing the ground? Novy Brown (03) shows off his skills at Friday's rally. He thinks the girls are impressed...but are they?



Bombs away! Justin Kwong (04) takes time out to smile for the camera after he gets splattered with flour.

What was your favorite part of Spirit Week?





"Ooh ahh you wish you were a Freshman!," Linda Jiang (04) and Joyce Lee (04) show their spirit by chanting along with their Freshmen class. You can count on them to keep the cheers going.

Take a walk on the red carpet. Van Do (04) enthusiastically awaits for the arrival of the Freshmen actors. This is their day to win the Spirit Award.

Will the winners of the award please come up? Christina Cuison (04) and Phuong Hoang (04) look to present the winners with the annual spirit award. You can tell that they are excited to present the award.

Freshmen On Film

As you walk through the halls of Kennedy High School, you find yourself caught on camera. You stop and think to yourself: I must be in Hollywood, but your not. It's just the Freshmen presenting their theme: Freshmen on Film. They have been working tremendously hard for the past month to prepare for their day. They want to show the upper classmen, who the stars of the show really are. The Freshmen Class President, Phuong Hoang (04) stated, "It's going okay except we're a bit behind due to a little procrastination." They learned to pick up their act and get back on track. Let's get the show on the road... It all kicks off when the Freshmen from Kennedy and the Freshmen from Newark have both been nominated for the Best Spirit Film. The Freshmen from Kennedy win the amazing Spirit Award, and the jealous Cougars steal it away. The Freshmen news reporter Van Do (04) stated, I was nervous about the skit because I didn't know any juniors or seniors." It ends in a tug-o-war and the Freshmen are happy to have what was rightfully theirs (the spirit award). In the end the Freshman walked away with fourth place.

Caught in the act! Vannezza Arciga (04) is caught on camera strutting her stuff in the Freshman dance. She is ready to show off her moves!

"Macho, macho man!" Aaron Zaragoza (04) and Justin Kwong (04) wish they were macho men as they strut their stuff off to the upperclass ladies.

Why are you standing there? Joyce Lee (04), Minh Hoang (04), Christopher Sturm (04), and Linda Jiang (04) take a breather from the exhausting cheers.

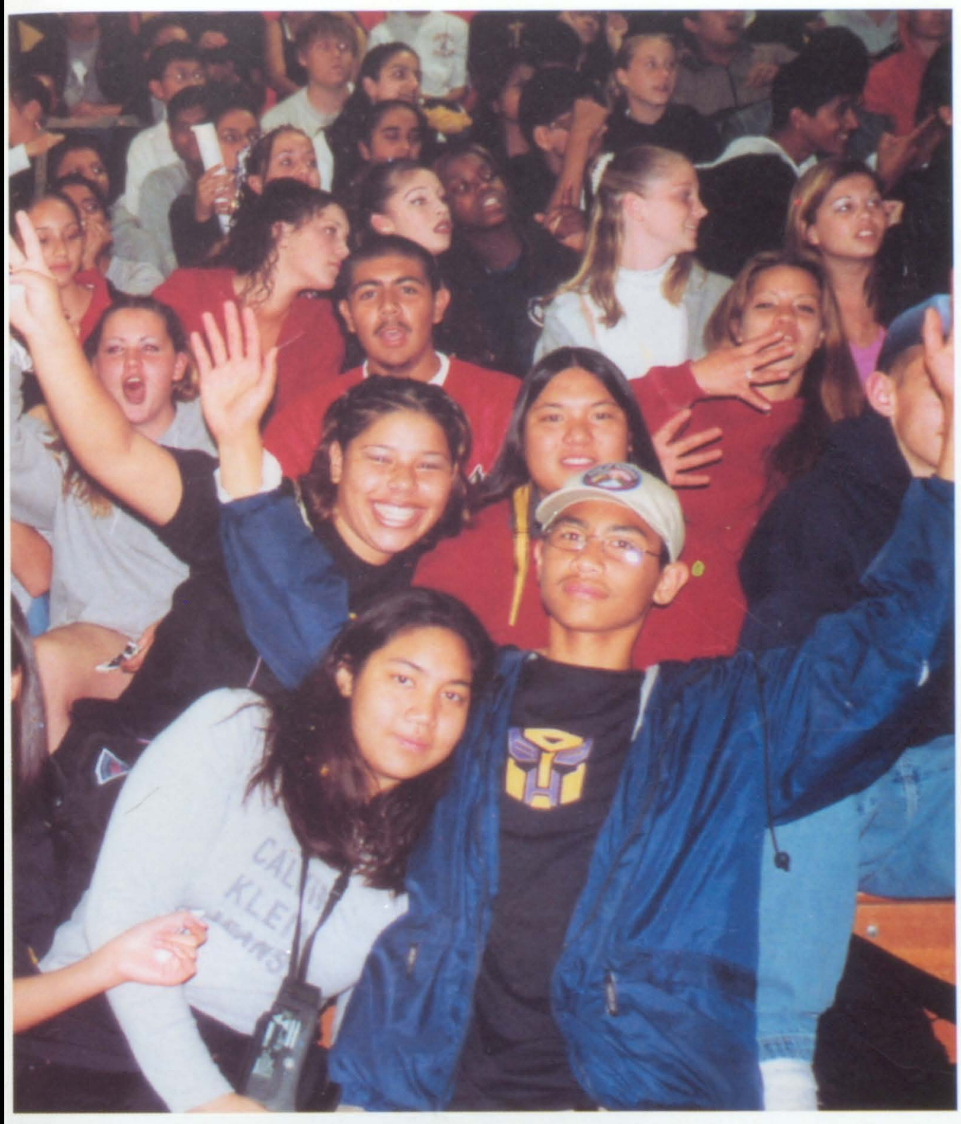
United AS ONe

She's got the right stuff baby! Beatriz Martinez (01) has the moves to help the Seniors speed on to first place.

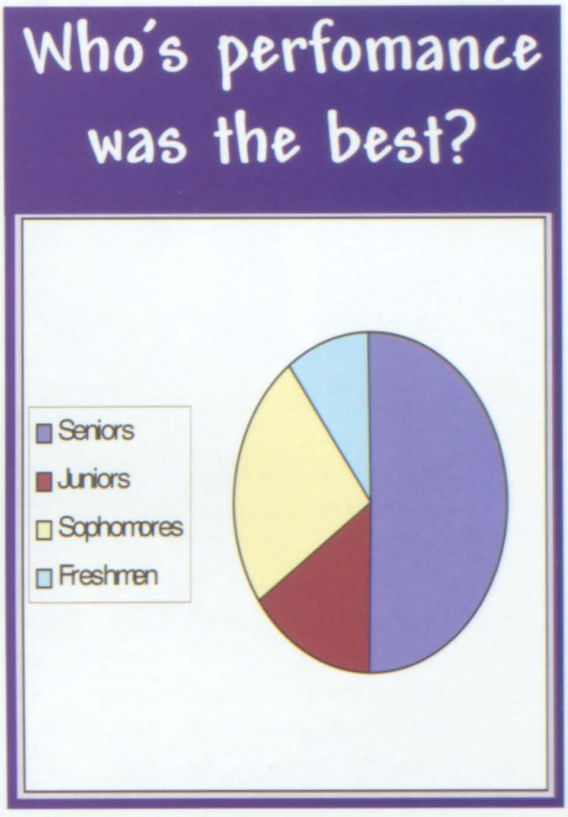
Is that a smile on Joshila Singh's (04) face? Probably because it's her first time experiencing the Homecoming Rally.

Who's who? It's Rochelle Andaya (02) on the left and Remedios Andaya (02) on the right. Hopefully the football players receive the flower from the right twin.

Our Homecoming game was against the Newark Memorial Cougars. That night, the lights in the stadium will shine a little brighter, the cheerleaders will cheer a little louder and everyone in the Titan's doghouse will not only "Remember the Titans," but will never forget the Titans. During spirit week, students unleash their own Titan. Many will never experience anything like spirit week. "Years from now, people will look back and realize how special these times were," said Heidi Sermeno (02). Everyone contributes to make the week memorable. "Spirit week brings everyone closer, including the staff," said Mrs. Thomas. As the week comes to an end everyone who dedicated so much time and effort into the week knows everything paid off. Andrew Duran (01) said, "During spirit week, everyone is focused and displays the best of their talents." Spirit week is full of anxieties, tribulations, and uncertainties. At the end of the week, students feel relief. With so much diversity at John F. Kennedy, it seems as if the school is a multitude of colors. Each class has their own day to reflect themselves and show that each is a vibrant color. By the end of the week, the classes seem so much more in unison, and in a way, endless.



Simon says, put your hands in the air! Oops! That's just Carmen Diaz (02), Eli Mendiola (02) and Christine Ricamara (02) cheering for their class.



Get your groove on girl! Ms. Lucero shows the school how to dance as she wiggles it, just a little bit!

Go Seniors, go Seniors, GO! Rebecca Gentrup (01) proudly walks during the Senior Walk-In showing her Titan pride.

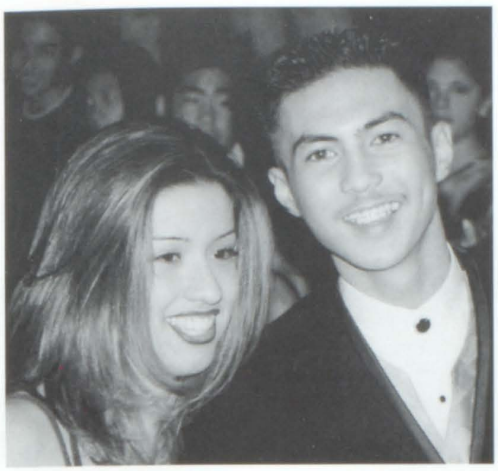
Cheerleaders don't stop cheering...do they? Don't worry because Marcella Zalpa (04) is just dancing away showing the school her spirit.

it ALL COMES down to THIS

And the winners are... It was a very special night for one lucky King and one lucky Queen. Americ Alvarado (01) and Anjel Hernandez (01) both shared magical moments as one incredible night was made for the both of them. Anjel said, "I was so nervous, but really honored and definitely surprised." Homecoming night for the nominees was also very special, full of fun and dance, and a whole lot of excitement, it was a night never to be forgotten. Felicia Tan, a nominee, said, plain and simply, "I was so excited." The dance was definitely full of good vibes and happy faces. Andrew Palma, a nominee, said "I felt flattered and honored; it was pretty cool that I was chosen out of everybody. I felt special." Everyone who attended the dance shared a night to remember and many new friendships were born. Our 2001 Homecoming was a great success and a happy ending to the most spirit-filled week of the year.

And the nominees are...
Left to right: Ed Curammeng, Anjel Hernandez, Seema Aggarwal, Americ Alvarado, Rea Laccay, Matt Cruzada, Carmen DeAvila, Andrew Palma, Philipp Alvarado, and Felicia Tan.

Drumroll please... While waiting for the final announcement of Homecoming Queen, each excited female nominee showed off their pearly whites to the packed stands. Seema Aggarwal (01), Felicia Tan (01), Rea Laccay (01), and Carmen DeAvila (01) were all very nervous as they pulled up to the stage in a red '99 Mustang convertible. The excited crowd's eyes were on the girls as they watched in anticipation as JFK's finest approached the stage. The girls shared an amazing night together which made their friendships that much more special. It was a long evening for all them, but it was also an incredible night that will be cherished forever.



What a lucky girl to have one of the Alvarado twins on her arm! Gaby Loera (01) escorts Americ Alvarado (01) down the aisle for the Homecoming King announcement.

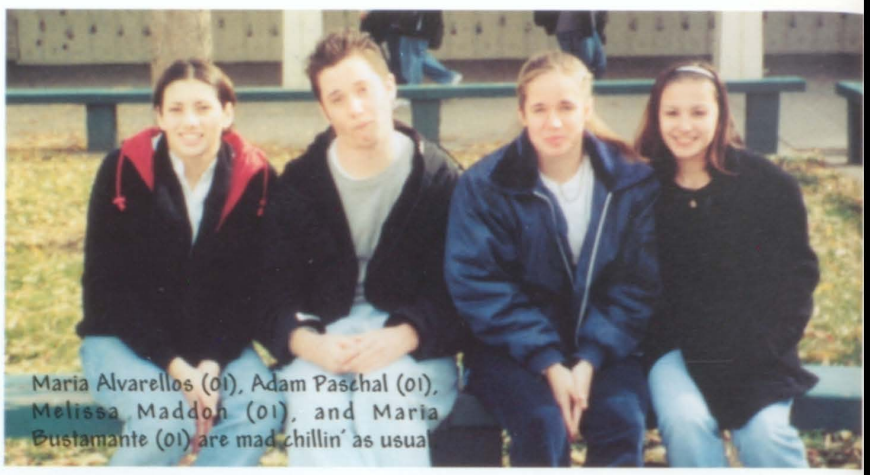
"Hey fellas, looking kinda hot there!" These happy male nominees stand tall and proud over their trophies as they cheese for the camera.

"And the winner is..." Ahmed Erakat (02) held all the excitement of the night right between his fingers as he announced Kennedy's 2000-2001 Homecoming Queen.

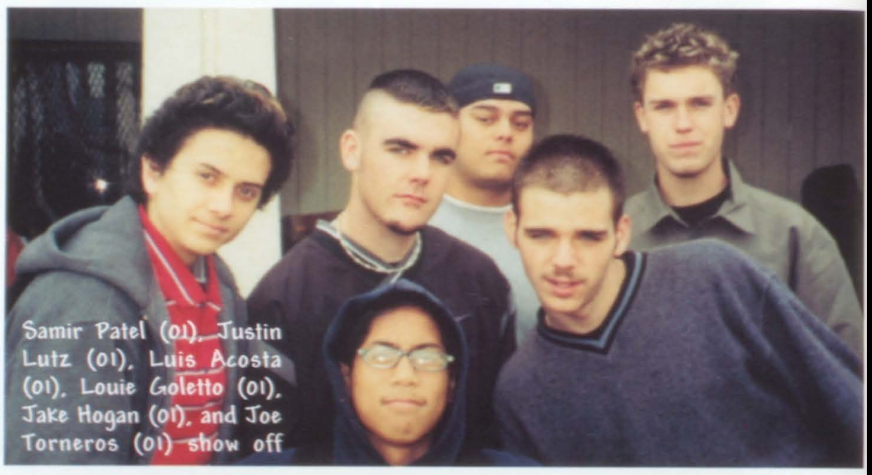
After 4 years of waiting, the Class of 2001 finally had their Homecoming Queen and Mr. Titan. Anjel Hernandez (01) and Americ Alvarado (01) are the two unique Seniors that the entire school chose to honor and represent them throughout the year.

Does My thimble Match My tophat?

Looking down the hallways of Kennedy can prove beneficial to the viewer's eye. An array of different name brands can be seen all over. From Abercrombie and Fitch to Zero Skateboarding wear, our school showcases how they feel through the use of clothing. When Cleveland Taylor (02) was asked if he felt that fashion was getting a little out of control at Kennedy, he replied, "Not really, people are just dressing more colorful and preppy." While Cleveland's statement may be somewhat true, it does not apply to everybody. Some of the big name brands this year are Fubu, Nike, Ecko, Limited, Gap, Structure, and Pure Playaz. "Personally, I think there is too many people wearing jean fits and things like that," says Marcos Capri (01). But not everybody likes clothes. "I like for girls to wear nothing but a smile," stated Paolo De La Cruz (01). While some probably share the same feelings, everyone knows that's against school dress code.



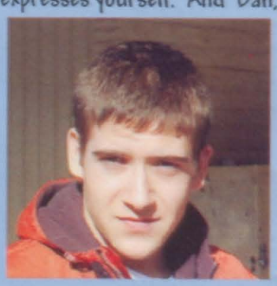
Maria Alvarellos (01), Adam Paschal (01), Melissa Maddon (01), and Maria Bustamante (01) are mad chillin' as usual

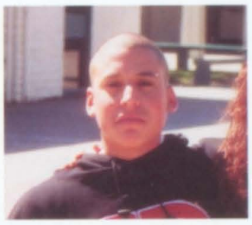


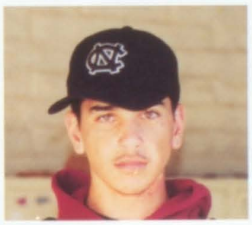
Samir Patel (01), Justin Lutz (01), Luis Acosta (01), Louie Goletto (01), Jake Hogan (01), and Joe Torneros (01) show off

The "Ardenwood Crew" take a break from studying to just relax during lunch.

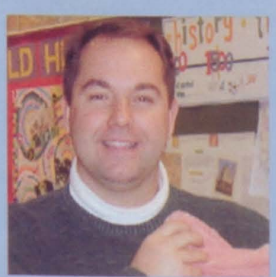
So what's the most "liked" piece of clothing here at Kennedy? Many students here at Kennedy strive to get that "perfect fit," but can that really be accomplished? All the students on campus show a different style and are unique in each way they show it. Each student possesses a part of them that really stands out both in outside appearance and the way they show it. Daniel Stephens (01) stated, "My favorite part of my wardrobe are my shoes." There you have it, from head to toe there is always that one thing you always have to wear that expresses yourself. And Dan, you are right, everyone must wear shoes, therefore they should be everyones favorite =)! He's not the only one, Joe Bloedea (02) commented, "I like my shoes!" What's up with everyone loving their shoes? There you have it folks, the number one piece of attire happens to be shoes. Fashion will always change here at school or anywhere you happen to be. Just notice one day we all wake up and go to school noticing that every girl has that one bright pink backpack. All of a sudden this school adopted a new school color, and it happened to be pink! "I like my fuzzy pink T-shirt," said Gina Spoelman (02). Well it is fuzzy and it is pink, gosh, how can you not like it? Yep, this year was all about the bright colors. Even the teachers represented some of the same fashion sense as the students. Mr. Stark stated, "I really like my hooded orange sweatshirt." Orange, aye? Maybe all the bright colors are all







for attraction. It's time for the cheerleaders to update gold, gold, gold, gold, gold!" to, "Pink, pink, pink, pink! Ugh, maybe not. "All the women who independent, throw because she said, "My favorite sweatshirt is my 'Independent' as our inspiration of our style. Walking around, there are music artists are. From and The Beatles, they're all about sweats baby, let's all the good things and all the bad things that make me. "My grey swooshy cargo pants are the best!" Of course, sweats! How can that ever been overseen? Sweats are the most fashionable piece of clothing every invented. Think about it, they're comfortable, warm, and make you feel as if you were still home in bed. If something like that can make you feel like you were still at home, well then there shouldn't be one reason why you shouldn't wear them to school! That should all wrap up the sense of Kennedy Fashion, don't you think? Of course not, fashion is never-ending.



their cheers from "Purple, purple, purple, purple! Gold, gold, gold, Orange, orange, orange, orange, orange, orange, orange, orange!" your hands up!" That has to be Kaleena Broff's (01) inspiration hoody." Maybe we should all do the same as she did, and take music many others that promote and show the school who their favorite Slipknot, Korn to Christina Aguilera, our inspirations of style. Let's talk talk about you and me, let's talk about

Never Leave Home Without It

You would be surprised to see how many things the students at Kennedy can't live without. "I couldn't live without my friends because I believe that friends are very important in my life. And my friends are a big part of who I am today," said Michelle Cantlon (02). Girlfriends, boyfriends, families, friends, phones, and radios; these are just a few things our of many. I'm sure everyone has a little something that they keep close to them. Whether it's a stuffed animal or a baby blanket, it's something they will cherish forever. Steven Garcia (02) said, "I cherish my baby blanket because my Great-Grandmother knitted it for me when I was a baby, it means a lot to me." Despite our everyday things, there will always be that one thing that we just can't go a day without. Take a look back to your childhood, can you remember when you use to have that special friend or toy that you had to do everything with? I'm sure you probably do. Could you have made it through all those times without that friend or toy? Even though we met new and bought new things, we'll always have that one friend, toy, or object that we'll keep in our hearts forever.

"My friends and people I love because they inspire me to go on and do good."

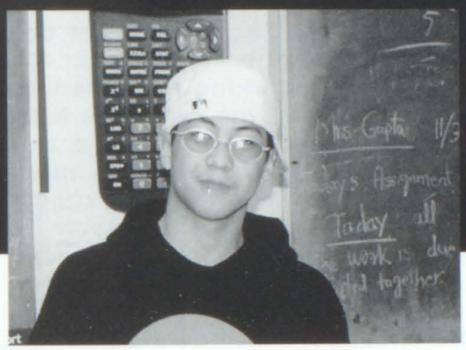
- Anayansi Munoz (02)

"Finger board, DDR, and money because without these things my life wouldn't be much."

- Arman Baclay (03)

"The one thing I can't live without would be Love. I can't imagine life without it. Everything I do & everyone I know is my life. I love that."

- Sarah Gilbuena (04)



Is that a Mariah Carey CD you're holding there? Erica Ludwig (01) exhibits her precious CD's that she never leaves home without. So that's the kind of music you listen to! It's all about Christina Aguilera! Just kidding!

Life would be boring without something to read. At least some people think so. He probably can't live a day without reading something, or maybe he's just cramming for a test. Who knows!

Me, MySeLF, aNd YearbooK...

Did you ever stop to think how much time, work, and effort actually goes into a book full of memories? It all starts during the first two weeks of school. The decision on the theme, colors, and what exactly will go into the yearbook takes a lot of time and patience. There have been many deadlines to meet as well as many stressed people. When asked, what keeps you doing this year after year despite all the pressure, deadlines, and stress, Mrs. Clark stated, "It's always a love-hate relationship. Each year I get one more wrinkle, and suffer many deadline nightmares. On the other side, when I see students working as a team to produce a product that will last a life time, it makes it all worth while." Everybody has a big role to play in this class, but as for editors they seem to have the most demanding role of all. As an editor everybody expects you to help him or her out as well as having to seem to know everything. The editor of the sports section Becky Maxfield (01) commented, "Being an editor is very stressful, but it is very statisfying when you see what has been accomplished." The people under the editors have to work twice as hard to keep up with deadlines. All in all, the yearbook staff is proud to present the Legend, despite all the stress, headaches, and time given to this yearbook. The work, time, and effort put into this book has been a great experience.

Why did you sign up for yearbook?

"I didn't sign up for this darn class!! I stayed to promote Britney, Chino, and Fred."
Jeanette Gibson (01)

"I took it last year and it was fun, so I decided to take it again, but that was before all the stress."
Roman Suarez (01)

"I signed up for yearbook because I like to write, and I enjoy some of the stresses of deadlines."
Kristen Linnell (02)

"Do you have the cropper?" Rebecca Maxfield (01) politely asks. She knows what good team work is all about.

"What the heck am I missing?" Shaurene Gilkey (01) stares deeply into the computer to see what her layout is missing. Don't think too hard, your brain will explode.

Working hard or hardly working? Ann Huynh (01) is definitely working hard editing her staff's pictures. Will she be done on time? Don't worry, she's always there, it's practically her second home.

Hey aren't you supposed to be working? Cynthia Gutierez (03), Johnny Salcedo (03), Mindy Autin (01), and Traci Vanderwyst (01) all sit around to gossip. They better get to work the deadline is coming.

How do you deal with stress? Hana Rosenberg (01) relieves her stress by making beautiful faces at the camera. Sorry Hana, but this picture had to go in the yearbook.

Think...think...think... Bonnie Subil (02) continuously brainstorms for her next article. This is a sign of a great writer.

"The world around me, nature inspires me to write." Johnny Salcedo (03)

"When's the deadline?" was the question most asked by JFK Today staff members in November as they struggled to put out a paper before Thanksgiving. Rookie reporters, first time editors and two or three veteran JFK Today journalists all worked together with teacher Jerry Lapiroff and managed to turn out a decent paper. As things got rolling, production became smoother leading each issue to be better than the last. With hard hitting news stories, entertaining features and biting opinion pieces, JFKToday has become an affecting paper and is still building to its peak. The big stories often led to heated, in-class debates which spilled onto the newspaper pages. JFK can look forward to an even better paper next year, as the new staff builds on what this year's staff leaves behind.

EAT SLEEP WORK!

Bills...clothes...foods. What can we do? Money is spent so quickly that everyone has to look for a job and experience the life of a working student. Parents always tell us to spend our money wisely, but how? Prices go up all the time and the few bucks that we receive for allowance is not enough to buy what we need. This is when the hard part comes. We start looking for a job, so we don't have to ask our parents for money to buy our stuff. We can prove them that we are already young responsible adults.

Working, sometimes brings us happiness, but most of the time, it is a total stress. It's also the way of making good friends and meeting new people. "I have an opportunity to meet new people and see friends that I haven't seen for years," says Mayra Carrasco (01), with a big smile on her face. Studying and working after school is not as easy as most people think. It's a big responsibility that will help us prepare for our future careers that we actually want and enjoy. Some of us cannot wait to go to work after school, but some wish that they don't ever have to go to work. "There are times that I hate going to work because I hate the fact that I have to deal with customers giving me attitude and I can't do anything about it, but deal with it," says Hang Truong (01), with an obvious irritated look no her face. For some it's hard and for others it's easy, but no matter what the situation is, we're all going to experience the challenge of work. We all just have to be ready for it.

Did Teachers 'Flip Burgers' As Teens?

"I worked at Numero Uno Pizza during my Senior year. I didn't like it very much because I had to work every weekend, and dealt with people who changed their orders so many times. It bugged me."

-Mrs. Rangel

"I worked at Stuft Pizza during my high school years. Mostly on weekends because I had other things to do in school, such as sports. It did affect my grades, and today, I see that working is one of the things that affect students' grades, but not always, depending on the student."

-Mr. Stoopin

"I worked in a shoe store and a craft store. It wasn't really hard for me because I'm the type of person who get things done quickly if there are more things for me to do because I just want to get them out of my way."

-Ms. Santillan

"I worked in a bakery shop. I didn't really like it because I had to clean dirty floors and wash a lot of dishes. It did affect my grades because I didn't have time to study since I worked four hours every night, six days a week."

-Mr. Yee

"I worked at Tom's Drive-In Cafe. It was very hard for me because I get a lot of homework every night and most of the time I didn't get enough time to them, which kind of affected my grades."

-Mrs. Kamalnathan

"I worked in a chinese restaurant called LaNai. I worked off and on throughout my high school years, but even though I didn't work that much, I liked the fact that I made about fifteen bucks by the end of the day, including the tips."

- Mr. Abrams

Walkin' and a Rollin'

How do YOU get around? Students take several ways to go about getting to and from school. Their modes of transportation include the bus, biking or good old fashion walking. Some wanted the luxury of a car so they hitched a ride with a friend or turned to their parents. This, however, was a risk that they took coming to school, arriving in a size of a boat or having your friends see your mom in her pajamas. So how did they get to school? This year 24% of the students surveyed were behind the wheel, 20% were freeloaders and carpooled, 18% took the magic school bus, 14% either walked or turned to their parental units, and 10% rode their bikes. Being an upper-classmen has benefits especially when it comes to cars. When asked what was the best thing about being a senior with a car Sumant Chakravarthy (01) stated, "The mobility and freedom is gravy." Hey what can you say seniors and cars go together like peanut butter and jelly. What about the under-classmen? Josh Chow (03) stated, "I wish I was old enough to drive but for now I am working on my people skills to try and fish a ride with the cool Seniors." So for the majority of the upper classmen, aren't you happy you can drive?

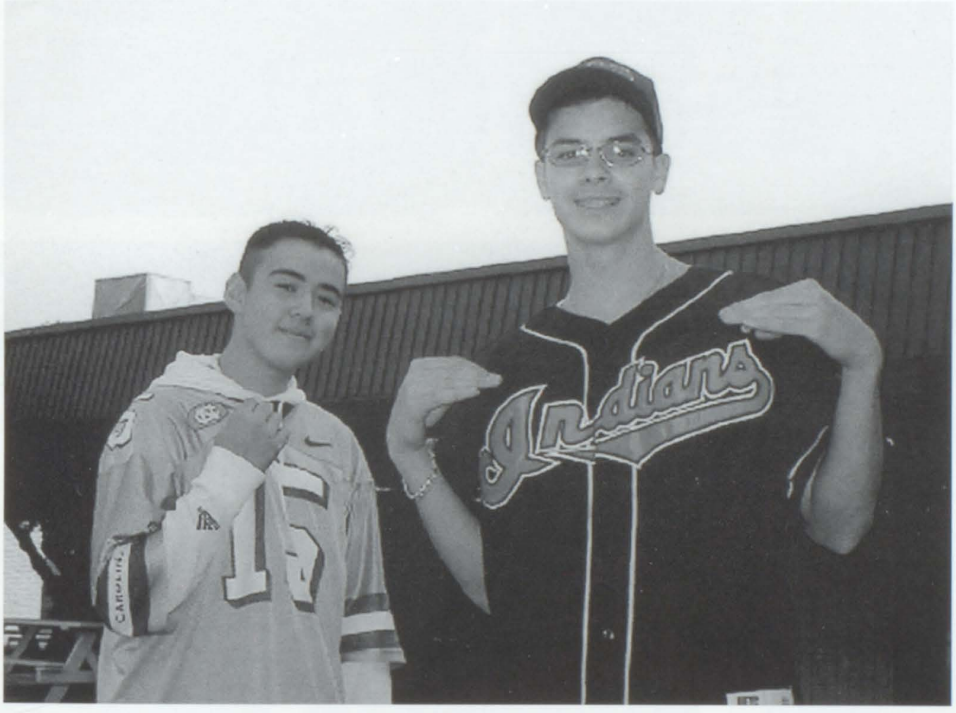
Entertainment

Oh! There she is! Stephanie Peterman (01) in her Mickey Mouse filled room! Would you have ever thought that Stephanie had a secret love for Mickey. Wow, Stephanie who'd you say you were a fanatic of again?



Michael Capri-Dowdy (03) and Fernando Cisternas (03) are sporting their football teams' jerseys, they are just two of the sports fans that we have walking around our campus.

Sarah Kiggins (02) is asked what kind of entertainment she likes and why, she said, "I love music, it's in my blood."

Kimbra Rica (02) is asked what type of entertainment that she prefered she replied, "I am a total movie fanatic, without movies life would be dull."

Constance Cavallas (02) was asked what entertained her, she simply said, "Live Music it gets crowds goin."

Stacey Berger (04) is asked what she prefered for entertainment she replied, "Football, cause its fun to watch on the weekends sometimes."

Just as we look back on our days of playing video games we will look back in a few years from now and think about our favorite songs, and most watched movies of our high school years. You never really take time to think about those memories that are priceless and that you will never forget. We will never forget that song we played so many times that it was stuck in our heads for a week or more. Come on, how many of you have recited the lines from your favorite movie? We are all fanatics. Every time you walk into a friends room you will see a life-sized poster of a music group or maybe even their favorite movie star. What keeps us teenagers sane these days is music. It keeps us up when we are down and keeps us dancingwhen we want to have some fun. Every one of us have a favorite solo singer, boy-band, or girl-band that will remain in our hall of fame for life. Whether we are hangin' our at the movies, watchin' a movie at our friends house and eating popcorn, or bumpin' our favortie jams in our cars or at home in our rooms. Let's face it, without entertainment, life would be dull!

AND IT'S...HALFTIME!

"Hurry up!" "We gotta go!" These phrases were running through the minds of many of our students as the lunch and final bells of the day rang through the school. They hopped in their cars, on the busses, on their bikes, or on foot, and away they went to their favorite places. Whether it be home, 7-11, or the mall, the students all had places they needed to be. "I'll go anywhere as long as I don't have to go home or stay at school. You need time to yourself," explained Lauretta Burns (01). At lunch you could see many cars tearing out of the parking lot to their destination for food and teh determination the students had not to be late for 5th period were a common site around the campus. "If 5th period was eliminated all together it would solve all our problems," Johnny Salcedo (03) commented with a wide grin spread across his face. The last bell, and a sigh of relief swept across the campus at the end of each day as you hear the students making plans for after school. Weekends were also a very busy time for the students this year. With all the homework to do, and all the places to go to with friends. And they were off whether it was to the mall, the movies, or just a friends house, the student body was on the move. "On the weekends, me and my friends like to go to the movies and hang out at the mall afterwards," replied Mark Chandler (04). With all the things to do and the places to go, it's no wonder that the studnets were all rejoicing at teh end of the year.

You bet the students in Chamber Chorale won't sing off key as they sing their hearts out in Mr. Sterling's class.

Music Is Fundamental

"Do, re, mi, fa, so, la, ti, do!" The musical talents of Kennedy students fill the hallways from Bob Sterling's class. "Choir has always been fun because a lot of my friends are in it. We're always laughing and joking around," stated Rea Laccay (01). Band and choir perform in many events such as our Homecoming game, Winter Concert, and All City Choir. They are talented in many ways, but the most talent they have is the guts to perform in front of numerous people. Some people don't realize how hard it is to perform in front of a crowd. "I like choir because it's a fun class, everyone in here is always smiling and laughing. The class is a different change of pace and we get to go to Disneyland!" said Ann Nguyen (02). Many students enjoyed band and choir. Every year they do fundraisers for their trip to Disneyland and every year they achieve their goal. Band and choir are dedicated groups that earned their lovely reward. All that hard work and dedication paid off.

What inspired you to sing?

"Last year at the Winter Rally, when the Chamber Corale sang, 'Carol of the Bells'."

- Laura Oswald (02)

"It makes me so happy! I've sharepened my skills in this class too, so now I can sing to my honey!"

- Kevin Toda (01)

"What inspires me to sing is boredome. When you're bored, start singing! "

- Esther Pasibe (01)

"Because I'm in choir for my church."

- Corey Watts (03)

Did playing an instrument come natural to you?

"Four years of playing the trumpet wasn't the easiest thing I've ever done, but I wouldn't change the past four years for anything."

- Carolina Nava (01)

"Playing the drums comes easy, but it took a lot of commitment and dedication."

- Larry Perez (02)

"No, but a few years of practice makes perfect."

- Ashlee Green (03)

"Playing an instrument was really fun to learn. It came natural to me and I enjoyed it."

- Alan Grimm (03)

Oh great!! Another Britney Spears fan. Patrick Lord shows off his latest gadget. Can't get enough of Britney's CD's? Might as well get the next best thing: Hit Clips and a key chain that holds her oh-so played out songs.

"Who's paging me now?!" Kathryn Choy (03), Erica Brechtel (03), and Denise Young (03) all gather around each other to check their pagers. So many guys so little space in a pager. Keeping up with the technology world is a great way to delete the guys you don't want.

Innovative Products of Today

"Oh my God! That is so cool!" Those days you never knew what's being created every second of the day. From new and improved computers with new features to mobile phones that enabled you to go on the Internet in seconds wherever you were. Students found it hard to stay up with the innovative products that were being created. Many students bought the latest pagers one day, but by the next week, they would be yesterday's news. "I wouldn't trade in my old pager for a new one even though mine would be considered old." stated Melissa Anino (04). For some, getting the latest thing wasn't a concern. But as the year passed, there were new objects and new technology being created. "The coolest gizmo that I have right now is the new Sony Vaio computer and laptop." said Nathaniel Grolemund (01). Those gizmos and gadgets were becoming more of a necessity rather than something that everyone wanted.

IN HAND IN HAND

Traveling from one place to another sure got tiring. Being the lucky Titans that we were and having a remarkable diversity among our students, there was no need for us to travel. From American to African American from Asian to European from Australian to South American we were able express each and everyone of these ethnicities in one single week:Internatioal week.International week was filled with culture, food, music, and dances that individuals from around the school can relate to. " International week gives every one the chance to share their culture and educated others as well." answered Jordana Velasquez (01). This year International week was held from March 12, 2001 through March 16, 2001. At 11:47 a.m. (except on Wednesday) the bell would ring for lunch and a crowd of people would gather around the quad to watch their peers perform. "Everyday me and my friends would gather up and walk to the center of the quad to watch different cultures perform dances. We would have to hurry up to get the center of the quad because seats were being occupied quickly!" stated Pinali Patel (04). The Mexicans were the first to perform followed by the Middle East on Tuesday. Wednesday was the day for the Black student union and the Pacific Islanders performed on Thursday. Finally Friday rolls by and everyone comes together in making a grand International rally. During each assembly students would perform a talent that would resemble their culture. "I like the rally because the whole school is watching and the dance seem more enthusiastic." stated Deempal Chaudhari (01). What would International Week be like without a grand finale fashion show? Ten minutes before the assembly is over, and students walk out from behind the curtains to model in front of their peers. The week come to and end with a smile. It is so wonderful to have so culture come together as one.

Look at them move their hips. Marjan Jalal (01) and Faria Nusrat (01) perform a exotic traditional Arabic dance. Watch out they might come and seduce you with their body language. Wouldn't you want some of that!

Bringing back the African American tradition, T Gloria Cooper (02), and Lauren Jack (03) show us what their culture is all about by performing a dance from back home.

And it's the grand finale. Nehal Patel (02), Amit Shah (03), and Karan Sandu (02) walk down the runway. showing off their beautiful Indian costumes. Wouldn't it be fun to join them.

PeOPLE

the players

The game was set up and the rules had been read. Now it was time to pick our players. Freshman became the car, ready and eager to start their engines and play the game. They placed themselves at the starting line with curiousity and excitment. "Being a Freshman is kind of cool. I don't feel so little," explained Dana Young (04). Like the sack of money, our returning Sophomores carried with them a bag full of information and were excited to continue their game. As they restarted their long adventure around the board, they continued to collect valuable information to use later. "You now know what you can get away with," Monica Berger (03) slyly stated. Willing Juniors represented the battle ship for they were ready to fight for their victory and pride. They were half way to the finish line and were excited to have made it this far. "Everything was 'easy' until now," Megan Porter (02) pointed out. The long-awaited Seniors transformed into the race horse and quickly galloped to their finish line. Three . . . Two . . . One . . . They have finally made it. As the seniors slowly made their way to the finish line, they could not help but think about leaving their beloved school and home behind them. "It's exciting but scary because I'm leaving the security and comfort of my school," said Barry Ochsenfeld (01). We all knew, deep down in our hearts, that this was the greatest year ever at Kennedy. Everyone was ready for the game of their lives to begin, continue, or finally end. They took their place on the game board and continued to strive for success and hoping to eventually come out on top.

Growing Up

Becoming a Freshman was no easy task. This was when Mommy no longer looked at you as her little baby anymore. Now she wanted you to be responsible for your own actions. You took one step forward and two steps back. You went from being big stuff on campus in Jr. High and then the following year you were in high school swimming with the big fish! At that point you were the new kid on campus; "You do not know where anything is," says John Abeyta, "plus you have no clue where your classes are." By the time they realized they where swimming with the big fish they had already become one themselves.

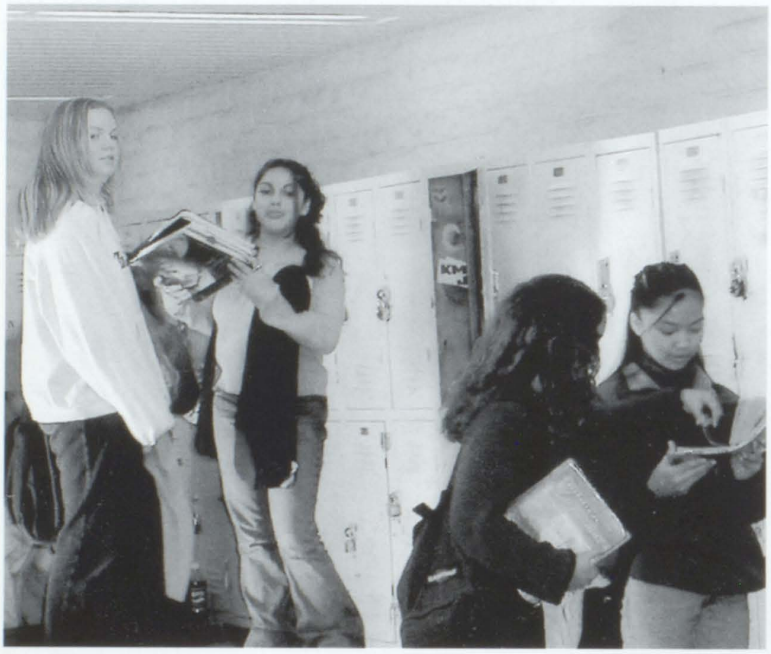
FACT: 92% of the Freshmen have their locker in the Dungeon

The Dungeon! What a scary place! No, not for the Freshmen. The Dungeon is a special hangout for the ninth graders. This is where they went in between classes to exchange their books and to have a small conversation with their friends before heading onto their next class. Each new generation, like the Freshmen shown below, who enters John F. Kennedy had the privilege of having their locker in the Dungeon with the rest of their own class. The Freshmen who get to experience this were considered lucky and those who didn't, are considered... umm well lets not get started with that!



" The Dungeon, well it's really crowded!" says Ashely Martinez, "I basically go there to drop my books off and get new ones for the next class." Ashely never wants to be late to class so she only goes there three times a day.

One word sums it up for Eric Hampton, "Dirty! But I guess it's cool. I go there at least three to four times a day to either get books or say What's up to my friends."

Freshmen usually get lost in such a big campus that Natalie Arryo(04) agrees, "The Dungeon is a good place for the Fresmen to get together." Natalie takes every opportunity to talk with her friends, that she visits the Dungeon at least six times a day.

Being promoted to the 9th grade, the big bullies of junior high were now the little rascals of high school. So what was it really like being in high school with bigger classrooms, bigger people, and an even bigger campus? " Actually it's fun!" said Thomas Degenstein. Coming to school at 6:30 in the morning, Thomas began his day by hanging out with his friends before the first bell rang. When the second bell rang, he strolled into his first period math class. Second period flew by and third period came around; Thomas had to face the challenge of his day, Spanish. Whew! Spanish was over, now it was time for Computer Operations. Is someone hungry? Don't worry it was lunch time. For the next two hours he went to Science and then English. Thomas could not wait for the bell to ring at 2:30 so he could go home and relax. Once home, Thomas grabed a little bit of food and watched TV before taking out his books and begining his homework. He worked on this until dinner and then watched some more TV until he got tired and ended up going to bed.

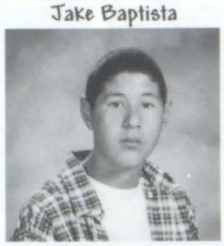
How do you like being a Freshman?

"Freshman year isn't what people make it out to be, it's actually pretty cool."

Jake Baptista

"I like being a Freshman because you get to know new people at school."



Jose Garibay

"I don't like being a Freshman because you're at the bottom of the food chain."

Pinali Patel

"At first it's really cool because there's a lot of cute boys. It's also a lot of work though and it's a lot harder."

Shayna Ballard

"I think it's basically the same as junior high except you're around a lot more people who are older than you."

Madina Skandari

Breaking the Stereotype

1) "Hey, can you let me out of here, PLEASE!!" Billy Tibben (01) and Nick Austin (01) holds Chris Mondragon (04) over the trash can, what bullies! 2) "Ouch! Stop, that hurts!" A.J. Aslami (01) gives John Smith (04) a noogie that seems to be a little bit painful. 3) "Move it Kid! Why are you always in my way? Get out of here!" Enrique Duran (01) holds Jack Burns (04) on the ground, showing his dominance. 4) "I'll do anything. I'll even pay you!" Natalie Harrison (04) offers Araceli Torres(01) $5.00 to let her go without doing anything bad to her. 5) "Everybody smile pretty now!" Six friends gather close for a quick picture. 6) "Wait...I can get it...I can figure it out!" Bill Clinton racks his brain trying to come up with the correct answer. Imagine, a Freshman actually studying. 7) "Ahh, don't you look so cute!" Peter Piper and Little Bo Peep snuggle close. These two are not afraid to show their love for each other.

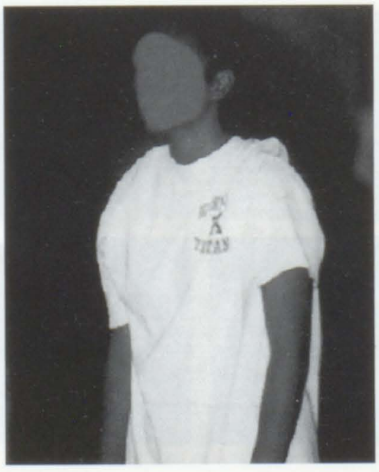
"We have to dress again!?"



Try Being US!

It was a tough year for the Freshmen class, constantly having to hear people tell them that they have just begun their high school journey, and everything around them was changing, including themselves. Life seemed to be harder than ever before because there were more responsibilities to take on. Classes became difficult, and friends began to change. They felt uncomfortable, like newcomers that did not belong. It began to feel like the next four years were going to be miserable. Freshmen learned pretty quickly that it was not all that bad after all. In fact, by the end of their Freshmen year, they had changed dramatically and even became friends with the older kids. You hung in there guys! Congratulations!

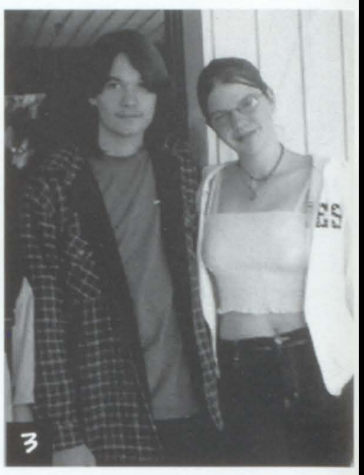
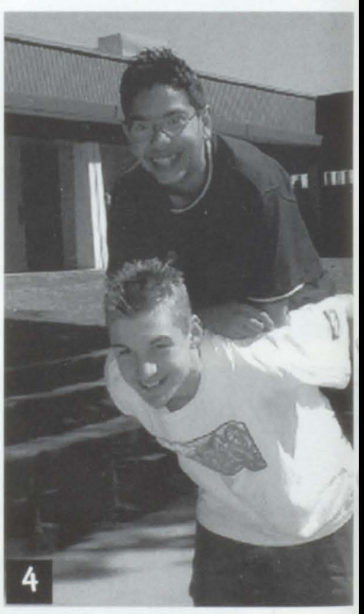
FACT: 53% of the Freshmen are late to their 1st period class.

As the bell rang for the first day of school to start, the Freshmen scrambled around campus trying to find their first period class. They practically grabbed any upper classmen they could find to ask for help in navigating their way across the school. The upper classmen happily sent them in the wrong direction, and then walked away with big grins on their faces. Eventually, they received the right instructions. The Freshman stumbled into class, explaining to their teachers as to why they were late.



1. Finally we get some real food! Mona Mehrpout (04) and Vanessa Soriano (04) sport the McDonalds in the roundroom. 2. Amanda Hurtado (04) and Kathleen Gonzales (04) show that great minds really do think alike by their matching outfits. 3. Aww, how cute! Justen Smith (04), and Cheyanne Schultz (04) aren't shy to show their affection. 4. Daniel Ludttue (04) thinks to himself "Hurry and take the picture Alberto Reynoso(04) is hurting my back !" 5. Hey all you bachelors these ladies are single Amanda Forseth (04), Courtney Martinez(04) Leslie Mast(04), and Jessica Moore(04).



What do you like about being a Freshman?

"I don't really like being a Freshman, but it's a lot better than Junior High. Plus you get to go off campus for lunch and meet lots of people," said Alberto Reynoso.

What was the best part about being a Freshman?

"I think that playing Frosh Football was the best part about my Feashman year. I enjoy playing for Kennedy, and hopefully next year, I'll make varsity," said Jason Jones.

What did you hate about your Freashman year?

"The one thing I hated most about Freshman year, was that the Seniors always tried to throw me in the trash can, but they never got the chance to get me," said Justin Huges.

1) Christopher DeAndrade displays his unique enthusiasm from under his cowboy hat, while staying dry in the Gym. Maybe we should work a little harder on a smile. 2) Freddy Mireles & Danielle Towers put two heads together to finish some homework... or are they just cheating? 3) All those stretches must have paid off for Tshaya Barret. She makes the splits look so easy! 4) Ashlee Green takes time out of her lunch to take a quick snapshot. Hiding in the Band room doesn't work anymore. 5) A group of Sophmores practice hard for their Spirit Week dance. Looking pretty good in practice and doing great at the rally. So, did it all pay off? 6) Joey Royster, Rod Barclay, Kirk Roggasch, Desiree Dare, and Brandy Garcia hang out on the benches at lunch, trying to get warm in the sun. 7) Mitchell Pagan gets frustrated when his efforts to save his friend, Josh Chow, fail. Better luck next time!

Times Change

Freshmen year was just an introduction, while Sophomore year was a time to get serious. How different was it academically, socially, and emotionally? Having gone through your second year, a person would know the school fairly well, and how to act when it came to stress. Rottana Tan stated, "I feel less pressured." Socially Sophomore year was better as well. Friends from the past, as well as new friends you made along the way, helped to ease the pain of the school day. Machaiah Gilkey sumed it up by saying with a smile, "Sophomore year more girls talk to you. You get more respect." All in all, Sophomore year has it's disadvantages, and it's advantages too!

FACT: 100% of Sophomores Are Stuck In The Middle Until Next Year

One year deep into their High School careers, the Sophomores were stuck in the middle. They were not quite upper classmen, but no longer bottom feeders. You could see it in their eyes every time they opened up that bottom locker or put on those smelly P.E. clothes how much they wished the year would be over. Looking on the bright side, they will have Junior Prom to look forward to, and two more years of homework and studying to boot. Oh well, being a Sophomore was not all that bad, so they should have enjoy it while it lasted.

When asked what his favorite part of being a Sophomore was, Danny Easterday answered, "I get to pick on all the Freshmen now and they can't do anything about it."

"My favorite part about being a Sophomore is that a lot of my friends can drive me around at lunch," said Melissa Valrade.

According to Daniel Van Luchem, the best part about being a Sophomore is the fact that he does not have to hang out in the dirty Dungeon anymore and that he is one step closer to graduating.

A DAY IN THE LIFE OF Maryjo Aquino

Period	Subject	Teachers
1	Biology	Espinoza
2	Peer Resource	Roberts
3	English	Rangel
4	History	Sletten
5	Spanish	Rodriguez
6	Math	Brindley

If you traded places with Maryjo Aquino for one day, here is what you would have to do. You would wake up to the "beep beep" of an alarm clock at 6:30 a.m. After snoozing for five minutes more, you would sleepwalk to the shower. Then you would get groomed up for school. Next thing you know, you are in first period trying to stay awake. The first four periods slowly pass, and it is time to kick it with your friends during lunch. When you finally walk into your house, it is time to grub. After hours of television and a couple of phone calls later, you are mixing on the turntables. Then it is time to hit the books. When you are done with your homework, you set aside some time to wrestle with your little sister. Next is dinner time, and following dinner, you get ready for the next day. Finally, you put on your headphones and start dreaming about not having to do it all over again the next day.

They encourage and help you when you are down," Cristian Torres exclaimed. True buddies helped us grow and didn't let us fall. They were there for support and laughs. By going to parties, movies, or just chillin';friends grew closer over the years. "My friends are really special because they are there for me when I need them. We rarely ever fight because we get along so well!" stated Angeline Rocero. As we all know, friends will come and go, but true pals stayed until the end.

One Step Closer

Junior year was a step closer to entering the "Real World." It represented another reality check that there was just one more school year left before graduation. With that in mind, Juniors are stressed out by the pressure to succeed. They experienced many milestones such as getting a license and maybe even holding a first time job. So how did Junior year effect the class of '02? "From my perspective, Junior year is the hardest academically, but the teachers are cooler." stated Kelly Kerr. With their sights on becoming Seniors, the class of 2002 used their Junior year experiences to become prepared for the upcoming school year.

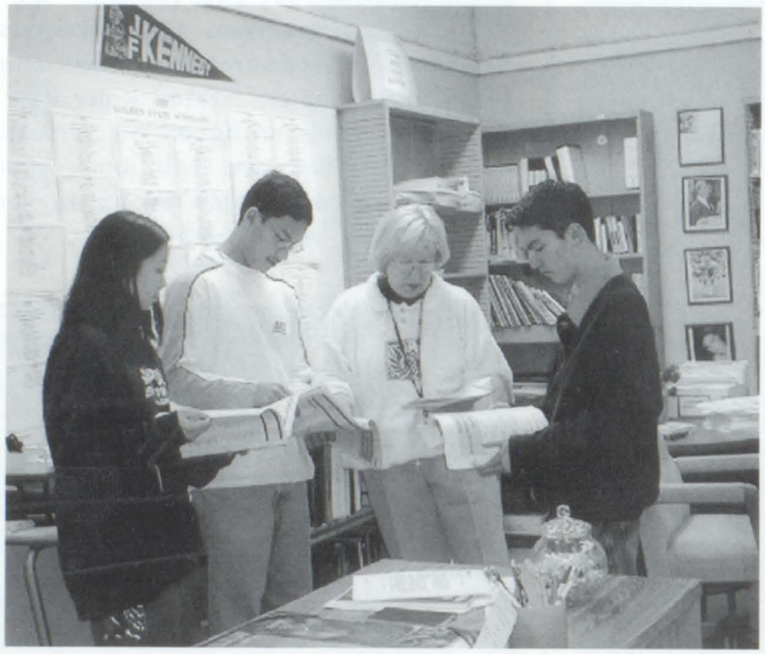
FACT: 87% of the Junior class took the PSAT's.

Three down one to go. The Juniors of John F. Kennedy High School had one more move to make. The busy class of 2002 worked diligently to try to get through what would be their hardest year of High School. "Hey, what did you get?" was the question most commonly heard throughout Junior classrooms during December. No, they weren't referring to what they got on their U.S. History test the week before, instead they were referring to the PSAT's. Scores were made up of numbers that compared them to students like them across the nation. Although the PSAT's may seem pointless, they served as a purpose of preparing students for the real SAT's. So for the 87% of the Juniors that took the test, the advantage was yours.



Sarah Kiggins woke up late for the PSAT's. She said,"I was not prepared and certain sections were hard." Now she knows what to expect for the real SAT's. She should also remember to get a good night's rest next time so she will not be late.

Adam Anaya felt nervous, the morning of the PSAT's. "I felt really apprehensive taking the test, but it turned out well," he said. All Adam needed was a little confidence.

Manpreet Mann learned her lesson. She replied, "This was my first time taking them and I should have studied becaue I know I could have done better." Well there you go Let this be a lesson to all: Study and be well prepared for the test.

A DAY IN THE LIFE OF ALDO DiFede

Period	Subject	Teacher
1	English 11A	Tahamont/Squires
2	Applied Math 2	Connors
3	U.S. History	Santillan
4	Chemistry	Pfiester
5	Auto Body	Demers
6	Auto Body	Demers

Junior, Aldo DiFede had a lot to think about in a day's worth. Aldo was not your everyday Junior. What separated him from his fellow peers was that not only did Aldo have his license and great looks, but he also was a great athlete. At about 7:25 he headed to school in his 1991 red Honda Accord. He got to school just in time for the first bell and rushed to his English class then to Math. At brunch, you could find him socializing with his fellow basketball teammates about what the newspaper stated about their game the night before. After brunch he walked over to Ms. Santillan's room for some good lecturing on U.S. History, then he eagerly headed over to Chemistry fourth period. At lunch, he jumped into his Honda with four other friends to grab a bite to eat. Once lunch was over, Aldo had Auto Body ROP 5th and 6th period. After school, Aldo was still filled with enough energy to give his all at basketball practice. By 5:00, you could find Aldo at home asleep, exhausted from his exciting day at school.

Knowing that Senior year is just around the corner	Saturday detentions

We seem to have a monster on the loose. Tommy Pham (02) in his newspaper attire attempts to attack the invisible paper-eating monster.

2. Brian Siedentopf (02), Jacob Attansio (02), and John Baver (02) set up shop in the Quad to sing the lovely ladies a nice romantic ballad and collect some doe for lunch time.

As a Junior, what is the one thing you would have to put in your survival kit for senior year?

yellow hall passes
hot boyfriend
off grounds passes
pillow for my desk
cute boyfriend
walkman
lap-top computer
cell phone
fake eye glasses
blanket
homework excuses
pictures of friends
new friends
skateboard
a car that runs
a backpack full of candy
running shoes
a top locker
good paying job
money to pay for everything

1. Wax on... Wax off! In preparation for Senior cut day next year, Brian Jovel (02), Phillip Legault (02), and Garrison Finkes (02) work hard on their sweet beauty with precious care. 2. Friends Forever. Ophelia Munoz (02) and Veronica Jara (02) get together during lunch to share their private affairs during the day. Surely these two have each other to lean on. 3. Melissa Guzman (02) takes a gulp of orange juice in hopes of putting out that devilish fire inside. 4. Hey, how come you guys aren't studying? Erica Bott (02) and Susana Barror (02) figure if they put their heads together they can find a solution to their problems. 5. "What do you want now?" Antoinette Agbuis (02) seems to be buttering Rudy Villa (02) up to get him to do her work again. He should start charging for his services. 6. Daniel Wold (02) concentrates hard as he attempts to do his patented cinnamon drum roll. 7. Angela Arcia (02) and Angelo Positano (02) sport their "We ain't nothing but mammals" shirt to the welcome back dance at the beginning of the school year.

How is this year harder than your previous years?

Matt Stein

"The materials are much harder and it's a lot more challenging than last year."

Emily Hughes

"This year I have chemistry and that's my most demanding subject. You're expected to keep up and then remember it all year long."

Richard Davis

"You have to study more to keep up with what's going on in class. You can miss a lot of important stuff in one day you're absent."

Chris Portugal

"This year isn't all that bad. There's just a little more pressure on us as students because the teachers just want us to do our best."

Angelo Positano

"This year is a lot harder because there is more pressure on us too. Also you have to try your hardest to succeed, as well as trying to have a social life."

1) Whatcha doing there? Rochelle Valles looks through her supplies before the second bell. 2) Don't study too hard! Rebecca Flavel sits around with buddy Terri Holcomb (01). Little do they know they got caught by the camera just lounging. 3) Quit chatting and start working!! Rocio Bedolla and Susana Barrens chat away while a pile of work builds up. 4) "I'm actually doing my work!" Pen Lin sets his future straight by studying and making it a full time job. 5) Don't these girls look attractive? Gina Goodwin and Mayon Sespene shows off their good looks by sticking out their tounges and picking their noses. 6) So little time left to do his project Troy Meikle still manages to take a quick picture. 7) Is chemistry that boring? Amanda Stewarts sits in class trying to get her work done but if you take a closer look she's actually drawing.

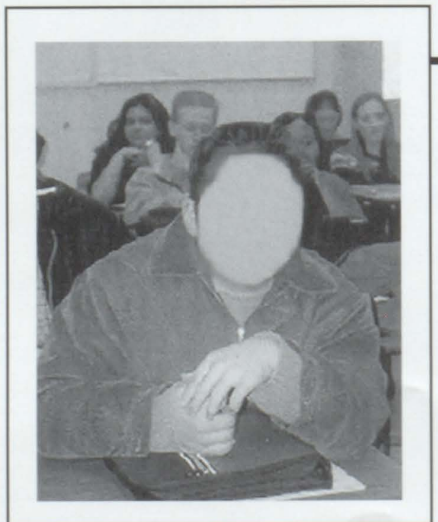
A Day in The

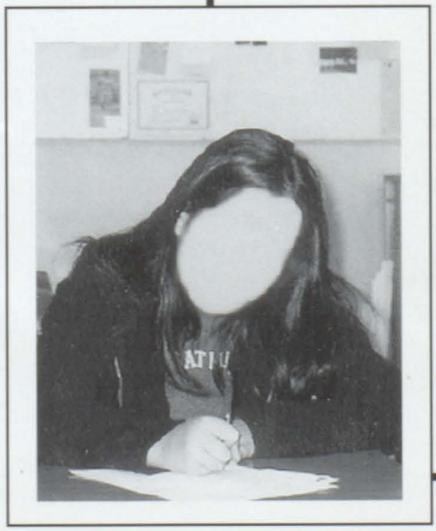
Directions: Put your face, on the faces of our Juniors and see how exciting Junior year really is!

"Sleepin' on the job!"



"Dazed and confused."

"3 page essay? No...more like 3 page love letter."



1st time 4 EveRytHiNg...

Juniors were getting older and smarter. Being sixteen or seventeen they could finally get their license and a decent job at the mall. Filled with money in their pockets they are ready to spend it on food, clothing, and what ever may satisfy them. "I like driving myself around and having my own money especially with out bugging my parents," said Belinda Ying. Having money and spending it does feel good, however, these Juniors also learned that money does not grow on trees and if you spend it wisely you can always buy what you want.

Aren't you guys a little hungry? Toni Gingril and Brandie Garcia stand around during brunch instead of taking advantage of their time.

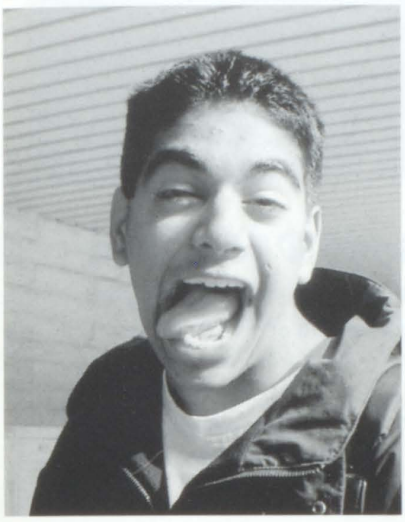
adiOS! FAREWELL! goODbYe!

Who would imagine that you would be cheering in the ampitheatre during Spirit Week for the last time, or pulling into the parking lot your last day in high school? It seemed almost impossible until now. The Class of 2001 has accomplished everything required and more. As Freshmen, entering high school was a big step into expanding their world. Not knowing where classrooms were located or what new friends they'd meet, the Class of 2001 was welcomed with open arms by the JFK staff and students. Entering high school could not have been better accomplished than by this class. Continuing as Sophomores and Juniors was no easy task for these students. Spirit Week became more challenging to this class that has placed 3rd for three consecutive years (frosh-junior year). Classes became more challenging as the years went by. No one understood the obstacles that faced them. Nobody can deny the fact that this year as Seniors was the most challenging of them all. The questions were, "What will I wear for graduation?" to "Am I going to graduate?" Although there were many challenges that the Class of 2001 had to pull through, they are still more than just a class that went through 4 years together, they are a family that passed all the difficulties and challenges that faced them.

There is only one expression for high school and Anuj Bhatia (01) expresses that very well as you can see! Doesn't it feel great to be a Senior?



"...we're nowhere near the end. the best is waiting to begin. as long as we've got each other, we can take anything that comes our way. rain or shine; all the time. we've got each other sharing the laughter and love..."-Growing Pains theme song

A Senior NOT in the yearbook? Whoever heard of that? Hmm... Well Michelle Ness (01) never heard of such a thing as she gives one more big smile to the camera before she leaves Kennedy High.

Top Ten Reasons To Be A Senior

1. Even if your schedule says you have 6 classes, it doesn't really mean you have to go to all 6

2. You get to act all tight and big even though there are Freshmen that are taller than you'll ever be

3. You get to blame 'senioritis' for all the homework you missed and days you were "absent"

4. You know where and what Ms. Veazey will be doing throughout the day

5. Homeroom actually becomes a class you enjoy going to knowing that you don't have to take any of those Star tests

6. You're smart enough to have a cool 5th period TA or teacher that will excuse you from being late to class from your extended lunch

7. Underclassmen will always believe anything you say

8. Traffic becomes the best excuse for being late to 1st period

9. All of a sudden you get to schedule as many doctors and dentists appointments as you want

10. 4 years of learning how to forge your parents' signature finally pays off!

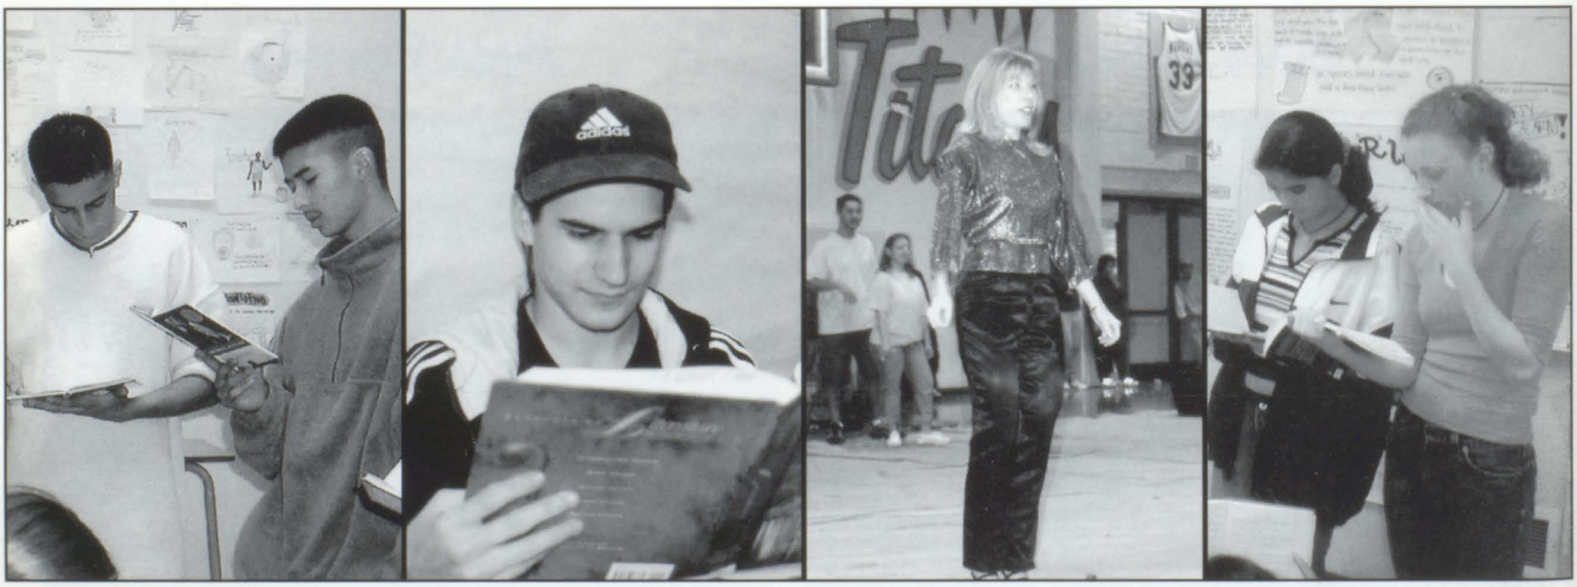
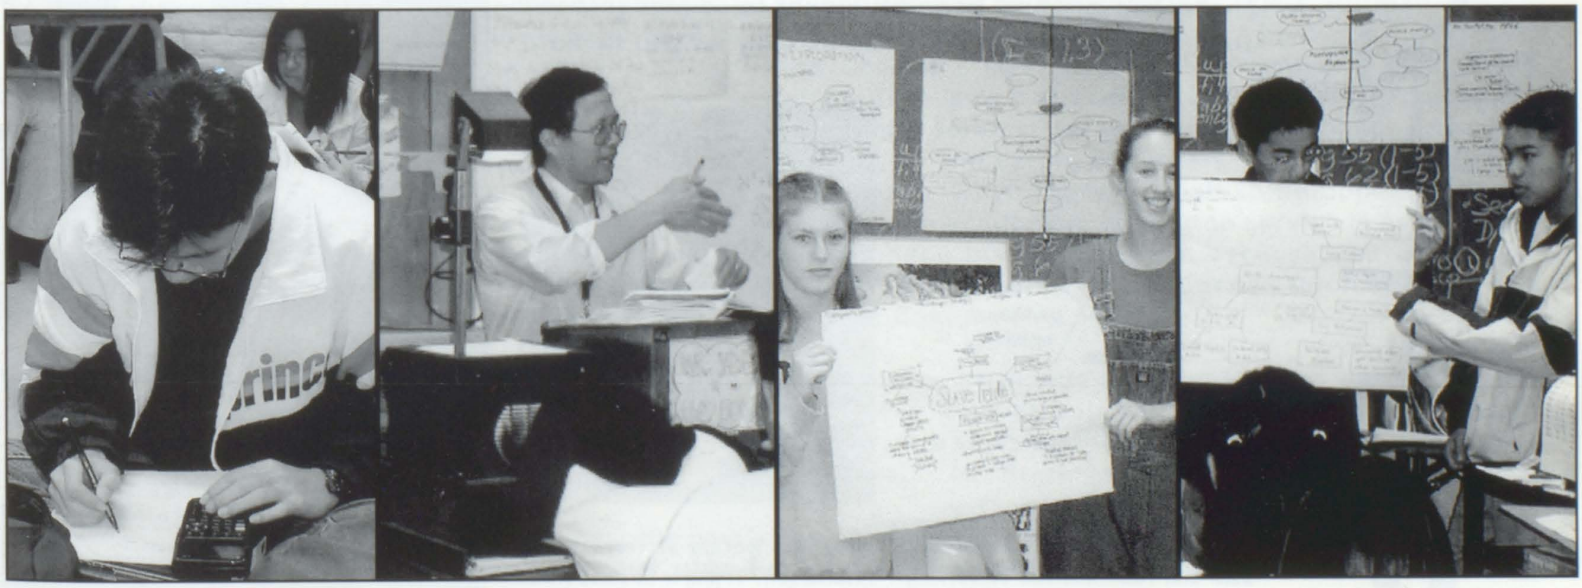
Academics

learning the rules



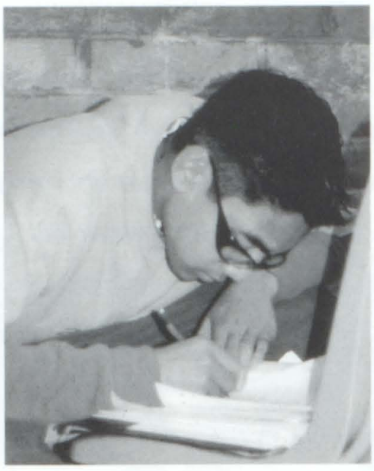
In the boardgame of Academics, we all must follow and learn the rules to succeed & win. The players are the most important part of the game; some have no problem understanding & following the rules while some hope to pull the right "chance card" that will send them past GO to collect $2001. For those of us that have to roll the dice, where do we go? Kennedy offers tons of classes with a growing list of electives. As a technology magnet school, we will only add to the list as the years pass. How do we chose where to invest? Brad Lenowitz (01) chose his classes wisely, "Eenie, meenie, miney, mo choose my teachers by their toes!" Lady luck is not invisible, the faculty and staff help us. Students are not the only ones in the game, teachers are the bankers, they guide us throughout the game and keep track of our gains and losses. When asked how big of a role they play in the game, Mrs. Baker said, "We play a major role... but the students play an equal role in the learning process. Education will not happen unless the students want it to. "So many others are involved as well. Where would we be without people that we never gave a second glance? Diana Tran (02) said, "The janitors are cool, I always say hi, and the Freshman and some of the Sophomores can't drive to go out for lunch so they would be hungry without the lunch people." These are the people we see everyday: without the food they serve we would have no brain power to learn day after day, and without the people who clean up after us we wouldn't be able to walk across the campus without stepping over cans and bottles. The path needs to be cleared, the right numbers rolled, and the right cards drawn in order for all the factors to be in place. Ms. Tahomont said, "We have the wining combination of students, faculty, staff, and spirit here." Just Remember that it is not always about winning or losing the game its about what you've learned while playing it.



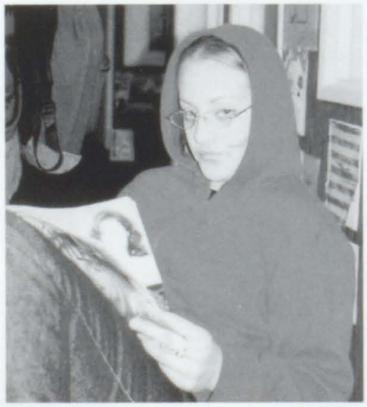
PROCRASTINATION

Munch, Munch, Munch, those Chez-its look good. Christine Barker (01) uses her homework paper as a placemat to help her finish off her delicious combination of juice and cheese.

Hurry, you don't have too much time left Mark Cruzada (02). As the bell approaches, Matt writes rapidly to finish the assignment that is due just before class period begins.

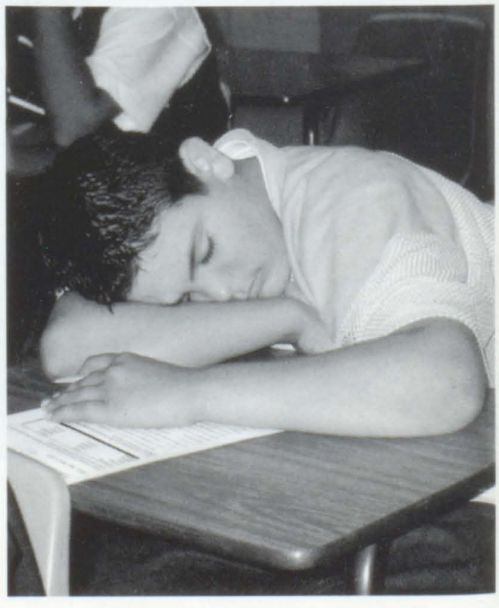


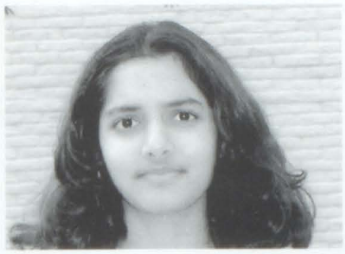
It's 8:39a.m. and one minute before first the period bell rang! Too late, the final bell just happened to ring! How many of us wait until last minute to do our homework?" I procrastinate because I work well under pressure," quoted Joyce Roldan (02). Raise your hand if you wait until last minute to do your homework? I should see everyone's hand raised! There has always been one time in our life when we forgot to do our homework at home and rush our selves to do it the period before it's due. "I have so much to do everyday that I always have to wait until last minute to do my homework." said Jay Patel (04). Those people with cars have it nice and easy. They can just go home during lunch and finish up their work . It was easy to procrastinate in high school, but just wait until you get to college it won't be as easy as you think!



How many times a week do you kick back and relax instread of working hard?

What you looking at there Yvette Alvarez (01)? Trying to be slick, Yvette takes out her magazine during class instead of doing her work. Hope the teacher doesn't catch you!





Top 10's of 2001

Elizabeth Wu: "Elizabeth, the highest praise, of course! The electrum of chemestry, a true elixir of elegance and eloquence. Elemental and elite, a source of elation and èlan. Certainly a simple elucidation to proclaim that Elizabeth is WUnderful!" - Mr. Abrams

Sumant Chakravarthy: "A gifted and motivated student, but baseball is his ticket into college, a great copier of Toda's ID lists!" - Mr. Stark

Lorraine Wang: "The most well rounded AP student I had, but I don't think she said word in class all year." - Mr. Stark

Carolen Maganito: "Carolen, you were magnificent in your magisterial command of chemistry and magical in your forays into magnetic media. A magnanimous spirit, and a future magna cum laude. Carolen, in my class you were 24-Carat." - Mr. Abrams

Riti Patel: "Riti exemplifies the satisfaction and joy that come with hard work, perseverance and thoughtfulness. Academics success combined with kind, unselfish service to others equal a wonderful young woman. Congratulations on your endurance, Riti!" - Mrs. de Schweinitz

Diana Hang: "Diana is more than ready to meet the new academic and social challenges that await her. Her smile, quick intellect and common sense are the winning combination that continues to light the lives of others. May you reap all the rewards of your effort!" - Mrs. de Schweinitz

Sara Leung: "Serene, smart, scrupulous and sassy (only if I bug her), Sara embodies everything a heads up senior should be. With a **HIGH GPA**, a choice of fine universities, and a full pack of lifelong memories of the **GOOD TIMES AT KENNEDY HIGH**, she's ready to move on to a whole new world *** Her superb listening skill and keen intellect will keep her a lifelong learner. Her welcoming smile and gentle manner will bring her many friends. And her self assurance will give her the confidence to travel through the wonderful opportunities of life. Her adventures will be breathtaking." - Mrs. Putman

Rea Laccay: "Rea...bright lady you are, and oh so talented. It isn't just academics in which you excel, it's community service, hardwork, making friends, laughing, listening to and caring for others. And it is stepping up to the plate when there is a job to be done. The way you balance academics with Titan service is astonishing; and Kennedy is a better place because you were here. Thanks, Rea, from all of us. Cherish the memories of a job well done." - Mrs. Putman

Kevin Toda: "Kevin use to come to class and do a great job before he met you know who, a very persuasive speaker. It's amazing that Sumant's and Toda's ID's were the same!" - Mr. Stark

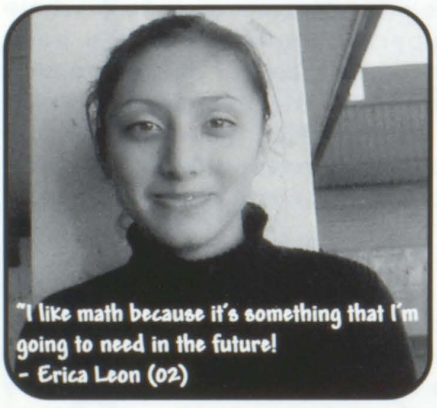
Eveleen Bhasin: "Eveleen, I can be certain from the eventful evidence that your hard work and even higher aspiration will not be evanescent, but most evincingly evolve into an eventual everlasting evocation." - Mr. Abrams

"Can't think, Can't think!" With a pencil in her hair, Diana Tran (02) wonders how she will finish her work today.

It's your Money

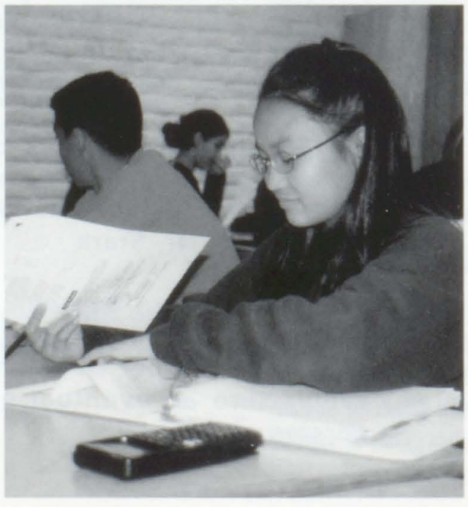
Remember way back when 1+1= 2? Over the years you have added to that simple equation. As the years went by it got harder, and some started to dislike math. Some believe Kennedy's math system needs improvement. Karissa Nuebel (01) said, "We need a new method of math and teaching, so students want to take math." Understand that there is a limited amount of resources and only so much money to work with. Mr. Scalia said, "if we had money we would be able to buy new things to get kids interested, but we don't so we will continue to work with what we have." In Integrated the students work individually, where as CPM students work in groups. As much as you dislike math, you will be happy you bit your tongue and stuck with it.

Top: Henry Yee, Bob Bailey, and Evans Kwok; Bottom: Debbie Brindley, Bob Newman, Anthony Scalia, Donald Connors, Margot Elloitt, and Yunor Peralta; Not pictured Maureen Shulz



"I like math because it's something that I'm going to need in the future!
- Erica Leon (02)

Taking a break from playing games on her T-I, Julie Arca (03) starts working on her math but is still thinking of Tetris.



Any time is good for Math. Joshua Baker (03) hurries to finish last night's homework while trying to pay attention during his club meeting.

Tick! Tick! Tick! Precious time slips by as Heather Martin (01) and Tanya Shaeffer (01) rush to finish their worksheets before the bell rings.

"Think. Think. Think." Sharlene Venkeng (04) racks her brain to try to remember the answer. Anthony Headrick (04) on the other hand, flies right through the test with nothing but ease.

Top: Tony Stoopen, and Rick Pfiester; Bottom: Adi Welch, Elvira Espinoza, Rick Patton, Mole-ika Lewinsky, Marty Abrams, and Dan Bega

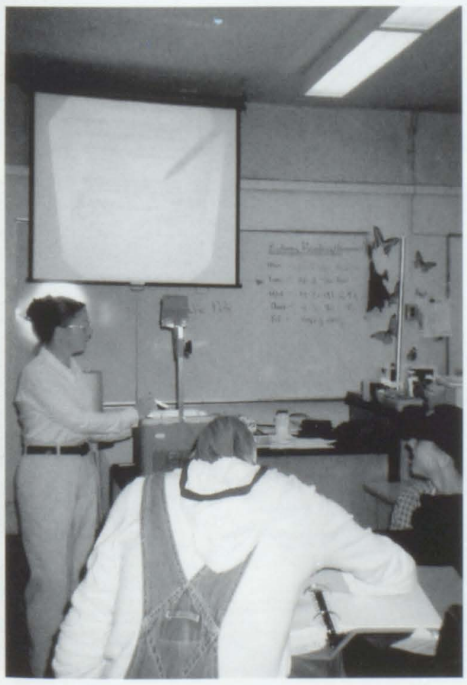
THE MAD SCIENCE

What? Why? How? The essence of raw science is evident in the courses offered at Kennedy. The teachers work hard to make their classes fun and provide a safe learning environment for their students. Whether it be livening up a boring lecture, or providing an exciting lab for the students, the teachers know what will work to make learning fun. "I like doing labs because we get to work with our hands," Nirav Shah (03) stated. The science classes are full of fun projects, including the infamous "Physics Cardboard Boat," which everyone looks forward to seeing (or sinking) at the end of a long and sometimes stressful school year... Just a little more fun for an otherwise hectic schedule.

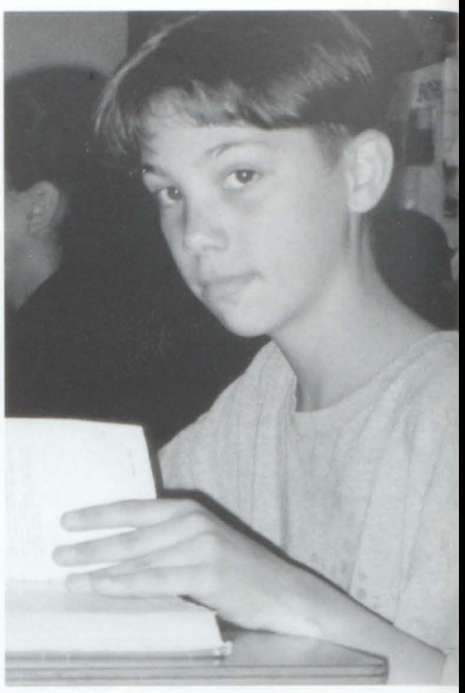
Student Poll

How many scientists does it take to screw in a lightbulb?

1 Scientist	23%
5 Scientists	45%
9 Scientists	32%



"Take out a pen and a piece of paper." Daniel VanLuchem (03) watches attentively as Mrs. Welch begins to gives her students a lecture. They better pay attention because there is a lot of information to copy.

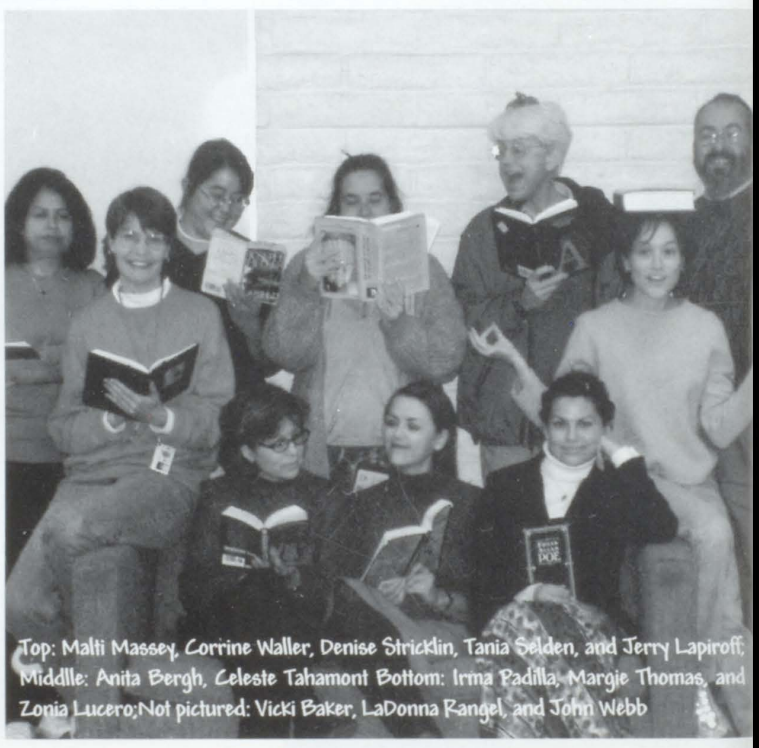


Don't think you're innocent! Alexander Garcia (04) looks up at the camera. "Why are you taking a picture of me?"

Get The Word Right

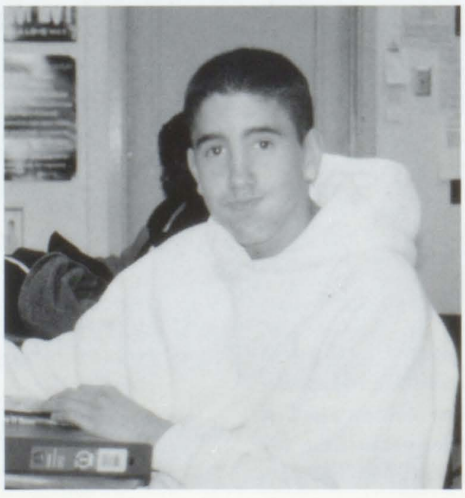
"To be or not to be. That is the question?" Haven't you heard this phrase once too many times? If you're a Freshmen and you haven't, don't worry you will. "As English teachers we hope to have students write well and present their ideas clearly as well as be exposed to various aspects of literature -hopefully they will see how their lives are reflected within the works we read." stated Mrs. Rangel. Many people prefer English rather than any other subject because it's one of the few classes that allow students to speak their mind and say what they want to say. Sheema Nath (01) is one student who agreed, "I'd rather be in English class than in math class because in English I can think more freely!" In addition, it is one of the most important subjects you will ever take. To be or not to be. The question is should we or should we not have four years of English?

What else do you do you like to do in class besides paying attention?

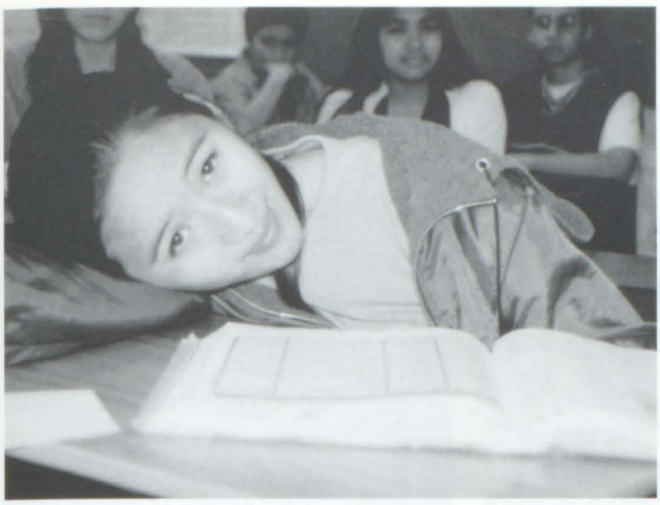


Top: Malti Massey, Corrine Waller, Denise Stricklin, Tania Selden, and Jerry Lapiroff; Middlle: Anita Bergh, Celeste Tahamont Bottom: Irma Padilla, Margie Thomas, and Zonia Lucero;Not pictured: Vicki Baker, LaDonna Rangel, and John Webb

Hungry?!? Do what Joey Royster (03) does. Swallow the pages of your favorite English book and learn by diffusion.



No Cheaters allowed! , Seer Ansari (01), and Majgan Fazel (01) look to Mariam Helmandy (01) for the answers. Little do they know she was too lazy to study last night and has no idea what she is doing.



Need a break? Instead of smelling the roses, Brandy Dao (04) takes time out of class to smell the binding of her book.

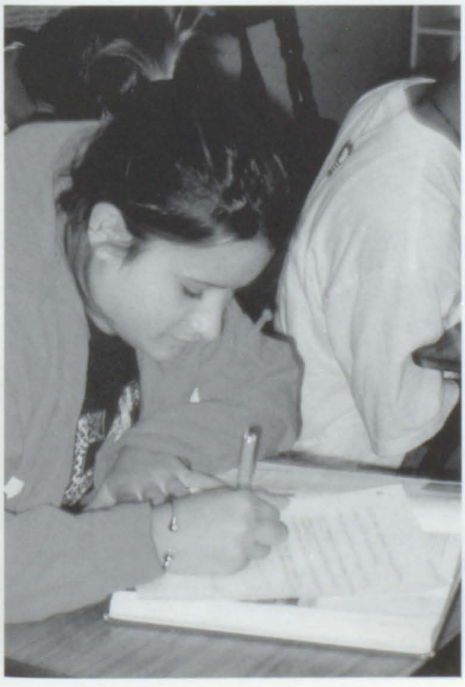
Wake up sleepy head! Maraiam Mojaddiddi (01) sleeps in history while her teacher gives a lecture. Should we wake her up?

Top: Edward Stark, Lou Ella Taylor, Sharon Kinkler, Olivia Santillan, Brenda Calvert, and Matthew Yale; Middle: Hillary Roberts; Bottom: Bob Sletten, Kathy Putman; Not pictured: Trina Bega

"History is fun. I learn new and exciting things every day." claims Nehal Patel (02)

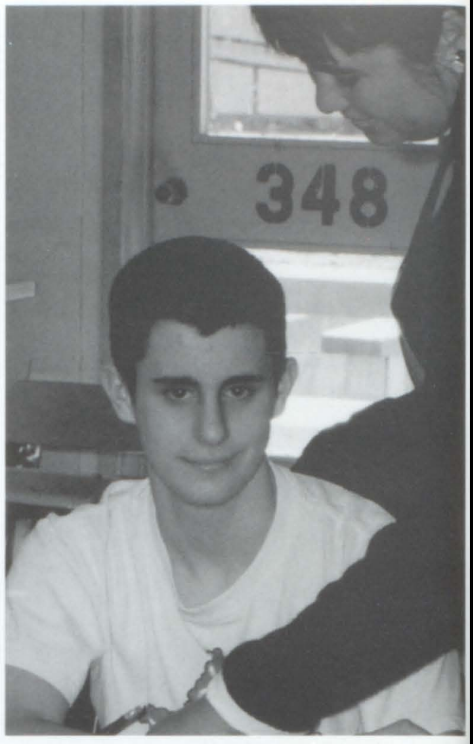
Go Back Two Spaces

Hakuna Matata, forget about the past! Why do you learn about history, when you need to concentrate on our future? "We learn history so we don't repeat the same problems we had in the past." quoted Andrea Abejuela (02). Timelines, events, historical figures, that's way too much information! Mrs. Putman stated with a smile, "First off I don't teach history, I teach government, however, I bring history in everyday to enrich and make government more understandable." From Freshman year geography to Senior year government you will come across a lot of information. Some of your fellow Titans will use the knowledge they have learned to become workers for the US Government while others may even come back to Kennedy and teach history. History well always be an endless journey. It keeps going- and going- and going and going...



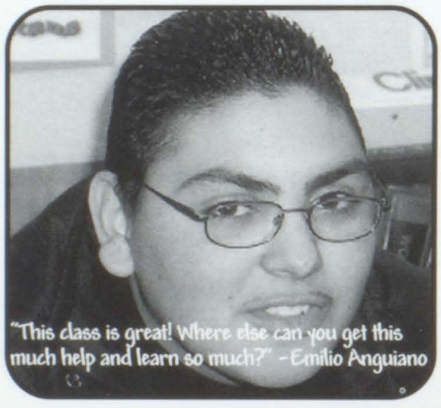
Study hard! Kaleena Broff (01) takes detailed notes. "While your at it wanna take mine too?"

"Hey teach... I'm tryin' to take a picture here... ya mind?" Jacob Small (03) tries to ignore Ms. Hunter's help while having his picture taken.

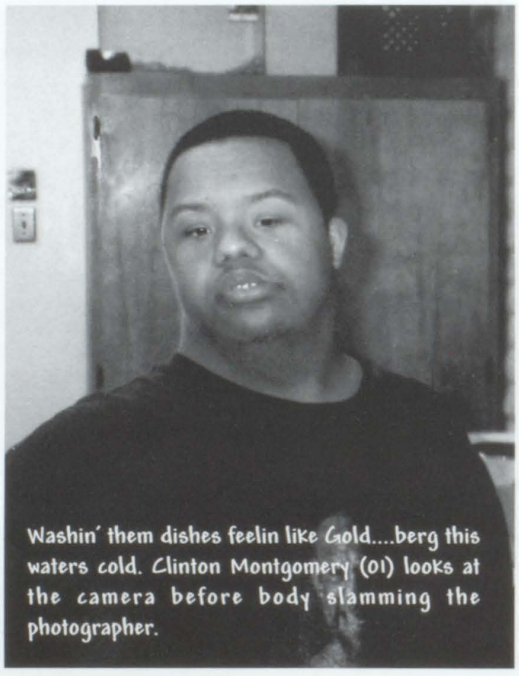


Their Own Class Of

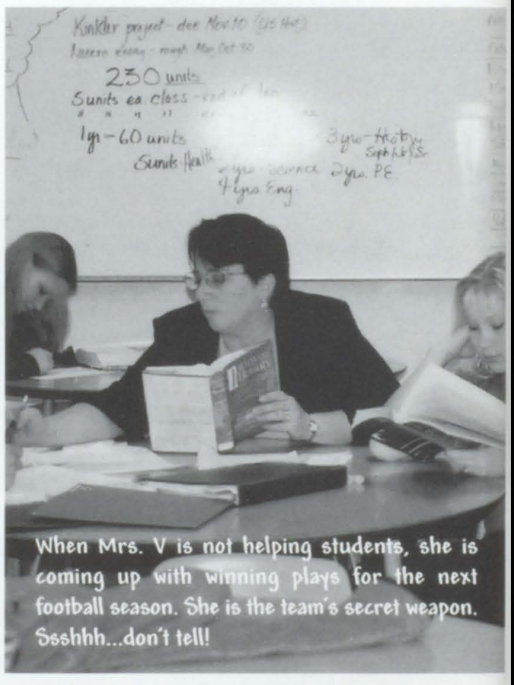
Kennedy High School has two types of Special Education classes, uniquely designed for students that have severe disabilities, and those with learning disabilities. These students are a valuable part of the student body. Lori Love, a special education teacher said it best when she said, "These students are just regular kids with different challenges!"



"This class is great! Where else can you get this much help and learn so much?" -Emilio Anguiano



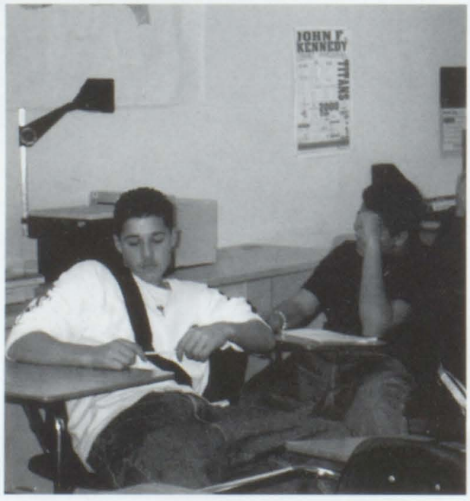
Washin' them dishes feelin like Gold....berg this waters cold. Clinton Montgomery (01) looks at the camera before body slamming the photographer.



When Mrs. V is not helping students, she is coming up with winning plays for the next football season. She is the team's secret weapon. Ssshhh...don't tell!

Favian Alvarez (04) thinks allowed... "Man Valentines Day is tomorrow, you think she would like the pencil?" The class is not amused.

Top: Sandra Nix, Haj Kanzaki, Janey Vasconcellos, & Maria Jetchev. Bottom: Terry Halterman, Cathy Howard, & Anne Nathan. (Not pictured: Linda Avignon-Wikke, Lori Love, Ginger Nesbitt, & David Petrovay)



(Far Left) Mrs. Cole and Mrs. Perreira take a break from their busy work, to smile for the camera.

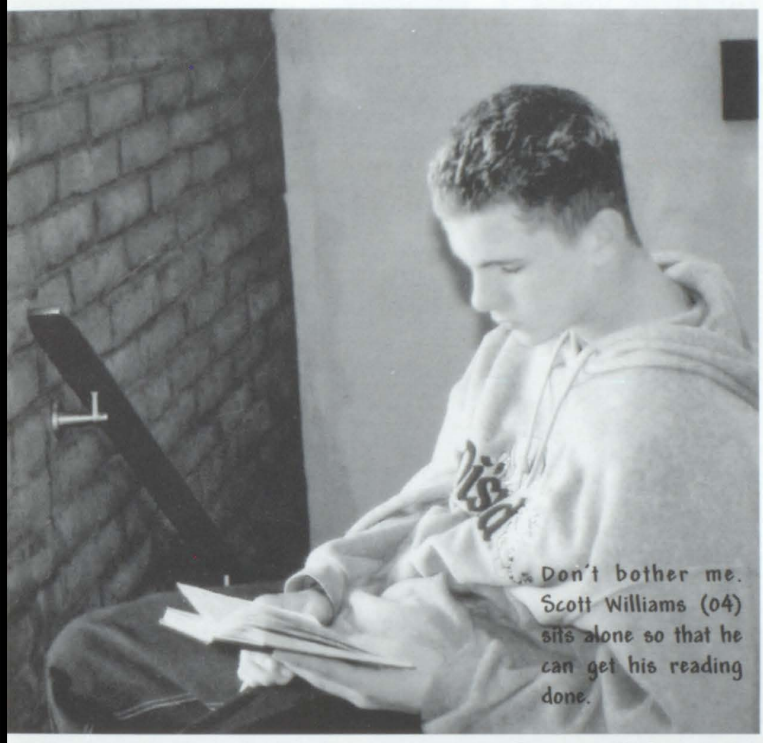
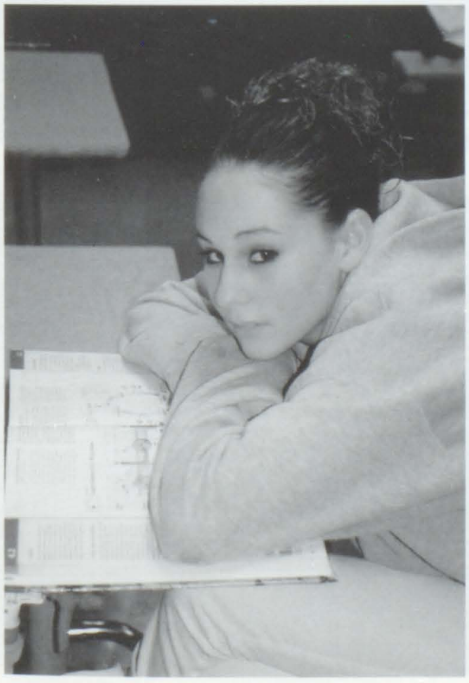
(Below) One of Mrs. Cole's many Ta's Tanya Berger (01) states, "The best thing about being Mrs. Cole's TA is all the free time."



Don't bother me. Scott Williams (04) sits alone so that he can get his reading done.

Helping Hands

When in a time of need, who is there to help our students out? Our "para-educators" are there helping students with their school work. The para-educators are caring and understanding. Just ask Cristina Hernandez (01), "I think that the para-educators at this school are very helpful. Without them the world would fall apart." Being a para-educator allow students the opportunity to correspond among each other, with one on one relationships. Peggy Cole stated that, "The best thing about being a para-educator is that you get to interact with the students, be on campus, and have T.A's." As you can see being a para-educator is a lot of work but at the same time it is a lot of fun. With the students working to their capability, the para-educators feel that they have done their job.



(Right) Looking relaxed and comfy Nicole Lujan (03) takes a peek at the camera. While she is suppose to be readiing.

"No ones looking right?" Aidan Ali-Sullivan (02) looks around the room just before he sneaks a bite to eat. Anyone else have a feeling this isn't what he is suposed to be learning?

So many languages, so little time. It would take nearly a century to learn all of these languages. Some of these can be learned right here at our school. "I've been learning Spanish for three years. I feel like I fluently know how to communicate in Spanish," stated Poonam Aggarwal (02). Foreign language can be useful in many ways. With most of the nationalities and cultures around the world represented at Kennedy, these classes are important for communication. This year a popular reason among students who took foreign language was to impress and to pick up on members of the opposite sex! " Hey Chico! Te ves muy bien hoy. Cuando quieres venir a mi casa para pasar un buen rato. Juntos?" This was a pick up line Emily Vargas (01) used on many boys this year. During your four years of high school all of you can learn the romantic language of French or the sexy language of Spanish.

Mrs. Cassidy had her class do exercises before they moved on to the days activity. Ms. Fikstad got to know the way things were done and tried to remember one hundred and fifty students names. That is what physical education was all about. Keeping physically fit, exercising and learning about how to play various sports. Learning how to high and long jump, and pumping weights in the weight room. Or playing Cricket on the baseball field. All the things you did to better understand how your body works and to learn about sports you never knew about before.

Leonardo or Picasso?

What are you going to be when you grow up? When you were little you might have responded, "I want to be a doctor mommy." As years past, some of you realized you had you had a creative side. Some changed their answers and thought, " a painter, artist, or a designer." Well now you can get a head start! From ceramics to photography, we have a wide selection of electives to choose from. Sagar Chokshi (04) said, " Even though I don't have a fine arts class this year, I am planning to take one during my Junior year." While some students take theses electives as a serious matter others take it for fun. "Out of all the Fine Arts classes at Kennedy High School, I enjoy photography, which I had my junior year. I enjoyed the class because I took pictures of my friends and develop them at a small cost!" said Vanessa Pulido (01). For years these classes have helped some Titans become comfortable with their career goal, and provided and enjoyable 50 minute for others. Maybe ten years from now there will be a Picasso or a Leonardo who descended from Kennedy!

As we move into the 21-century, we all need the skills that provide us with the tools to make it in this "Information Age". Kennedy, recognizing this fact, has provided us with the choice to take classes to meet and exceed today's standards. Applied Arts gives students many different ways to shine. For example, learning excel or PowerPoint in Mrs. Clark's CIP class, or learning to care, maintain and grow with a family in Mrs. Cloutier's Parenting and Child Development class. "Applied Arts is a great way to enhance self-esteem and self-goals. Everyday is a success!" said Amanda Borges (01). "You feel so good after you make something yourself, like a web page or your own floor plans" Alex Evans (01) said about Applied Arts. Applied Arts consists of Woods, CIP, Parenting and Child Development, and Web Page design. Each of these classes brings us all closer to the technology that drives us forward.

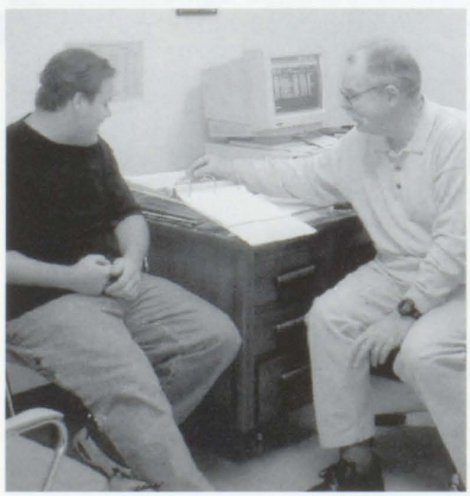
tHe Way Guiding

Everyone goes through hard times and may need help understanding the rules especially if you are a new comer. That's when the counselors give us guidance. "Keep all the doors open to your future so that you will always have a choice of direction," says Mrs. Lanham. Going through the school year is trying at times. With the hard work in the office, they manage to pull it off year by year. Mr. McEntee stated "Kennedy's class of 2001 was suppose to be the class that didn't exist, but I think it is one of the finest classes we've had here at Kennedy High School." These people have impacted the lives of students. "I really enjoy working with students at Kennedy. I get to have personal contact with each student. I love supporting them with their goals" says Mrs. Sherer.

Barbara Lanam, Teri Sherer, Jennifer Harper, and Kevin Mc. Carthy

Q: How many students do you send to Robertson in a month?
A: "Our school sends about 1 student a month. At the beginning we send more cause they don't fulfill their obligations in summer school."
-Mr.McEntee
Q: How many students cry when they are in your office?
A: "Only about 1 or 2 a week."
-Mrs. Lanham

"I don't want that class!" Matt Barnett (03) tries to get an easier class, but Mr. McEntee never actually lets students get what they want. He believes that if you strive you can succeed.



"What'd I do now?!" Kirk Roggasch (03) sits in Ms. Sherer office wondering why he is there. She gives him the "look" everyone is afraid of.

At Kennedy High School, we have a great team of administrators that help us get prepared for school, and they also help keep things running smoothly throughout the year. "Often times, success comes after the second or third trial," says Mr. Nodlinski. The administrators never give up on us; they always help us keep trying. Dr. Q stated "I am inspired by all students, their respect, and all their eager faces. Their inquisitive minds and assertive community posture make me happy to be a member here at Kennedy High School team, which is charged with providing guidance and opportunities." Through the years we have had many administrators come and go, lets just hope that this great group are here to stay.

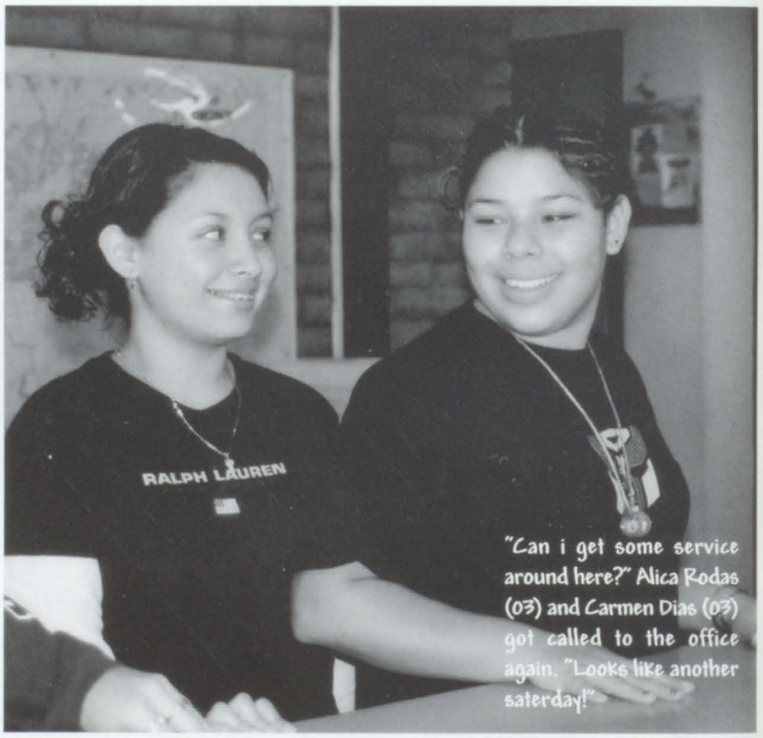
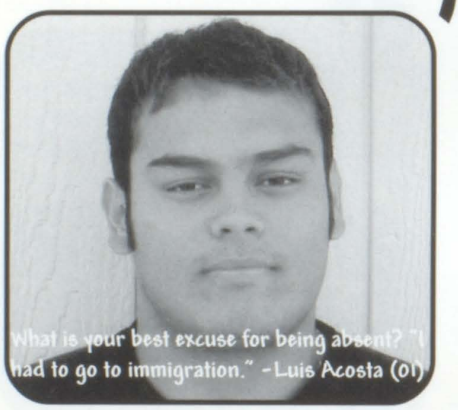
Scorekeepers at School

Who are the official score keepers in the game of education? In the game of our school, these people are the secretarial and clerical staff. They keep the records of our tardies and absences just like a scorekeeper keeps track of each players moves. So do we consider them bad guys? Cassandra So (01) replied, "No, I don't consider them bad guys because I don't cut to the point where it's obvious and as long as they're not getting me in trouble it's all good." When asked if she was ever scared of getting phone calls home Laura Oswald (02) stated, "No, because half of the time I answer the phone and hang up." Cutters, you're taking a big risk, keep in mind the staff knows the ins and outs of this game. So If you cut consider yourself lucky otherwise face the consequences.



"Can i get some service around here?" Alica Rodas (03) and Carmen Dias (03) got called to the office again. "Looks like another saterday!"



What is your best excuse for being absent? "I had to go to immigration." -Luis Acosta (01)

"I don't mind dumping the student's trash, I love the kids so much!" said Belle Camarena (Cus. 1) Well, our janitors does not seem to mind if we trashed up our school. But no one wants to do more work then necessary, so next time when you see garbage from the ground pick it up and throw it away. Do you smell what the Rock is cooking?! Oh wait that's not the Rock it's our cafeteria ladies cooking a storm full of yummies!! These ladies get to school before we even wake up and put something together for us to eat in the morning. "I like waking up early in the morning and cooking for our students, it's rewarding," said Sue Imfeld (child nut. Mgr.). However, these ladies sometimes even let us PASS GO without paying. We are thankful that they provide us with healthy and unhealthy junk food (Hehe).

SPORTS

make your move

Seconds ticked...shots were taken...crowds screamed...these are the exciting moments that all sports fans and players looked forward to. Everything was on the line and victory was tasted in the air. 3...2...1...The final scoring attempts were made, and the game was over. The things that people remembered most: staying out with friends, meeting new people, and showing what school spirit was all about. "I loved how at the Homecoming game Kennedy students from past and present came out to unite and cheer on our team," commented Erica Brechtel (03). Whether it was on the field, in the pool, or on the court our athletes gave 110% everyday at practices and games. So maybe not all their endeavors were successful, but in the hearts of the coaches, fans, and parents, the work they did was the best. They gave everything that they could emotionally and physically. We all have known that sports are supposed to be fun, and as Weston Walker (03) put it, "School sports give students a chance to have fun with their friends while doing something they enjoy." These players move through with steadfast perseverance to dominate the plays and collect the prize. As we looked back at this years' sports, we see that our teams improved, and learned from the mistakes they might have made in the previous years. That is all thanks to all the hard work and determination that these fine athletes and coaches have put in, this year's teams performed at the peak of excellence. "Many hours of hard work and dedication go into creating an athletic event. The time the coaches take doing their scouting in the evenings and weekends is incredible. Also, all of the off-season training that the athletes do to make themselves better is evident in the way that they present themselves in their sport." Coach Pete Michaletos commented on behalf of all the coaches. The teams this year were small in number, but they proved to everyone that size does not matter; it is how hard you fight for it. Though the days looked long, and practices longer, these athletes have shown everyone again and again what it took to make their move, and to make those moves count.

Breaking Through

They have high expectations as to how far they can take themselves on the field", states Rick Mata (01). While you are on the field you always have a leader. Coach Mike reflects back and says, "I think this is the greatest job ever. I have been here for 36 years and every year I have a super group of kids. Everyday is a new challenge." The Varsity Football team has a lot of heart and knows what it is like to break through the challenges set before them.

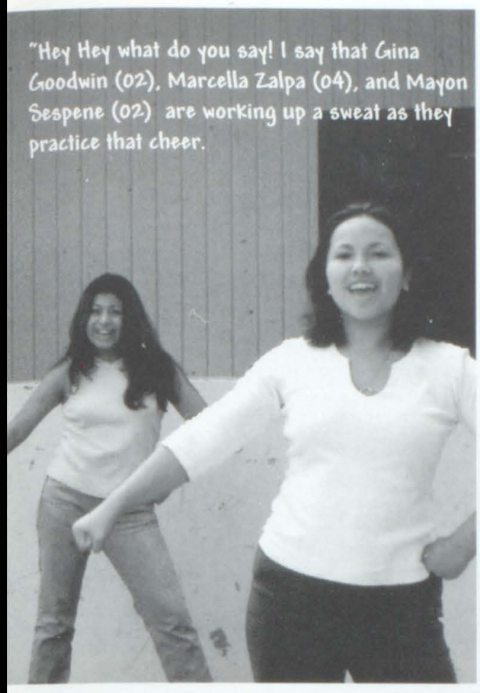
Vogue! Vogue! Vogue! Amanda Silva (03) stops to strike a pose as she shows us what shes working with. When she puts one arm up and the other out and smiles with a smile to die for!!

G-O Lemme' hear you say Go, Go! That's right you'll be hearing more than just chant, that you see when outstanding action. Our Spirit Squad in ladies created an awesome display of Kennedy spirit through song and dance. The 2000-2001 squad consists of four returning girls and welcomes five additions to Kennedy's unique team. As one of the returning cheerleaders says, " This year Amanda Silva (03) has been super, and the girls are very cooperative, It's hard working with girls that are new to the squad, but all- n-all we're doing great." The girls went to UC Santa Cruz for cheer camp and while they were there, they earned Kennedy recognition in stunting by receiving a Golden Spirit Stick, one of the greatest forms of recognition while at cheer camp. "This is my first year of cheerleading and it has been the best, but the best part was camp, learning all those dances, and I will love and miss you guys", says Marcella Zalpa (04). Though our Squad might not be the biggest, they still have the enthusiasm to take control of the spirit of Kennedy.



"Hey Hey what do you say! I say that Gina Goodwin (02), Marcella Zalpa (04), and Mayon Sespene (02) are working up a sweat as they practice that cheer.

"This is my first year on the squad and it has been enjoyable, and I hope to return next year, and I will miss Sarah Teixeira dearly".
-Sparkles Sibley (02)

"When I was first told I was on the squad, I was kind of scared. I thought they'd pick on me because I'm the smallest of the girls, but they didn't. We're all really close and have a lot of fun together. Cheer wouldn't be the same without the other girls".
-Ashley Perreira (04)

"This year we started off new. All the girls are much younger than I am. (I'm the only Senior on the squad). I had to teach them everything I knew. They caught on quickly, and made my last year on the squad very memorable."
-Sarah Teixeira (01)

Smashing Through with Titan Pride

The Lady Titan tennis team comes to the court with more Titan spirit than ever. This group of competitors has the ability to take everything to the next level.With the addition of some new players, the girls promised to give their all as a team with Titan pride. "We tried hard and had fun working together," said coach Stark who is always there to help and support his team in their every matc for victories. Every match, the Lady Titans went out there with good intensions and positive motivations to win. Helena Zhao (04) said, "I really enjoy playing tennis. The coach and the team members are great." It did not matter who they played because they always put up a fight to the very end. "We may not have always won, but we tried our best and we always look cute in the uniform" commented Elizabeth Wu (01). Indeed, they struck each ball with their Titan Pride, and tried their hardest each game.

Hurry! Would ya? Seema Aggarwal (01), full of determinations, stands ready to receive the serve from her opponent. And that's the point, set, match.

We have a lot of new people, and a lot of new talent, and a lot of Everyone gives 110% and works together, which made us a great team." Rebecca Gentrup (01) said about how they played this year. They all worked very hard and it shows in each game as they strive to win this season. On the other side of the ball, there is the J.V. team. "We have a very young team, but I believe that in the next few years we will work together more and be a great team. I am more and more confident with playing the game now and I hope all of us improve" said Cara Cuison (02) about the season. With a little determination these lady titans can go all the way. This shows in each of the players eyes as they work harder each day.

The clock ticked away... The boys got ready... People started cheering as the Titan's Varsity Basketball team came to the court full of desire, dreams, and determination. Our team consisted of many returning players, which heightened the possibilities of making it to the M.V.A.L. Finals. The team wouldn't have been as good as they were without the help of coach Dave Domelle, who helped train, discipline, and support them all way throughout the season. The team has shown a great effort to make this season even better than the last. "We better chemistry have because we all play as one and we great cooperation and communication with each other," Aldo Difede (02) says. In the locker room, Coach James and Coach Ernie lectured their players about the opponent's tactics. "It's always a good idea to get the team pumped before the game," said Coach Ernie. The excitement produced at every game depended mostly on whether or not each player was determined to play with his greatest potential. Inspiring pep talks from the coach's before games prepared each player to play his very best. "The coach always tells us to be focused on the game. And not what is around us." Says Jason Freitas (03). Many team members agreed that most of their accomplishments would not have been achieved without the encouragement from the other players. No matter how hard the challenge was, each J.V. and Frosh player would always set his mind on the goal of winning the game. They were proud of their wins, as well as their losses. "We win as a team and we lose as team. The most important thing is that we stick together" said Rod Barcely (03).

Run! Aaron Zaragoza (03) sprints down the court in the final drive of this exciting game. He knows that speed is everything in this game.

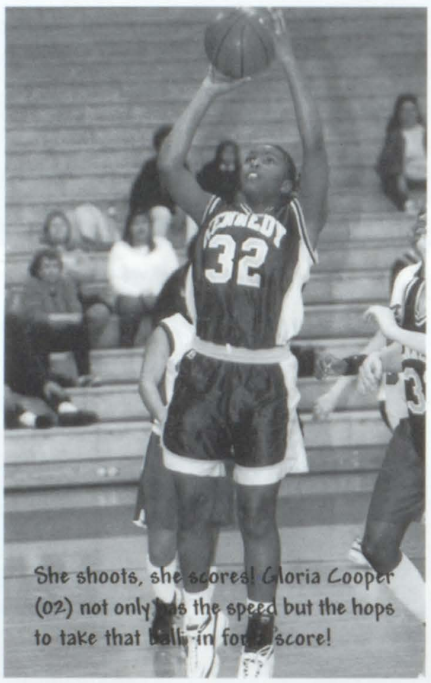
In For a Score!

Strength and determination are only two words that began to describe our Girl's Varsity Basketball team. When asked Felicia Tan (01), a Varsity captain, about this season, she gave many incites on the team. "I think we surprised a lot of people. The whole season we improved, and made adjustments to fine-tune our squad. Too bad this is my last year because I see only good things happening to this program in the future." First year coach, Thirkell Debelliot, other wise known as Coach D, also had a few things to say about the Lady Titans. "Everything was on our side except time. We had a late start but the girls didn't let that factor get in their way. They continued to work hard. With only two returning Varsity players, we lacked experience. Rebuilding program will take this time but the only way we are going to go is straight up." Though their record might not show it, these players showed a great deal of heart and never gave up no matter what the odds." With constant improvement this team will prove successful in the years to come.



She shoots, she scores! Gloria Cooper (02) not only has the speed but the hops to take that ball in for a score!

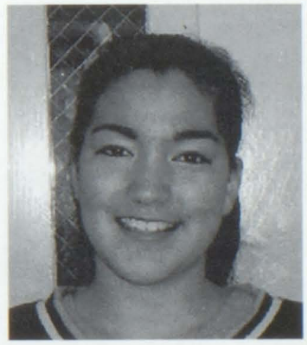
"I feel that this year we have a lot of talent, and if we just pull together and play as a team we will be more sucessful."
-Alyson Noble (03)

"This year was tough. We learned that nothing comes easy. We had our ups and we had our downs, but the important thing is we made it through together. Boo! I am leaving. Good luck in the future, make me proud. I love you guys!"
-Felicia "Shorty" Tan (01)



"Because we only have two returning Varsity players, we had to learn to work together as a team. I can tell we are getting better by every game we play. I know we will finish the season off strong."

Court full of Dreams

Hey, wait a minute! Why were those Titans wearing skirts? Oh, it's the Junior Varsity Girls Basketball Team. This year's team was filled with young talent and a lot of heart. With leading player, Erica Scoles (04), the team looked like it was going to come out on top. Erica said, "This team is very dedicated, and when we work together, we got a lot accomplished. But most of all we were out there to have fun and to learn." And that is exactly why sports should be played. With a record of 1-3 the season started off kind of rocky and as the season continued not much changed. The season ended with a 3-9 win/lose ratio. "I have a fine group of ladies, we are hard working week, and the team is improving every both ends of the starting to play court," said Coach Richard Scoles. Hopefully during the off-season this group of ladies can work hard achieve a well rounded game. No matter what though these girls will be a great addition to next years varsity basketball team.

Open up! It's coming in! Cara Cuison (03) looks for an open teammate to pass to as the play develops.

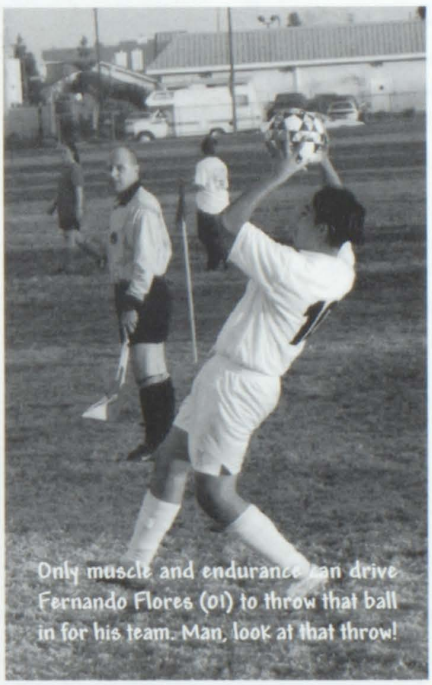
As sweat dripped off our Kennedy Titan Soccer Team. they waited patiently as the ball glided into the goal. and made the winning score for the game. Soccer is a game of inches . every inch counted in making those winning goals. It is also a game of being fit and working as a team to beat your opponents. "Physical ability and a kick butt attitude on the field," Jerry Torres' (02) was what having a good answer was to attended any of our soccer team. If you this year. you might guys' soccer games their skills and have noticed that improved a lot since strength have years soccer team. last year. On this major part of being teamwork was a able to pat your successful. Being back and say. "Its teammate on the next time" was a OK" or "We'll get a team. "We had a major part of being year. Unfortunately lot of talent this use if you don't that talent isn't any said Manuel Farias work as a team," (02). As you can see our Kennedy Titans soccer team will be a constant success as the years progress.



Only muscle and endurance can drive Fernando Flores (01) to throw that ball in for his team. Man, look at that throw!

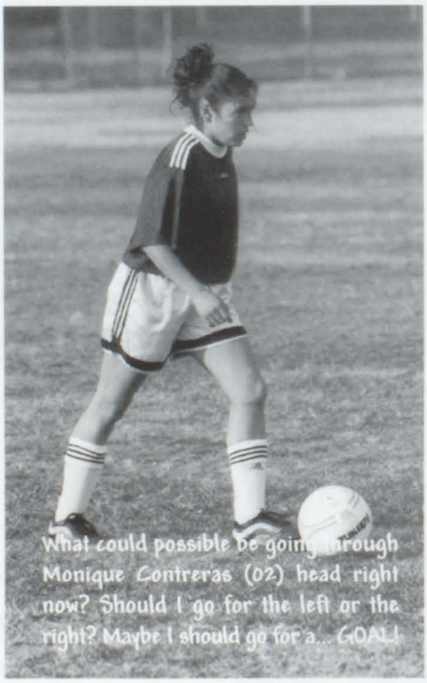
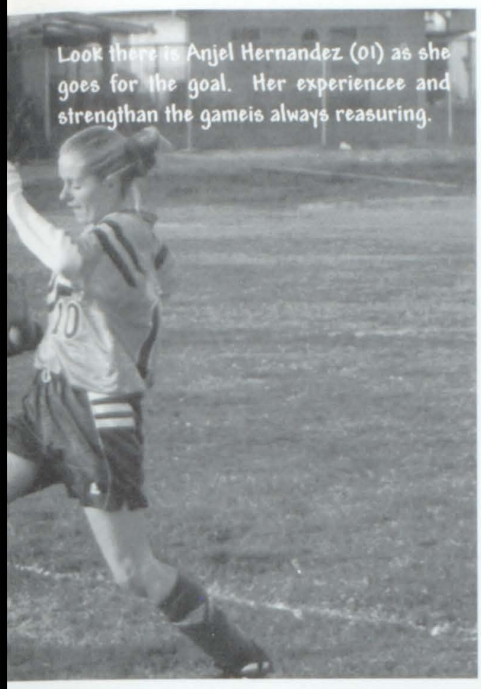
Kickin' It High!

Tension was in the air as the Girls Varsity Soccer Team went for another goal. As the crowd screamed and the coaches smiled, they knew they had just won another game. If we were to take one look at the Girls Soccer Team, one notion that will come to mind is dedication. To have a great team it not only take's long practices but working as one on the field. Monique Contreras was asked why she enjoyed playing soccer and she replied, "Because it is a fun game and I love it." All the endless drills built the Girl's Soccer team's strength and tolerance for each other this past year. They learned to keep one another's spirits up and stay focus on the field. Allison McDonald (02) said, "To make a team it not only takes dedication, but talking to each other on the field." These girls strived until they reached each of their goals. When they were down they went and pushed a little harder and knew that one more goal would save the game.



What could possible be going through Monique Contreras (02) head right now? Should I go for the left or the right? Maybe I should go for a... GOAL!



Look there is Anjel Hernandez (01) as she goes for the goal. Her experiencee and strengthan the gameis always reasuring.

"I think that we had a really great season. We played our hardest. And the best part about the season was when we beat Logan."
- Kathryn Choy (03)

"I enjoy playing because I get to meet new people on the feild. Soccer pushes you to do something that you wouldn't normally do."
- Maria Ramirez (03)

"I enjoy playing soccer because it's my favorite sport and its competitive."

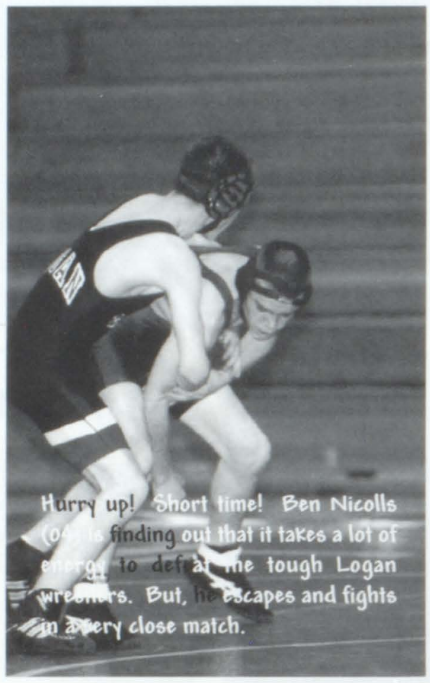
The Tournament Of Champions

"Shoot! Shoot! Now Sqeeze!" These words rang through the gym as the Wrestling team fought their way to a victory. Team captain Mark Chartier (02) said of the team, "This year started off really good. I hope by the end of the season that everyone will improved their skills and reach the goals they have set for themselves." Though the team was small this year, they proved that size has nothing to do with it, it's the heart that gets shown each time they step on the mat. "This year, with the team being small, has had a slow development. It makes it hard to practice, but the team is starting to come around. This team shows a lot of determination and that's what we need." Coach Mora said about this young team. When a group of people have endured gruelling practices for months together they become a family. This is shown in how close this years team became. They were also ready to welcome a new member to their family, Jimmy Trujillo (03). He commented that, "The other guys really started to open up to me when I started wrestling and showing them moves. They were the first friends I made when I came here. These guys are really great."



Hurry up! Short time! Ben Nicolls (02) is finding out that it takes a lot of energy to defeat the tough Logan wrestlers. But, he escapes and fights in a very close match.

What's all that racket about?

Who were those kids huffin' and puffin'? No, they were not the track team, they were the Badminton team. This year Coach Nay Thu started off the season with the usual drills of running liners to keep his players in shape. Not only did badminton consisted of a net, racket, and a birdie but it consisted of many willing and dedicated players. Badminton was a sport of skill and concentration. Khaing Sabe (02) said, "Badminton is not as easy as it looks. It takes a lot of mental as well as physical skills to master the game." This year's team had a lot of young talent. When asked how this year's team differed from previous years, Lorraine Wang (01) stated "What we lack in experience, we gain in spirit and dedication." This year with their determination on side Coach Nay Thu and the team were confident in taking on many wins. Their records showed how their hard work has paid off. With spirits high the team will look to take on many wins in upcoming seasons.

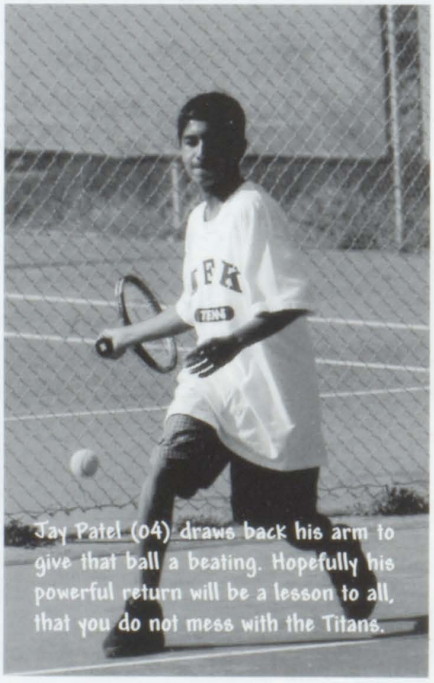
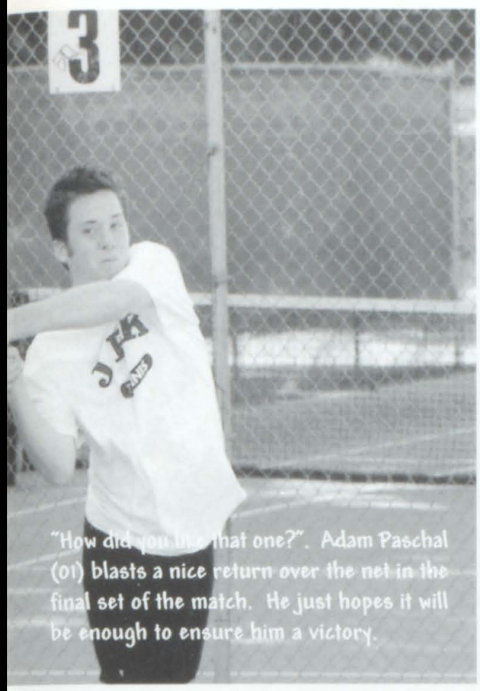
We 40-Love It

...And So Do They

Tennis anyone? This year's 2000-2001 boys' tennis team was definitely not on the hook. So you know what that means. It was off of it! " I think compared to the is the best team awhile," said (01). I think it's we all agree. had a great coach expectations to way. " I just beat Logan and league." Stated year's team was it had no effect on outstanding teamwork. When (01) was asked this season, he though I didn't would have liked there for the years before, this we've had in Adam Paschal safe to say that Luckily the team with high push them all the wanted to at least come in 2nd in the Mr. Stark. This very diverse, yet the player's display of Paolo De La Cruz how he felt about answered. " Even play as much as I to. I still was team and I knew that I was a part of it." In retrospect, the team had a good season, and hopefully the J.V players will play next year so we can continue winning.



Jay Patel (04) draws back his arm to give that ball a beating. Hopefully his powerful return will be a lesson to all, that you do not mess with the Titans.



"How did you like that one?". Adam Paschal (01) blasts a nice return over the net in the final set of the match. He just hopes it will be enough to ensure him a victory.

Back Row: Amit Shah, Sagar Chokshi, Armon Rezaee, Bipin Venigandla, Mun Ho Lee. Middle Row: Ccoach Stark, Jarick Veniciano, Dave Chen, Ken Nebre, Charles Wu. Front Row: Andrew Espitia, Jay Patel, Alex Varnava. Not Pictured: William Tran, Binh Dao, Hiep Nguyen.

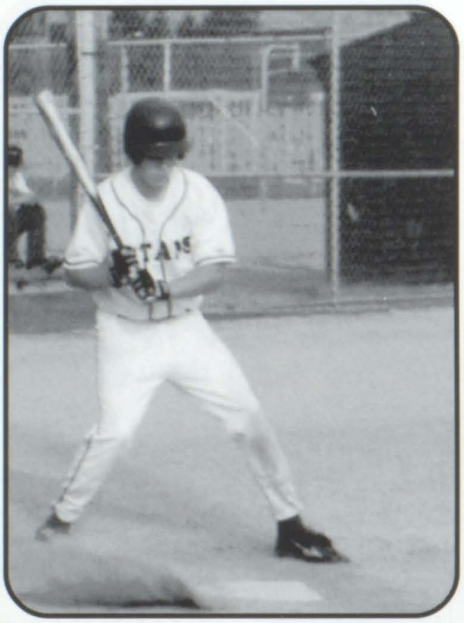
Right Picture: Jehan Demji (04) smashes the ball over the net to add another point to the Titan scoreboard, and make him the winner of the match.

Left Picture: Come on! Let's see what you've got! William Tran (02) stands ready for his opponents serve. The look of determination on his face would be enough to intimidate any one who stands in his way.

Back Row: Aldo Difede (02), Brian Vasconcellos (01), John Edmondson (02), Louie Goletto (01), Jake Hogan (01), Nick Castaneda (01), Daniel Hogan (02). Front Row: Coach Russ Fadeff, Matt Shibata (01), Rick Mata (01), Jerry Torres (02), Sumant Chakravarthy (01), Adam Leege (01), Isaac Corniel (02).

Watch out for that pitch! By the look in Aldo Difede's (02) face, he is full of determination to win the game that he serves a winning pitch. It looks like he really knows what he is doing.



Above: Jake Hogan (01) readies himself for the on coming ball and concentrates hardly to give the winning bat. Nothing can hold him back from striving for success.

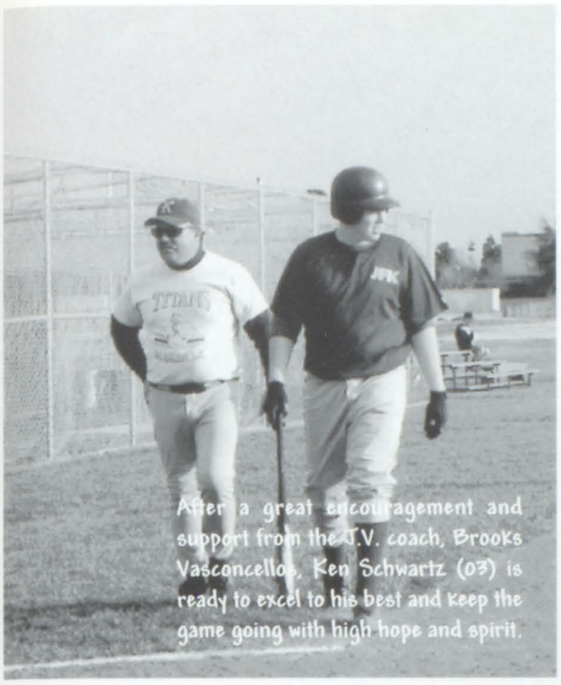
Right: A strong look in his face and the right position of his arms and legs give Joey Roister (03) the determination to hit the ball with all his strength and endurance, while his other team mate awaits and readies to go home base and get the score. It's all about team work.



After a great encouragement and support from the J.V. coach, Brooks Vasconcellos, Ken Schwartz (03) is ready to excel to his best and keep the game going with high hope and spirit.

Back Row: Brian Latrielle (04), Kenny Schwartz (03), Matthew Montague (03), Joey Royster (03), Michael Siegfried (03), Ross Roman (04), Mike Johanson (04), Daniel Easterday (03), Joseph Naicker (04). As ambitious young men as they were, the Titans' Boys J.V. and Varsity baseball team started off their season with high hopes and great teamwork. Although the season started roughly due to rain, both teams did not take that as a challenge to hold them back from keeping the game going and striving for success. "As long as we play how we can and do what is expected of us, we can beat anyone," said Isaac Corniel (02). Everyone in both teams showed perseverance and they all stayed committed to the game. The guys faced some obstacles, but they overcame those difficulties with everyone's cooperation and experienced returnees. "Our team has a lot of returnees and experienced year, but there this are always hills to overcome," quoted varsity member, Adam Leege (01). Coach Larry Murray helped and supported them in grueling practices everyday, and sometimes, Saturdays, rain or shine. "Coach Larry worked hard for us, not only for our own good, but for our teams to be better," commented Mike Siegfried (03). Everyone was dedicated and determined to reach their goals and ambitions, and hope to play again in the future.

With high expectation look in his face, Ricky Killeen (04) is seriously determined to hit the ball for a homerun, making the Titans proud and keep up the Titan pride.

The sun was shining and the crowd was as loud as they could be while another Kennedy game got under way. Both the Varsity and J.V. teams stretched before the game and headed out on the field. When asked Varsity player Rochelle Valles (02) how this year has been for the team, she responded, "This years team has a lot of character and is real scrappy. But I have my confidence in them to pull through the year." They were constantly fighting for victories and trying their hardest on the field. Erica Nieto (02) said "This year we need a lot of work together and work hard we will make the best of it." When a player made a mistake, their team- mates helped boost her confidence back up so she could go back out on the field knowing she was going to make a great play. The J.V. team has had a lot of improvement throughout the year. All the girls tried their hardest and put up a mighty good fight for more wins. Lydia Quintero (03) said, "Since it is a whole new team we have the chance of experiencing a lot together and we can grow together." The Lady Titans Softball teams were much stronger and their opponents were given a run for their money.

JUMP N' DIVE

We're comin alive!

Gliding through a pool near you! Our JV and Varsity swim teams worked their tails off during practice this season. All the hard work and long hours of swimming day by day did pay off and it showed this year. Although some days might have been cold and dreary our swim team stuck it out and worked to achieve some of their goals during this season. "What I love most would be the coaches. Jeff Handcock (Varsity coach) and Mrs. Waller (JV coach) are enthusiastic coaches with high goals and expectations of each and every swimmer. They are the reason why I keep coming back to swim for the team," said Kristin Steinert. (02) Their strength and endurance proved to help them complete the year on a successful note. When asked what Hana Rosenberg (01) liked and disliked about being on the swim team she replied, "I love every thing about swimming, the only down side to it is the tan line." It's clear that the swim team will continue to strive for the best and continue to rise to the top.

Aww..! Look whos cheesin' it for the camera! Carolina Nava (01) sure looks like she is having fun during swim practice today!

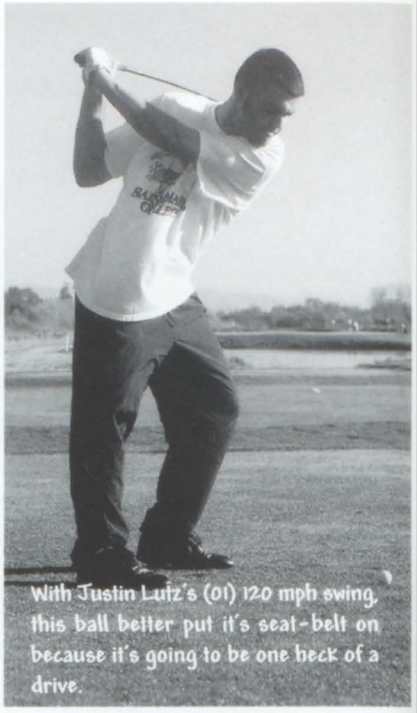
The Grass is always Greener



With Justin Lutz's (01) 120 mph swing, this ball better put it's seat-belt on because it's going to be one heck of a drive.

We be clubbin'! or shall I say they be clubbin'. This year's golf team was precise to a tee with their drives and their putts they displayed during the season. "This year has been filled with both good and bad news. the players I have are lots of fun and very dependable. Now for the bad news, and that would be it is very hard to find golfers at Kennedy that can meet the time and scholastic requirements and on top of all this we have to compete with baseball, track, and badminton. Next year, I hope that there are a lot more experienced and motivated golfers. But without the help of coaches Howard Bush and Pete Michaletos, our program would not exist." explained Coach Eckstein. Even though the difficulties of having a small team were hard to overcome, these men exceeded the expectations of many students. Hopefully, this team will increase their talents throughout the years to come.

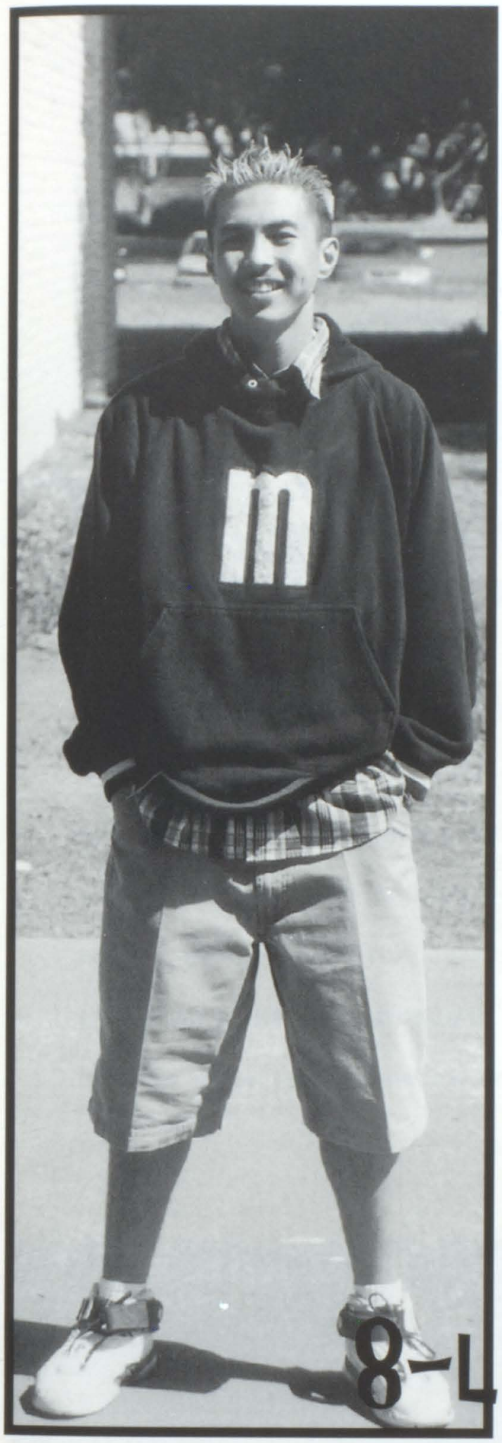
Why do you play golf?

Justin Lutz (01) "I like to play on the golf team because it's an easy way to play for a cheap price."

Alvin Paras (02) "Golf is a challenging sport. I like relaxing on the green."

Dan Stephens (01) "I play golf so that Coach E can help me improve my game."

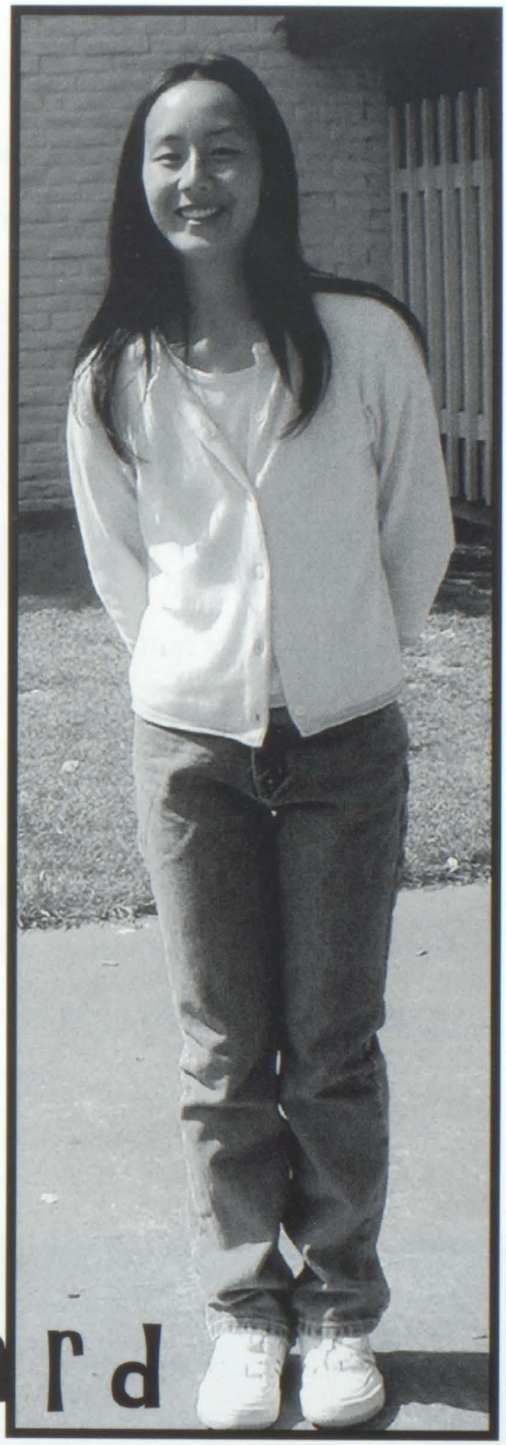
Holy smokes! Alvin Paras (03) just turned that ball into dust with his four iron. Oh wait, that's just what the ball left behind after being driven 175 yards.



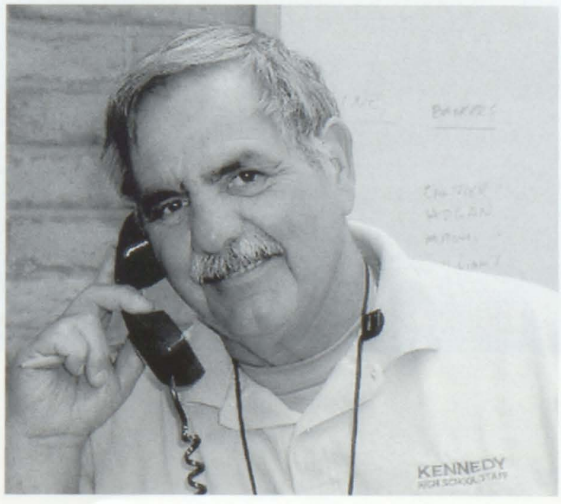
8-Letter Award

The 8-letter Award was an accomplishment that was highly respected. It was the greatest achievement that a Titan athlete can accomplish. The fact that only two students received the award in the 2000-2001 school year, helped prove that getting all those letters was not an easy task. The two hard-working Titans were childhood friends, Felicia Tan and Americ Alvarado. They were both able to balance out their time to shine, while making academic and athletic achievements. Take it from them, it was a lot of work, and the people of JFK know this. Felicia Tan (01) gave these inspirational words, "I've learned that if you go hard, you'll see the never-ending possiblities that lay ahead of you." Americ Alvarado (01) believed, "I would not have been successful without the support of my teamates and coaches."

Many athletes dreamed of receiving the prestigous 8-Letter Award, now this dream was a reality for JFK's two favorite athletes.



"Americ Alvarado (01) has been an all around great athlete these past four years. He is a very versatile guy who is dedicated to what he does both on and off the field, court, or track. He may not be pretty but he gets the job done." -Coach Michaletos



"With an athlete like Felicia Tan (01) running for you, it makes being a coach a little easier because she takes on the role of a leader and helps push the others athletes to their limits and achieve thier best."-Coach Michaletos

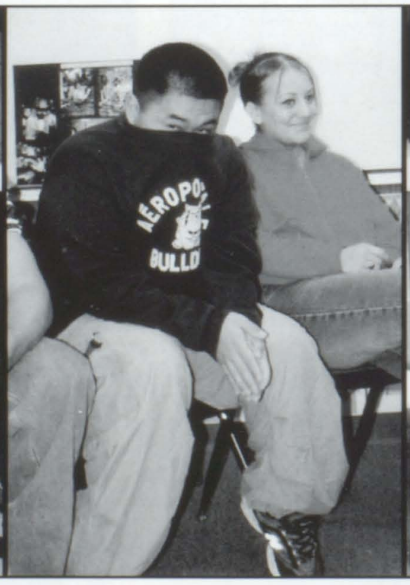
community chest



A trip around the globe would be great but a trip to Kennedy High would be even better, don't you think? John F. Kennedy High has many diverse cultures from around the world. Almost every type of culture was represented at our school. "Clubs are organized so that students can express their own cultural while also expressing it to the students among Kennedy High School and for students to experience varieties cultural" said Niky Luia (02). Clubs encouraged students to stay in school and have fun as well as to give students opportunities to learn about others' cultures. "Clubs have the potential to be a powerful force on campus, they can enrich and empower students while giving them a sense of community", said Ms. Tahamont. Each club has tried to bring about a greater cultural and community service awareness. "There are many types of campus organizations that each student can explore. There's always a club for someone that has the potential to boost up one student's self-esteem and open up their talents." said Teresa Santos (01). In order to leave a memorable legacy, clubs organizes fundraisers and provide services for city-wide organization. Also, it gives Kennedy students a place to go. "I like helping out our community. It makes me feel really good inside knowing that I helped someone out that needs me. Even if it was to go to a homeless shelter once a week, I know that I can make a difference in someone's life," said Rachel Lo (02). Clubs have a big effect on students it helps us to take these experiences to bring about a greater knowledge.

"I kept looking for someone to solve the problem.. and then I realized, I am that someone." I would like to thank the staff members and my fellow classmates for honoring me with this prestigious award. I encourage all future Titans to get involved and make a difference. Service above self.
-Ed Curammeng

"It's not how much we give but how much love we put into giving." I've used the kindness god has given me into giving my time to other who are in need of it. I truly enjoy community service. No experience could've been more instrumental in shaping my future.
-Rachell Ponce

"If you think that something small cannot make a difference, try going to sleep with a mosquito in the room." Thank you everyone for honoring me with this award. I love minute of being out of class
-Felicia Tan

"Life is a mixture of living and longing, learning, and growning. With loving and laughing filling in the gaps in between." Thanks to everyonewho have filled in the gaps in my life. It's people like you I strive to work hard for. Take care and remember me always.
-Rea Laccay

"Service in the modern world takes far more than knowledge. It takes stamina, courage, a desire to learn , and the ability to make good use of one's learning." Remember, the most rewarding gift is making someone smile, so shed happiness where ever you go.
-Eveleen Bhasin

Hi! I am really happy to accept this award but, I would like to dedicate this award to the many others whom have helped this school too. This is for them!
-Philipp Alvarado

"All the things make a BIG difference." A simple smile here and there changes everyone for the better. Everyone that has ever known me, has always supported me in whatever activity I did. This motivated me to do unto others as others done unto me.
-Americ Alvarado.

"Kindness in words creates confidence. Kindness in thinking creates profoundness. Kindnessin giving creates love." I have been blessed with family, friends, and teachers that have always been there for me, and I have been more blessed to have been able to serve our school.
-Elizabeth Wu

I am very thankful to be given this honor. There isn't anything more rewarding than making someone smile, that small difference in a person's life or even painting the "V" in Victory. JKF is worth fighting for! Thanks Kennedy!
-Matt Cruzada

A Taste OF EverythiNg...

Kiesha Davis (01)
Black Student Union

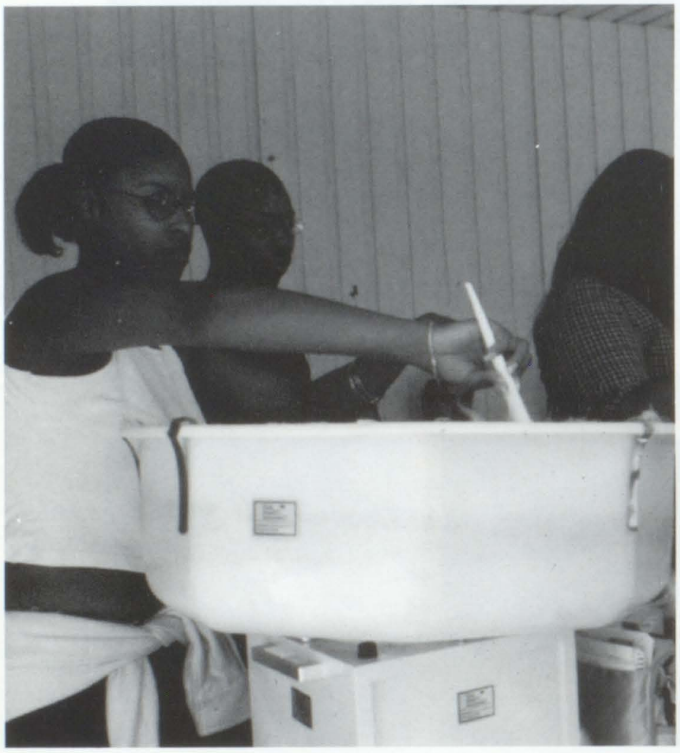
"In the past, BSU was not fully represented. Many people did want to participate. It is hard being a president of a group that was let down so many times. Now we are ready to move on... Everyone is welcome, I am very proud of this years BSU. Keep up the good work."

Ann Nguyen (02)
Kids Cheering Kids

" As the President of Kids Cheering Kids I organize/ plan club activities, such as our trips to the Tri-City homeless shelter to interact with the sweet little kids, with the help of my cool Vice-President Cara Cuison."

Jessica Jaramillo (01)
Perpetual Movement for the Sisterhood

"As President of the P.M.S club I try to make it possible that everyone is heard, I make it a point to encourage team work and responsiblity for all activities that take place. I wish that I was here one year longer to watch the P.M.S. club bloom.



We're Busting Out

THE CLUBS NO ONE KNEW ABOUT!

Arcelia Gutierrez (01)
Crossing The Bridge

" Crossing The Bridge has given people a chance to do someting and have a deeper understanding of elderly people. I know the hours that all club members have volunteered has made a difference. The satisfaction we get is seeing their smiles and a new thought of hope."

Khaing Sabe (02)
Leo Club

"Basically I oganized community service events and I also try to find more fun activities that will encourage different varieties of people to help others. Such as going to the Wine and Arts Festival here in Fremont once a year."

1) What are you doing there Ms. Thang? Shaurene Gilkey (01) shows off her massive skills as she uses her stick to make cotton candy. 2) Eew! We serve those stuff? Khaing Sabe (02) gives a bad look to Jamie Rojo (02) while she serves her customers. 3) Hey Carolyn Maganito (01) I want a piece! She cheezes a smile for the camera. 4) Oh My, there's always time to study even during an important meeting, Rachel Lo (02) and Tiffany Ng (02) skim through their book while their president gives directions. 5) Seema Aggarwal (01) poses for the camera while wanting to leave her meeting.

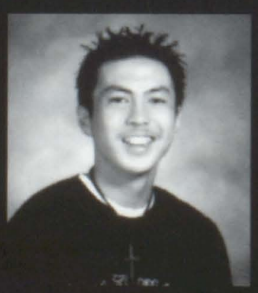
Hard work and dedication is what keeps these clubs giving you what you want and keeping a smile on your face. This year the Black Student Union (BSU) has really picked up the pace and is more active than ever. BSU teached the students about the African American culture and organizes trips to different types of African American Museums. The Perpetual Movement of the Sisterhood is one of our newest clubs that promote self-esteem, positive body image, gender, and sexuality discrimination, and it is also a place for young women to discuss emotional and personal issues, in a safe, and non-threatening environment. Kids Cheering Kids (KCK) is about going to the Fremont Tri-City Homeless Shelter, and taking time out to spend time with the childern so they feel that there is someone there who cares about them, however KCK is also combined with Circle of Friends. Crossing The Bridge is a club that goes to local senior citizens homes to play games and spend quality time with the elderly, so they don't feel alone and neglected. The Leo Club helped serve our local community. This club is also sponsored by one of the largest community service called "The Lion Club International," and being a member you learn to become a better leader.

i Help you and you Help Me!

Working together to make ends meet.

"Being a member of DECA has made a lot of difference in how I can handle my job. It helped me prepare for what I should look forward to in searching for a future job and what I should expect in the working world."

Ann Huynh (01)
DECA



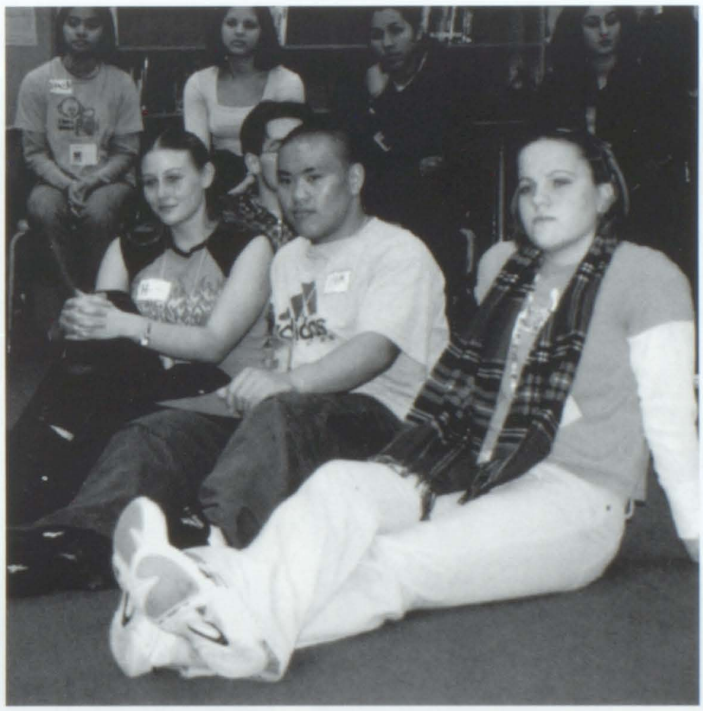
Americ Alvarado (01)
Peer Advocate

"I joined this club because I wanted to help others with their problems as well as flet everyone know that someone will always be there for them."

Alice Tsai (02)
American Red Cross

"I hope students can gain experiences and the joy of helping others rather than working for community service hours."

The American Red Cross club provides young people with useful skills and opportunities to help others in our community. The Red Cross Club's advisor, Mr. Stark, said, "In the future, I hope that we can encourage more people to participate, because one can gain a lot of experiences by being a Red Cross volunteer in addition to community service hours." Members of the club help to raise funds for those in need, help with disaster preparedness, education, and relief. The Peer Advocate club is also a class during school hours. The students in the club learned to help other students to deal with their problem and letting them know that expressing their feelings will help to solve their problems and to not stress over them. Melissa Anino (03) stated "It makes me think to give things up and achieve the goals I want to. Ms. Roberts is really nice and she gives me pointers and advice for my problems." The Peer Advocate program gives students a chance to speak their minds to fellow students and try their best to help them. Deca is a national association of marketing education students. Educational leadership development activies are provided to teachers and members of Deca. Roman Suarez (01) said, "It gives you good leadership skills and it is fun because we get to travel and meet people from all over the United States. Deca's goal is for its memebers to develop a "Career Success Kit" to carry into their business and personal lives after graduation.



Gina Spoelman (02)
Peer Advocate

"I joined Peer Advocates because I wanted to do good for other people and be someone they could talk to."

Zinnia Sandoval (01)
DECA

"Being enrolled in DECA, I feel that it is a great opportunity to recieve several experiences in the business field."

Left- Right: 1) Won't you be my lover??? Ms. Farhat Amin (01) shows off his boyfriend Larry Mares (01), nice costumes! 2) What's going on here? Mayra Rodriez (01) Jocelyn Barber (01) Ann Huynh (01) and Wais Sulaiman (01) prepare for their upcoming mini-conference. 3) "First I would put myself into their possesion," Darian Harris (01) expresses his own statement as everyone around him watches and listen. 4) Hey! We're really listening! We're the Peer's sudents L-R, Heather Kwartz (01) Cham Ming Chung (01) and Kristin Steinart (02). 5) Ready guys? Alice Tsai (02) (President of the American Red Cross) can surely handle her job while running a lunch meeting.

"Trick or treating for cans was the Interacts Club's best activity so far this year. We helped raise over 4,500 canned foods for the homeless all in one night!"

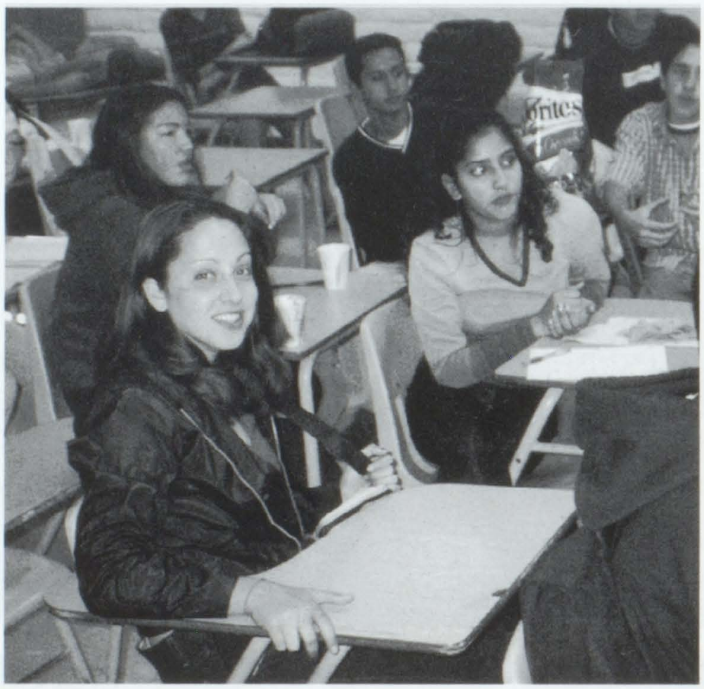
Tiffany Royster (02)
Interact Club

Carolen Maganito (01)
Filipino Youth Coalition

"I enjoy the fact that we are able to come together at our meetings and plan events and small activities that we can do to just have fun and learn about the Filipino culture."

"I like the idea that Chinese people can get together and have fun. We plan on celebrating the Chinese New Year as a club with a trip to San Francisco."

Yu-San Huoh (02)
Chinese Student Union



Service With A Smile

Celebrating Unity in the Community

"My favorite part about being a memeber in the Chinese Student Union is that we get free food! and also go on a trip to San Francisco!"

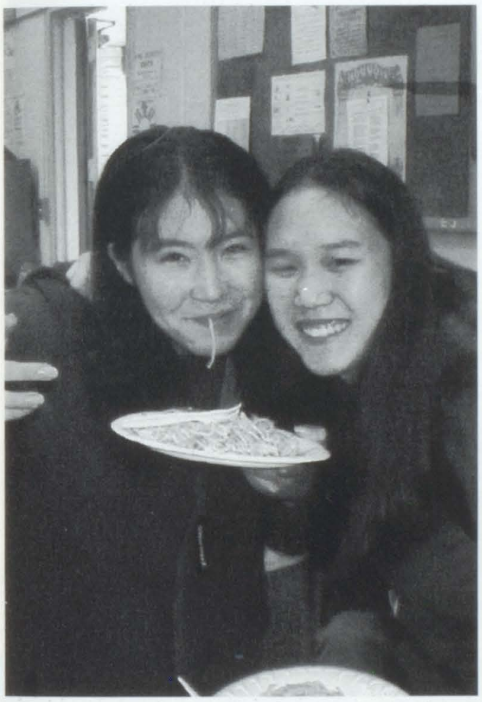
Victor Hum (03)
Chinese Student Union

Mark Cruzada (02)
Friday Night Live

"I enojyed the Spoken Word event that the FNL Club put together earlier this fall, it was a first for many people to be given the chance to share their thoughts. It was cool!"

(Left To Right) Interacters Megan Glover (02), Rukhsana Serang (02), Kevan Shah (02), and Jackie Shibata (02) excitingly wait for their next chance to Interact with the community.

A masked super-hero shows off the super sexy in drag Christian Villagomez (03). Noodles are always fun to share as Juliana Wilson (02) and Amy Lam (02) slurp up their tasty chow-mein! Diana Tran (02) shows off her skills that even tiny tots can have big mouthfuls during the annual FNL Mummy Wrap! Hoy! Genna Panoringan (03) and her fellow FYC clubmates listen carefully to the upcoming events they will be participating in.



Two of Kennedy's community-service based clubs strived to give back to their communities with the Titan spirit. The Interact Club was one of the service based clubs on campus with a big interest amongst students. Ahmed Erakat (02) explained his goals for the Interact club. "We plan on holding more awareness weeks during the school year, and also plan on adopting a child from Brazil with the funds we have raised." Teens of Kennedy be bored no more. Friday Night Live was a teen-oriented club that ensured safe and healthy events for teens in the Bay Area. Service clubs were not the only clubs at Kennedy giving back to the community. Pssst!! The Filipino Youth Coalition and Chinese Student Union continued to perpetuate their cultures by sharing with the Kennedy community their traditions and customs. "I enjoy CSU because we get to learn about our heritage and interact with others like myself," Jeremy Kwon (03) said about the CSU club. The Chinese Student Union and Filipino Youth Coalition both incorporated fun activities to inform and teach students their cultures while always leaving an extra serving of rice to those curious to learn more about the club and their activities.

Motivation for your mind and inspiration for your soul

Getting Into The Groove

Vanquynh Pham (02)
Vietnamese Club

"As the President of the Vietnamese Club I try to persuade people to become involved with the Vietnamese Culture throught out the year instead of just exposing it during multi-cultural week."

Yu-San Huoh (02)
Club Earth

"Club Earth is different from other clubs, instead of helping people, we help the Earth. I don't think of Club Earth as a job , but aa a fun activty making a difference."

Payal Chokshi(01)
IPA

"Since, I'm President of IPA I try to encourage all the Indians to get invloved with their heritage. Multi-cultural week was just a taste of what IPA has to offer."

Salsa and M.E.Ch.A . introduced the history and importance of many Latino traditions, holidays and dances.Their performances during Cinco de mayo and Multi-cultural Week showed their hard work and effort. They also sold candy to pay for their personal dance instructor and beautiful costumes. Club Earth was another one of our active clubs, that made our enviornment a better place. Members went to each classroom and collected cans, plastic bottles, papers, and etc.Their main contribution to our community were beach clean ups, trash collecting while hiking on Mission Peak, and tree planting in Fremont. (IPA) Indian Pakistan Association met once a week to organize their upcoming events. After International Week many schools around the bay united to perform a massive cultural show; filled with exotic dances, spicy food, and a grand finale fashion show.

The Vietnamese Club held several fundraisers such as: Vietnamese sandwich and candy sales to help provide money for the needy in Vietnam. They also used that money on a fieldtrip to San Jose State University and watched students who represented the Vietnamese Clubs from all over the bay perform their dances. All of these clubs had something in common, devoting their time and effort into their community especially the youth, and helping out the less fortunate. Joining Clubs was a great way to meet people and be more confident about yourself.

Maria Bustamante (01)
M.E.Ch.A

"Being a part of M.E.Ch.A gives me a sence of cultural pride and gives me the opportunity to give back to the school and community."

Heidi Sermeno (02)
Salsa Club

"My goal is for people to learn, have fun , and enjoy the experience while it last. I try to let people know that you don't need to know how to dance to be in the club, but be willing to take a chance."

1.) A few of the Vietnamese Club members stop and smile for the camera as they wait anxiously for more students to sign up. 2.) Club Earth members, David Murray (03), Tim Chen (02), and Andrew Nguyen (02) stand around chatting pretending to collect recycling boxes for Club Earth. 3.) 'What's this all about?! I didn't know that humans can also be recycled!' exclaims Victor Hum (03)!! 4.) During an I.P.A meeting, Arcelia Gutierrez (01) Uzma Shoukat (01), and Sheema Nath (01) look enthusiatic as they discuss their agenda. 5.) Beatriz Martinez (01) and Roman Suarez(01) shake their bon bons as they practice for their performance in the quad.

Associated Student Body

The leaders of our school made up the A.S.B. They were generous students who put in extra effort and sacrificed their time to organize fun activities for Kennedy students to enjoy such as: International Week, lunchtimerallies, Spirit Week, and shool dances. Every hoomroom, while students were either sleeping, doing their homework, or chatting with friends, these dedicated Titans took advantage of their time and met weekly to discuss upcoming events, express unique ideas, and organize future plans. "I've been an A.S.B. officer ever since I can remember! Not having homeroom is not such a big deal, but it would be nice to be able to do last minute homework!" said Belinda Yan (02). Meetings were led by our A.S.B. President, Rea Laccay (01). With plenty of help from fellow classofficers, commissioners, and advisor, Coach Webb, they were able to create an exciting year. Members were encouraged to complete an extensice amount of community service hours by fundraising, supporting canned-food drives, and serving at homeless shelters. Our A.S.B. members not only served our school with dignity, but they also served our community with pride. And because of the hard work and tremendous effort by our Asociated Student Body, this year was full of extra smiles and laughs.

ending the game

As you begin to fold up the Kennedy game board of 2001, you start to realize that the game is over and there is no turning back. Maybe this year went by way too fast or extremely slow, whatever the case may be, as long as you had fun that's what counts. Without our players making their moves we would not be able to go to the Kennedy stands while t giving support to teams on the field. "It's fun cheering in the stands while your friends are hanging out with you," explains Andrea Abejuela (02). Kennedy has a mixture of classes, some that are easy while others require many extra hours of dedication. For example journalism student, Tracy Vanderwyst (01) explains. "Journalism is not an hour class it's a commitment that is 24/7." Even though these classes are a commitment they also let you have fun at the same time. When is the only time when the teachers and staff let the students go crazy and express our school sprit? Of course this is the week before the Homecoming game. This year's Sprit Week took place during the week of October 16 thought the 21. It was full of excitement and sadness. Nancy Hang (04) said, "It's sad that we spend so many hours working on Sprit Week, and it's over in a matter of seconds, but it's worth it." All this comes to an end at the Homecoming game where all the winners are announced. The class of 2001 breaks the curse of staying in third place and claims victory. The Freshmen classe of 2004 got a taste of high school life in the new millennium. The Sophomore and Junior classes with a little more experiences, prepare themselves to be upper classmen and enjoy their last years at Kennedy. While this year's Seniors walk the hallways with their heads up high and saying, "Lets enjoy it while we can". Before you Advance to go and collect 2001... flip through the pages of "Legend" and bring back 2000-2001 school year memories that will remain in your heart for years to come.

Diapers to Diploma

Seema Aggarwal

Dear Seema,
Congratulations!!
Seema, we are so proud of you. It is so hard to believe our baby is graduating! We wish you all the best on your new ventures in college and in your career. We also wish you continued success and happiness in life. We all Love you,
Mom, Dad, Sanjay, Sunil, & Grandma

Anthony Alix

May you be as inquisitive in your future as you have in your past. ie. Locking yourself in the trunk.
-Mom/Pops
Two things come to mind when I think of you: Peanut Butter and Barron.
-Manwell and George
Do as good in college as you do cutting my hair. Thanks!
-Jeremy
Yelling at your homework paid off! P.S. white shoes and red mud, ring a bell?
-GMA and GPA
You matured into a caring young man.
-Don Carmel
You made it! Go chip a tooth.
-Sara and Steve

Aaron Allen

Hi Son,
I guess this is where we are supposed to say how proud we are of you and all that stuff. But what we want to say is Thank You! Thank you for being the person you are: funny, smart, creative, and strong in your beliefs. All these qualities we know will see you through whatever you choose to do. We congratulate you – Dad said to say "I love you boy!"
Love you son, Mom & Dad

Yvette Alvarez

Hija estoy muy orgulloso de ti, de todo tu empeño y esfuerzo que has hecho. Sigue adelante con tus estudios, siempre estaremos aquí para apoyarte. Que dios te bendiga. (Tu papá). Charles Corbera

I know a man of spirit and strong character; a man who holds the future in safe hands; a man who makes us so proud. That man is you, our son.

Edward Curammeng

To our Dearest Eddie Boy,
One of our most vivid memories of your childhood was your fear of leaving us. You finally did it! Good job Eddie Boy! Not only did you grown in size but also in wisdom. May the path that you chose takes you to your aspirations that are self-fulfilling. Remember you are loved and will always be no matter what happens. After all, you are still our little Edward.
Love, Mom, Dad, Sis, Charlie, Grandma & Grandpa

April Dauth

April,
when I looked down into your little face 18 years ago, I never dreamed time would fly by so fast. You're filled my life with happiness as I watched you grow-up. I am so proud of the beautiful, intelligent and responsible young woman I see when I look at you now. Take time to have fun and enjoy the rest of your life because it really is too short. All my love always, Mom

Jessica Dolimont

Dear Jessica,
From a quite shy little girl, to a vocal headstrong young women. With determination and perseverance you have overcome incredible obstacles in your life and are a better person for it for it. Be proud of your achievements, but let it only be a sleeping stone to bigger and better things. Work hard, stay focused and always remember to enjoy life. Success is nothing if you are not happy. Congratulations! Love,
Mom, Dad, Danielle, Destiny

Leticia Felix

Letty,
Words can't really how proud I am of you. I know it's been a tough year, and you've accomplished a lot! You have proved, when you want to accomplish something. It can be done, you have good goals for the future and you'll succeed. I'll always be there for you! And I'm lucky having a sister like you!
Love, Lydia, Enrique, Lenina and Melinda and Rubio

Congratulations Charlene,
We have loved watching you learn, grow and dream. Don't lose your goals. Remember " Shaah" can be found thru out life, not just in the sky.

Love
Mom. Dad, and Sissy

Jeanette Gibson

Congratulations Jeanette.
We are so proud of you. It is so hard to believe that our youngest child is graduating and you have grown up into a beautiful young woman, the world is open to you.
We love you,
Mom and Dad,

Don't forget to stop and smell the flowers!
Love, Barbara

Shaurene Gilkey

Shaurene, our little "Baby Girl", you did it! We know it was a hard and bumpy road, but you managed to come through like a shining star. We always appreciate your extra efforts at home and your drive to be the best at anything you do. You will always go places if you extend your arms and spread your "WINGS". We love you with all of our hearts.
Dad, Mom and your brothers

Louie Goletto

Dear Louie,
I thank god everyday for giving me a son whose sense of humor and great personality has enriched my life so. Grandma told me time after time " There is something very special about Louie". It's very hard for me to realize your becoming a self reliant, independent young man. Robert and I are very proud of you. And we both Love you so very much. Love Mom and Robert

Arcelia Guitierrez

Felicidades Arcelia

Carolina Nava

Dear Carolina,

Last summer, you spent your summer teaching horseback riding. To think you were not walking yet, but you enjoyed horseback ridings.

Your high school years, you have done lots of traveling to: Washington, Utah, Nevada, and Oregon. In August '99, you were in Australia.

Since last April you have been part of Northern California Editorial Staff for the Pot of Gold newspaper for California Rainbow. Keep writing your articles. They get great reviews.

Your freshman year, you made captain of the J.V. cheerleaders. Sophomore year, you made the J.F.K.H.S. J.V. Football team. All for years, you played in J.F.K.H.S. band. Oh! Yes I forgot, you also played soccer and made the Varsity Swimming Team so far for 3 years.

Carolina you are a star in our eyes. Keep achieving for you. Have fun in college.

Love You,
Mom, Dad, Esperanza, y Matianita

Karissa Nuebel

Time For The Next Step!

Thanks for the many friendships and memories. I treasure them all.

Deborah Brindley

After 34 years of teaching in Fremont, Deb you have earned your retirement. 34 years of grading papers, preparing for classes, working evenings and weekends, you enjoyed working with students, and cared more than they will ever know. 17 1/2 years at Cabrillo, 16 1/2 at Kennedy. Now it is time to slow down, enjoy a new life together, travel, volunteer, garden, read, and enjoy our new home.
Thank you, Deb. My best friend,
Love, Ken Brindley

Congratulations Class of 2001

Paolo DeCruz

Paolo,
Your brilliance, you depth, and your wit have always been a source of joy and pride. Your power of expression brings vividness, and color to anything you write. Your perception coupled with your pure heart makes people grow fond of you and seek your help always. Congratulations on all your milestones, especially keeping the balance of school, work, and varsity tennis. May you always be blessed with the strength of character as you reach out to others. We love you. Mom, Dad, Claudia.

Melissa Maddon

Melissa,

I have watched you grow up from a timid little girl to a beautiful young lady with much to look forward too.

Your very athletic and good at what you do. And even tough I missed a lot of your games my heart was always with you. I'm extremely proud of you and I love you very much. Go after what you want in life and you will succeed.

The days of elementry school when we used to have screaming competitions and glitter makeover parties are expired.... Now the mismatched outfits and green socks are gone, and we're graduating with caps and gowns. We've been together through thick and thin & nothing will ever change that! *Corie & Natalie*

~ Sisters ~

Anna: Ever since I can remember it's been Anna and Kristy. Where ever one was the other was sure to follow. Remember "Hi I'm Anna Marie and I'm 3." =) U never cease 2 amaze me with your strength & I just wanted to let u know that I am so proud of u. U have faced obstacles that only I can imagine. I admire u 4 everything u have done and continue to do. Jillian: We've been through everything together. From little kids to young adults we've shared each other's memories. Through the good and the bad, u never turned your back on me and I love u 4 that. Never forget Aerial & Pearl.Antoinette: The memories that I hold dearest to my heart are our special talks we would have. I'll never forget them. When we grow up we definitely have a story to tell our kids. We'll tell them of a friendship so strong that even at its weakest point it would not break. I love u Antoinette & cannot imagine my life w/o u in it. U are a beautiful, intelligent, athletic girl with the potential to do anything and everything. Never forget who Antoinette is. ~ u guys are more than friends to me, u are my sisters and u will forever and always be in my heart. "Happiness doesn't consist of the multitude of friends, but in the worth and choice" –Jonson. And I made the best choice ever. I love you guys. *Kristy* Jillian: all these years... so many memories. Remember the secret path? (Shh, don't tell). And the thorns... love dust? Creative lil kids weren't we? Haha. Wouldn't trade those memories for the world. Wish we could go back... but the future does happen, and unfortunately, we can't stay kids forever, no matter how hard we try. I love u girl... and I'll be here for u. Remember that okay? Good luck... don't forget me! Anna: hey shorty. God, seems like we've seen the worst of everything huh? From fights to fists, from tears to good-byes... but somehow, some way, we managed. Just want to say thanks for putting up with the little brat I tend to be... and for watching out for me and loving me, evening that way of yours that's so hard to see. Even if I never say it, I do love u & appreciate everything. Sometimes I wonder how mom had two such different kids... but I'm glad you're my sis. Be good okay? Kristy: talk about a story to be told... don't even know where to begin. Maybe I'd start with the childhood days (sorry bout the stitches... kwisty, I'm sewious!) haha. Only the bittersweetest of them all, right? Than maybe I'd describe a perfect friendship – full of laughter & tears, support & undeniable – unconditional – sisterly love. Perhaps, maybe, the tale would be of a bond so strong, & so irreplaceable, that even to its weakest point, there was still a hint of hope. The essences of life u have shown me could never transcend what I've learned from us... I love you Kristy, and you'll forever be in my heart. Best of luck... ~ Many people will walk in and out of your life, but only true friends leave footprints I your heart – love always, *Antoinette* 2: My Sisters, Well... what can I say? I've been through so much together. There have been many ups and downs, but we have always stuck together. I remember when I first moved in u all came over to meet me, & ever since then we've been the best of friends. Anna, u r always looking out 4 me, & r always there 4 me. I appreciate that so much and I'm glad you're one of my best friends. Kristy, we have shared everything. From stories to secrets to germs. When one of us gets sick the other one is bound to get it sooner or later. You've always been there for me, and I love u for that. Good luck and never forget me! Antoinette, ever since we were little it's always been Jillian & Antoinette. We had our secret routes, love dust, and all our other weird stuff we do when we're bored. Those were the days... but just remember I'll always be there for u! You'll always be my twin sis! I love u all so much! We'll always be best friends! Okay? Okay!!! (Even when we're little old ladies sitting around in rocking chairs reminiscing about the good ol' days?) Love you guys! BFF! Love always, *Jillian* *Antoinette: We've always had our bad and good times – but, that's what sisters do. Being your older sister – trying to guide u down the right path – being a good girl – just remember – I love u and will always be here for you. *Kristy: Well, what can I say? Since we were 3 years old we've always been & will be best friends & of course - my sister – remember – u r family & u know it. You've always been apart of our family. We have so much history – I won't even start talking about it. *Jillian: ... & u also know that we will always be sisters – you too, are apart of our family. Remember all the memories we have to cherish. ~ Look @ us Now and Then, we've changed so much – growing up so fast – I graduated, now it's u two – I'm proud of u guys. Then Tonat and that's the pack. Just remember whatever happens we will ALWAYS be sisters – nothing can change that! I love you all! ♥Love, *Anna Marie*

Chris Jeff Anthony Kristy Antoinette

La·tin La·dies (Lat'n Lad'es) n. crazy, sexy, fun; a group of Ladies with the ability to have fun and maintain a true friendship from the beginning to the end.....

M.R. "That's my homegirl." Yup. Never forget that one. But lets go shopping...never too many outfits. Well my career buddy I can't say how cool its been, always stay your sweet self and slow down cause you might hit a bump and spill it.
Y.A. "Put the phone on your butt...its a booty call...huh? Whats up Partner In Crime? We've had so many missions, though never impossible. Stay forever crazy. At least we know your break lights work...Cal-State Hayward. Hahaha! Well lady thanks for being pal. Greenojos and MissPIMP friends forever.
M.C. Hey girlee, its been a long road but you've still been hella cool but you know what...this is just the beginning. We better continue to KIT and kick it cause your hella cool. Maybe we'll come thru with a Roadtrip. Sometime soon. But for now I wish the best of luck with your man cause you deserve it. Take care.
Z.S. Hey chica you've been a true friend ever since I met you. from our 3mo. flings to bigger and better things! Thanks for always listening to me when I was stressing. But just remember I'm your right eye...do you see what I see? Continue to be the party animal that you are...cause we're just getting started!
C.V. I've shared so many memories with you and we've been through so much. So how many years has it been? Hella long but you know that I value our friendship cause it's real. From all the laughs(or in your case your giggles)to a shoulder to cry on. All the good times and the very few bad ones have made us stronger people. Thanks for all that you do. And remember the plans for the future K.
Well Ladies it's finally over and this is not a good-bye but a good luck to all...welcome to the real world. And remember when you reach for the moon you'll fall among the stars. C/O 2001 good luck and take care.

Love always Gaby

Yvette: Well Miss Powerpuff = and what power, when you back that thing up=. Im very glad that I got to know you better. You are a great friend and I hope our friendship continues forever and ever...I'll always be your friend. Love you lotz.
Mayra R: "That's my homegirl." Those days will never be forgotten. As long as there's unas bien frias or my best friend D Hunter, although me fallo' once and I kicked it by a bote, but it's alright. I'll just rub the Buddha and hope our friendship will be endless. Watch out for those drinks. Guera much luv.
Mayra C: Wassup ccchhhica! My guera ever since we started being friends it has been really nice. Your a great girl. Even though we don't kick it much, when we have its=careful cause we are coming through=Be happy with your man and KIT, you'll be missed if not. I won't rest hasta que me eche el guerito al plato, palabra. Si no que me saquen con la banda...J/K
Gabs: Damn Miss PIMP it has been quite a year...a little too much of everything...well Definitely "Back to the old ways." Thanks for being there siempre and listening to my problemas. I wont be sad because this is not the end but just the beginning. Don't change and you know I'll always be here. Love from the bottom of my cucharon.
Caro: Well baby girl one is never enough ain't it. Well we are looking forward to Disneyland. Thanks for being a great friend. Don't forget you always have my support and my understanding.
Mexican Prinsesas I love you all and I thank you for being my friends no matter what. And I hope it stays that way. Don't forget to put your cheve and girls before your men. And I'm out. Love Forever and Ever Zinnia

Mayra: Hey baby. We've had good times and bad ones. All the years we spent together have been great. Mexico was great, all the men you met, paid off all the fun I had. You have grown into a beautiful woman keep being who you are and never forget my brother Cuervo, he loves you! Thanx for being a friend and a sister. I love you too.
Gaby: Wassup chic. Destined to be amigas, from grandmas fence to your fence. Ha. You've been around me the most. From San Jose to Kentucky we be pimpn'. Your the loveliest person in the world. You know when and what to do at the right time. Never change for anybody except yourself. We must stick together till the end...love ya lots. Amigas siempre.
Mayra C: Hola muchacha. Well you've been great. Tu sabes whats up. Your my friend and my love. You and my cuz belong together. You will be all that you must. We have pretty memories, like the green lights with the boys, ya that will be in my head forever. Be the best friend that you can and stay happy. Te quiero mucho. Y ahi nos vemos.
Carolina: My precious princes. You are who I worry most. I love you soo much. we have to think of all the good times we had together, most in eighth grade. Only Gaby and us know the crazy dance we did at your house. Yup. I will be here whenever you need some one the most, don't forget that we're friends forever, forever,foreverever. Love ya girl!
Zinnia: Sup slick chic. We had some unforgettable times, miss trash can! You have completed the group by making it a specially effecting everyone of us. Your a great person. Become what you are headed for you have every ability. Be good to yourself and to others we have lots to come. Take care preciosa.
Even though this is our last year our memories last forever. Friendship is between trust and happiness, we have it all and more. I wish all the best and good luck on your future, where ever it may lead you. This is a good bye that last forever. Take care my ladies.

Your Craziest Chica Yvette Alvarez

Yvette: my only and true baby of all these years of being together. I thank you baby for being there when i most needed a friend to talk to and to rely on when i was really down and i had no one to go talk to and that's when i realized a rose was blooming in our friendship. I knew you and i would always pull it through no matter what. All the fun times we had in Mexico which are unforgettable. Baby don't ever forget our reunions with our crime partner Mr. Cazadorez and Ms. Modelo which are a must to get the party on... One last thing....."If you have a big oh bootty say yeah!!!"
Caro: "Ms. Princess at your service my highness" Thanks for always listening and understanding me all the time even though we didn't kick it often, the times that we did will never be forgotten=cuz you know they were of tha hook=I haven't forgotten of our trip to Disneyland, don't worry we'll come trough. A princess belongs in a castle.
Mayra C: ms. sporty always to be my tocaya and my cazadorez. I wish you the best in your future because i know that you will be succesful in life. Te deseo que seas muy feliz con tu hombre porque te lo mereces. No olvides que siempre tendras una amiga que te haga el paro and stay true.
Zinnia: Ms. sebductive women this couple months that we've known eoach other have been as if i have known you forever. KIT and don't forget me because we need to sebduct all those San Hoe men out there and show them a real latina mujer que vale por lo que es. Don't forget you'll always have a friend. Get your books ready cuz we're heading to college.
Gaby: "hoy tu quesque eres Miss. Pimp?" Well my friend we came across all the obstacles in our lives to become independent latin women. Keep the men with kids out cuz we don't need no extra baggage, they lost the best that ever happened to them. Keep it real because you know where we're heading. Socia don't forget that our next mission is to show the world what a real latin millionaire chica is about and how two can rule the world.

First of all I'd like to thank the five of you for in one way or another being my lil angels. Through all the drama you guys were always there. And I'll always be here for you guys. I couldn't asked for any better friends. I <3 you all. It's a Tiggerrific world so smile and pass on the happiness for me. Our lives are just getting started, our mission is just beginning. Thank God always, cause I thank him for my five little angels. I <3 you guys, for all eternity. *SMILE*. Strive for only the best and be a believer, ok I am.

I Love You, Caro

Yvette, your the best friend guera. Te quiero mucho and I treasure our friendship. **Caro**, I'm here for you por siempre, just like I know you'll always be there for me. Amigas 4ever! **Mayra**, mi tocalla, thanx for all the fun times and for caring and the advice. Much love girl! **Gaby**, tambien gracias for the advice y por todo. I wished we would have been closer, pero no importa, amigas girl! **Zinnia**, from the beginning it was just faun and chismes. I'm glad we're amigas chica and don't change! Que Dios las bendiga and I wish you all nothing but the best!

Thanks an awesome four years, guys. A fun and exciting four years packed with memories and unforgetable stories. Its been an wild ride and I loved every second of it. Each of you have touched my life in a different and special way which I undoubtably will remember forever. Words can't describe what you guys mean to me...THANK YOU!!!-Matt S.

Thank u 4 being a part in my world. U don't know the impact everyone of u has made upon my life, I will be eternally grateful 4 all u have done. We spent our days together, we beautifully molded into one. I will look upon my high school years, only to remember what I really came back to Kennedy for, my true friends. I would have never survived without U. I can never repay u all back, but always remember how much I love U!? - Mel

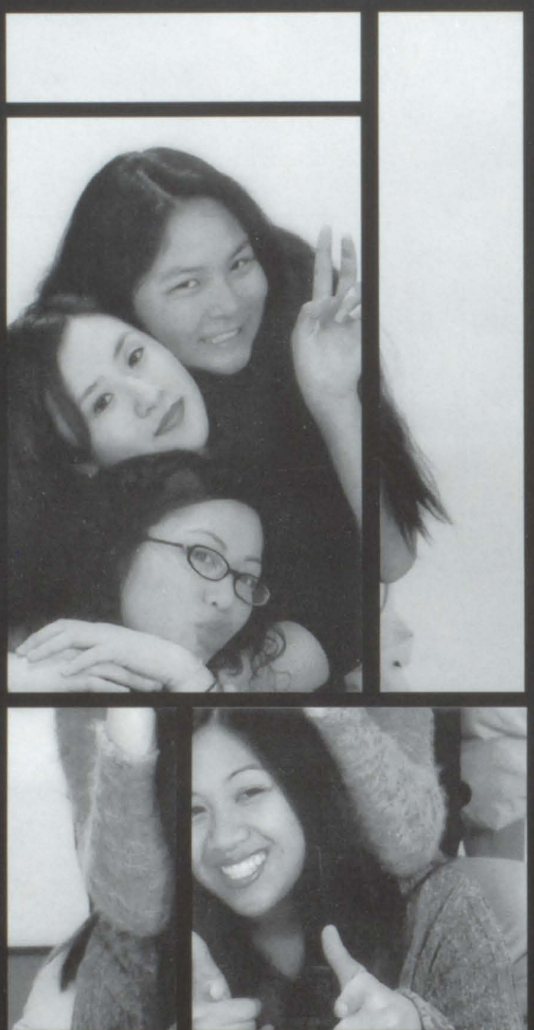
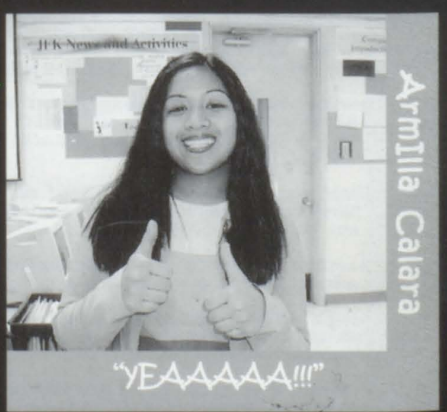
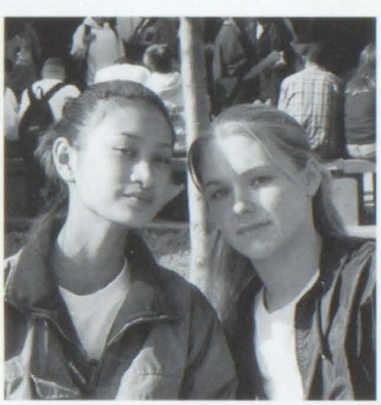
I've noticed your hostility towards them... guessed you were friends... I ought to have..





Britney Spears vs Christina Aguilera



ok... for all the "haters"... that dont like britney or christina...you guys ..... as for us... after long discussions we are on common ground... britney is cool, and cute but she doesnt have the greatest voice... christina however has a voice! and britney is nice.. & christina is a bad word that Mrs. Clark won't let us say. but thank u to all who supported either one of us on our many debates!

- tin & jeanette

When I think of what I've been through, I can see that you've always been there for me, to tell the truth; don't know what I'd do without you, half of my dreams would not come true. It was you who showed me I got a friend in you. I always knew that you'd be right there for me. And it was you who stood with me when the skys were blue. And it was you who stood by my side, It was you. Since the day you came in my life, I knew then that you'd be someone right by my side. Then you proved you're a friend to me, with my heart forever you will always be. It was you who was always right by my side. When I just couldn't do it; you helped me through it. We're friends forever, like best friends should be. You'll always be a special part of me.

Your senior year is over but our friendship hopefully never will be - maybe that's why it's so hard to accpet that you're all leaving the high school world forever. I don't know how we'll survive next year without your presence. We've made so many memories, my only regret is that we won't have more time together. You guys will forever hold a special place in my ♥. JFK will never be the same again. No more free edumacation, huh? Thanx for all the love & support. Congrats & good luck in the future. "Stay true to yourself." Much ♥ to you all. "JBSC!" "All Toes!" ::Quote, Unquote:: 3 letters to live by - K.I.T.!!!

Hello everybody! Thanks for always giving me rides and never forgetting me when we grew apart over these last couple of years. I hope you guys know that I was always there for you and will always be there for you! Even though I had sports to occupy my time, you guys were there when ever I had free time. Where ever we went or what ever we did we always had fun because we never let one another be sad. Those are the kind of memories I will never forget for years to come. Remember, whenever it seems llike we are far apart, we are always together by heart.

Ahoy! Y'all have been soopr friends..MC: 143! I find myself looking back at who I once was...you might say that I was merely a minute scrap of humanity. But was then accepted by people who later on became my friends, my role models, and my significant other. and they were the reason for my inevitable metamorphosis, that allowed me to grow to what I've always wanted to become...a small reflection of each and everyone of them. So I will grieve. For this abrupt seperation from the most influential people in my life...I'll miss you.

It's surprising to look back to the time when it seemed as if we had little in common. Not once did it cross my mind that you would play such a significant role in my life. Yet in these past several years, you have shown me otherwise. Many of my lasting memories have been formed in the moments that I've spent with ya. I have grown close to those whom I rarely associated with, and I've found a love with someone I nver knew before. Thank you.

Hey all...just wan 2 say this isn't good-bye but see you later aligator! K!! I♥U all! Rea: Double dates. Ed: ♥, hate relationships. Matt: Encouragement? No more SAT's. Drew: ♥the glasses! Simpsons. to the next level

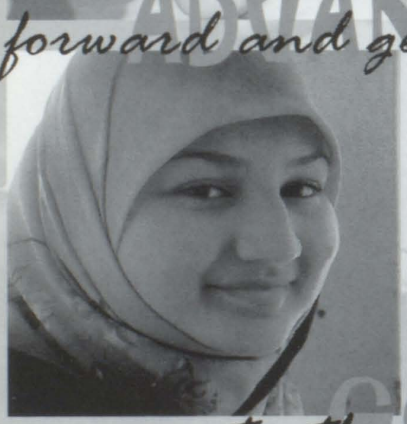
as much wisdom as possible

forward and get your dreams



to the extremes

The Legend almost became lost this time last year, but with the strength of the community and Titans past and present, we persevered. We opened new doors and gained new respect from those who thought it couldn't be done. *Collect 2001-Advance to Go* is what JFK has done. We have advanced to a higher level, earning the respect by our neighbor schools as the technology-savvy multimedia magnet of the district.

High school life was a game that was constantly changing its rules. Each new group of players had to adjust their strategies to win in the end. However, we Titans always planned our strategies wisely and were victorious at the end of each game. Our mighty game board has roughed it through and through yet, we continued to update our game plan. The halls and quad that once flourished with Titans was emptied as we waited to re-convene and play again. The Legend looked forward to capture each exciting moment of the game and saw how the new plan catered to the next millennium as we watched our fellow Titans...
